Mercer Corridor Urban Design

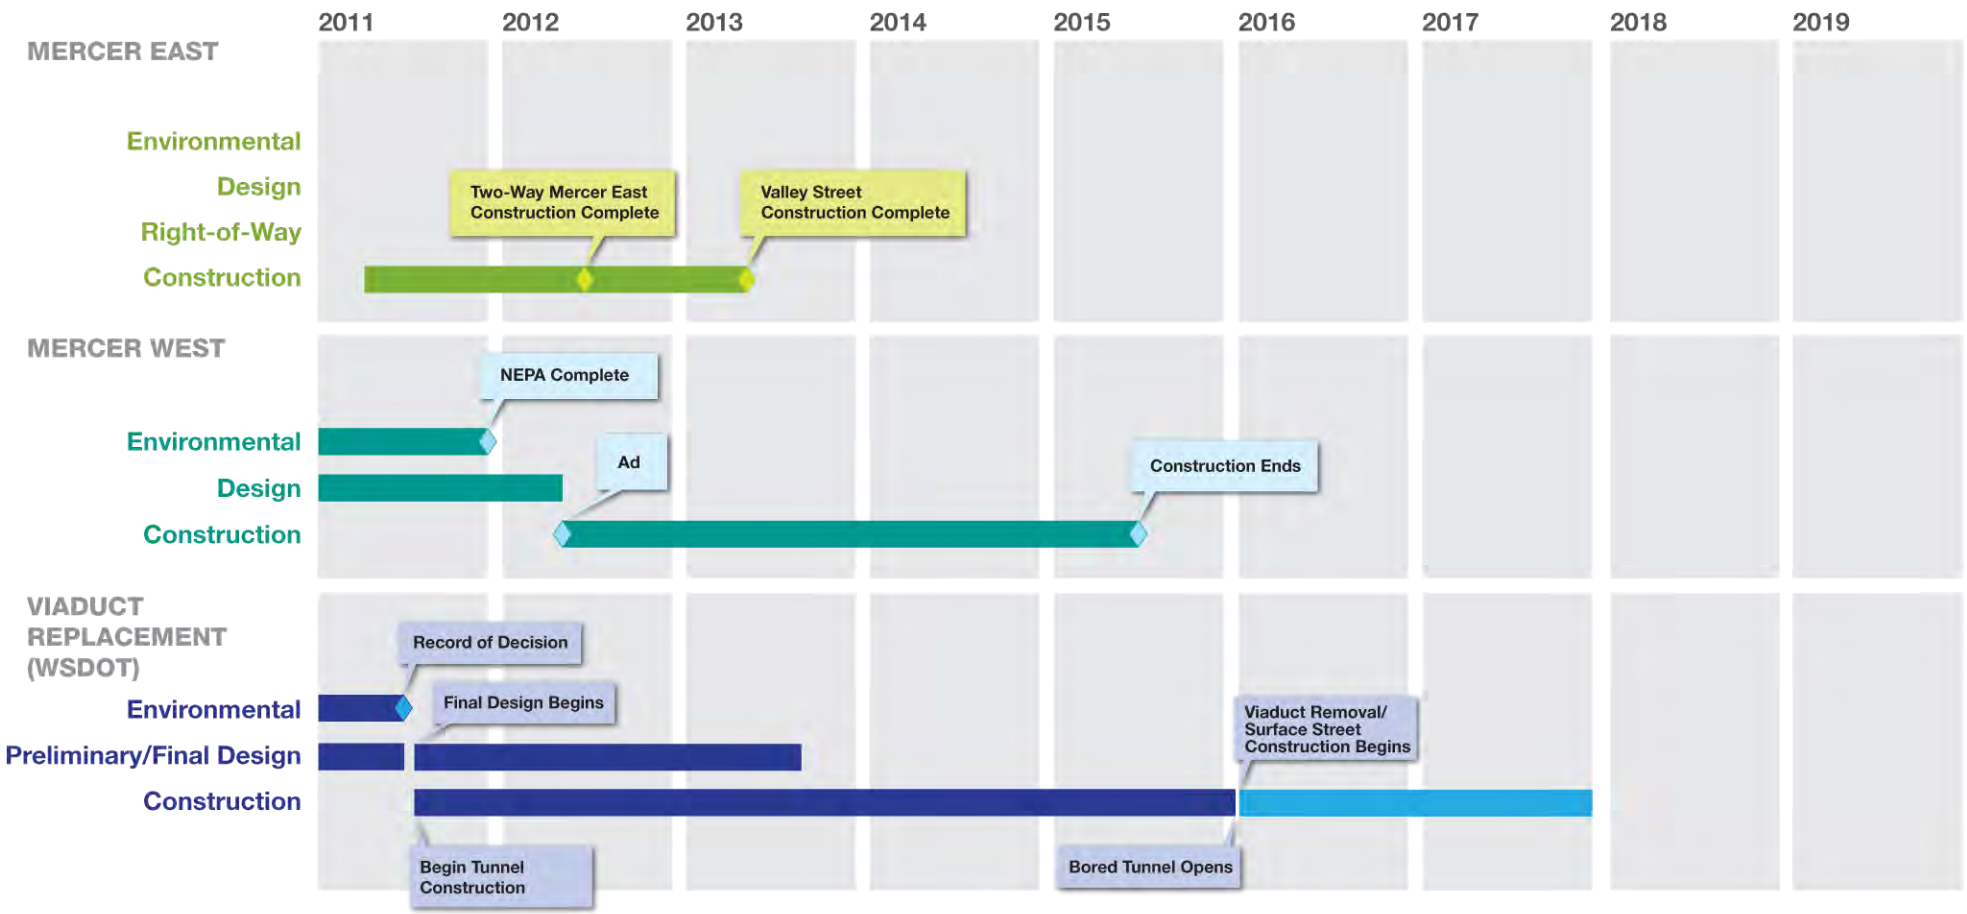
Neighborhood Identity

Implementation for Urban Design Concepts for the Mercer Street Corridor:

The **Underpass Project** will incorporate concepts into Design and Construction

The **Two Way Conversion** segment concepts will be incorporated with future projects and private development

The entire Mercer Schedule



MERCER WEST

- **2015 Base: Projection with existing viaduct and no-build for Mercer West**
- **2015 Project: Bored Tunnel, including Mercer Street underpass, but without two-way conversion**
- **2015 Program: Bored Tunnel, plus Alaskan Way improvements, Elliott/Western connector and two-way conversion**
