SCHOOL AGE CARE

Before and After School Programs offer child-friendly care that is convenient for working parents of K to 5th graders. Along with summer camps, we have school age care needs.

One of the most affordable child care options in West Seattle, High Point CC is fully licensed by DSHS, which means the highest quality time away from school or home for your child. The staff members work hard to provide opportunities for choice and self-direction while encouraging each child's creativity and uniqueness.

Program fees are spread evenly through the entire 10 months (178 days) of the school year. There are additional fees for non-school days and weeklong breaks. The program staff provides a morning and afternoon snack.

Scholarships of up to 90% are available for qualifying families and we accept DSHS child care funds.

INSTRUCTORS WANTED: Do you have a special talent or interest that you would like to share with others? We're always looking for new class ideas. Call 206-684-7422.

SEATTLE PARKS AND RECREATION VISION:

We create community through people, parks, and programs.

SEATTLE PARKS AND RECREATION AND ARC WORKING TOGETHER FOR YOU!

One of Seattle Parks and Recreation's strongest and most important partners is the Associated Recreation Council (ARC). ARC is an independent nonprofit organization dedicated to supporting recreation in Seattle by providing programs and services to our community and advising Parks on programs, services, facilities, and operations.

ADVISORY COUNCIL INFORMATION

Each advisory council is made up of citizen volunteers appointed by the Parks and Recreation Superintendent and, working with Parks staff, makes recommendations on the types of programs and activities that will be offered at a given community center or for a given population.

ARC provides fiscal accountability, support to the advisory councils, community-focused leadership, education, and policy direction.

You too can make a difference by joining High Point's Advisory Council at one of its monthly meetings.
