Boylston Ave E & E Thomas

Categories entered: Car Stoppin' Gorgeous & Best Habitat in the Round
Volunteers: Lise Leistner Years: 18
Year Built: 1985 Size: 16'

Description: Originally my circle was designed to correspond with a professionally landscaped one down the street. Lise Leistner has planted and cared for this circle since 1985. (She is 71 years old). There are three Photinia trees pruned in the round with the sign completely visible from all sides. Around the circle is planted a ring of boxwood. She used to plant a circle of marigolds around the boxwood, but they were vandalized and so she no longer plants those.
