Please Note:

If a person has given two or more contributions to a campaign they will be listed below two or more times. The following is a list of 'Contributions', as opposed to 'Contributors'. The contributions are listed by reported aggregate, largest to smallest. Thus, if a campaign has correctly calculated the aggregate then a contributor's first listing below should display their total (aggregate) contributions to the campaign.

Contributions to Neighbors For Libraries (YES)

Please Note: Aggregate contribution amounts are not correct and the list will not be properly ordered.
