CONSTRUCTION NOTICE

November 9, 2015

Construction on 19th Ave at E Union St begins late November or early December

Crews working for the Seattle Department of Transportation (SDOT) will begin constructing a safety improvement project at the intersection of 19th Ave and E Union St and at the E Pike St Stairs in mid- to late-November. We expect construction will last approximately 6 weeks, depending on the weather.

Crews will temporarily close 19th Ave on the north side of the E Union St intersection and the E Pike St Stairs while they improve sidewalks in this area. Local access will be maintained at all times. Please follow the posted detours and directions from flaggers.

See map on back for traffic impacts.

WHAT TO EXPECT DURING CONSTRUCTION

- Intermittent parking and lane restrictions on E Union St. A flagger will maintain two-way traffic.
- Temporary closure of 19th Ave on north side of E Union St intersection.
- Local access will be maintained at all times.
- Temporary closure of E Pike St Stairs.
- Pedestrians will be detoured around the work zones.
- Temporary closure of bike lanes on E Union St at 19th Ave. People riding bikes will be directed to merge with vehicle traffic.
- Noise, dust, and vibration.
- Weekday work hours, 7 AM to 5 PM.

El equipo del Seattle Department of Transportation iniciará construccion para mejorar la seguridad de los peatones sobre las calles 19th Ave y E Union, a finales de Noviembre o principios de Diciembre. Se espera que este proyecto dure seis semanas, dependiendo del clima.

La construccion afectará a las personas que conducen, caminan o andan en bicicleta por esta zona:

- Habrá una restricción temporal de estacionamiento y carriles de tránsito en 19th Ave y E Union.
- 19th Ave estará cerrada temporalmente en la calle E Union.
- Las escaleras de E Pike estarán cerradas temporalmente.
- Habrá desviaciones alrededor de las obras: ¡por favor haga caso a las señales de "Desviación"!

El proyecto tiene como fin añadir mejoras a la seguridad de los peatones en esta intersección, lo cual incluirá extensiones en la guarnición de las aceras que reducirán la distancia de los cruces peatonales y ayudarán a los conductores a ver a las personas que esperan para cruzar la calle.

Si tiene dudas o inquietudes, comuníquese con el equipo de obras a la dirección NSF@seattle.gov o llame al teléfono 206-733-9361.

Outreach during construction

We will post "No Parking" signs and notify property owners and residents of construction impacts. If you would like to receive updates via email, please sign up on the project website, below. If you have questions or concerns, please contact the construction outreach team at NSF@seattle.gov or 206-733-9361.
