Excellent Open House. Great location!!, for new precinct

Build an attractive building with appropriate beautiful artwork

Community room w PA system

important

Smaller comment room for P Patchen (N143rd)

(No room for evening meetings at B. library -)

Large enough for (2 precincts + future needs)

Meet all offices & staff & police needs

If anyone suggests apartments - too many here already - need artist lofts - noise & air pollution concern

Everyone impressive!! Good people working on this project!

Thanks!
