CONTENTS

CHAPTER 1: INTRODUCTION **1**
Why Walkability and Accessibility Matter 1
Plan Purpose 2
Who Does the PMP Serve? 3
Community Engagement 5
Plan Organization 8

CHAPTER 2: POLICY FRAMEWORK **9**
Plan Vision, Goals, and Objectives 9
Planning Context 13

CHAPTER 3: MEASURING PROGRESS **21**
Constructing Pedestrian Improvements in Seattle 21
SDOT Activities Guided by the PMP 23
Other Programs and Activities Providing Pedestrian Improvements 29
How has the PMP Guided Pedestrian Improvements? 30
Plan Performance 38

CHAPTER 4: PRIORITIZING PEDESTRIAN IMPROVEMENTS **41**
Prioritization Framework 41
Network Development: the Priority Investment Network 43
Opportunities for Pedestrian Improvements 52
Further Prioritizing Pedestrian Opportunities 58

CHAPTER 5: IMPLEMENTING STRATEGIES AND ACTIONS **65**
Along-the-Roadway Strategies and Actions 70
Crossing-the-Roadway Strategies and Actions 81
Network-wide Strategies and Actions 92
Education, Encouragement, and Enforcement Strategies and Actions 94
Pedestrian Quality and Comfort Strategies and Actions 97

CHAPTER 6: PLAN IMPLEMENTATION **103**
Planning-Level Cost Estimates 104
Funding the Plan 108
Plan Performance Measures 113

LIST OF FIGURES

Figure 2-2: Declining Traffic Fatalities on Seattle Streets..... 17
Figure 2-3: High Vehicle Speeds Increase Likelihood of Pedestrian Injury..... 17
Figure 3-1: Programs and Activities that Provide Pedestrian Improvements 22
Figure 3-2: New Sidewalk Construction, 2009-2015 22
Figure 3-3: Crossing Improvements, 2009-2015 22
Figure 3-4: "High Priority Areas," per the 2009 PMP..... 24
Figure 3-5: Programs and Policy Changes Made Since PMP Adoption..... 33
Figure 4-1: Prioritization Framework 42
Figure 4-2: Priority Investment Network, Northwest Sector..... 46
Figure 4-3: Priority Investment Network, Northeast Sector 47
Figure 4-4: Priority Investment Network, West Sector..... 48
Figure 4-5: Priority Investment Network, East Sector..... 49
Figure 4-6: Priority Investment Network, Southwest Sector..... 50
Figure 4-7: Priority Investment Network, Southeast Sector 51
Figure 4-8: Number of Vehicle Lanes at PIN Arterial Intersections..... 55
Figure 4-9: Distance to Nearest Controlled Crossing Opportunity on PIN Arterial Streets..... 57
Figure 4-10: Arterial Safety Analysis..... 61
Figure 4-11: Equity and Health Analysis 63
Figure 6-1: Neighborhood Greenway Network ...111

LIST OF TABLES

Table 1-1: PMP Community Events and Briefings ... 7
Table 3-1: SDOT Pedestrian Improvements Located in PMP High Priority Areas, 2009-2015..... 30
Table 3-2: PMP Performance Measures Evaluation, 2008-2015 39
Table 4-1: Walkshed Distances..... 44
Table 4-2: Blockfaces with Missing Sidewalks... 52
Table 5-1: Implementing Strategies and Actions 66-69
Table 6-1: Along the Roadway Opportunities for Arterial Streets.....105
Table 6-2: Along the Roadway Opportunities for Non-arterial Streets.....106
Table 6-3: Cost Estimates for Various Types of Crossing the Roadway Improvements.....107
Table 6-4: 9-year Levy Funding for Pedestrian Related Programs 109
Table 6-5: 9-year Levy Funding for Pedestrian-Related Maintenance Activities 110
Table 6-6: 9-year Levy Funding for Capital Projects Supporting/Implementing the PMP.....110
Table 6-7: 2016 PMP Performance Measures ...114

APPENDICES

1. Public Involvement Plan
2. Public Survey Report
3. Evaluation of the 2009 PMP Performance Measures
4. 2014 Knowledge, Attitudes and Behaviors Survey Responses
5. 2009 PMP Prioritization Methodology
6. Prioritization Best Practices
7. 2016 Prioritization Methodology
8. 2009 PMP Pedestrian "Toolbox"
9. Pedestrian "Toolbox" Best Practices
