

Key characteristics of this concept

- This concept maximizes flexibility with a **Large Open Lawn** space and **Multi-Sport Court**.
- Hardscape in the form of a **Linear Promenade** along California Avenue doubles as event staging space and space for **Interactive Equipment**.
- The existing park is integrated as the backdrop for an **Event Stage** facing a bowl in the lawn.

Event Stage 2

Multi-Sport Court 3

Interactive Equipment 4

Open Woodland Plantings 5

Large Open Lawn 6

Key characteristics of this concept

- This concept **Maximizes the View** of the Olympic Mountains from a **View Platform** atop an iconic landform.
- An **Iconic Landform, Play Area, and Off-Leash Dog Area** activate the heart of the park.
- A **Pedestrian Boulevard** runs through the heart of the activity, doubling as a staging zone for events.
- The existing park is altered very little in this concept

Off-Leash Dog Area 2

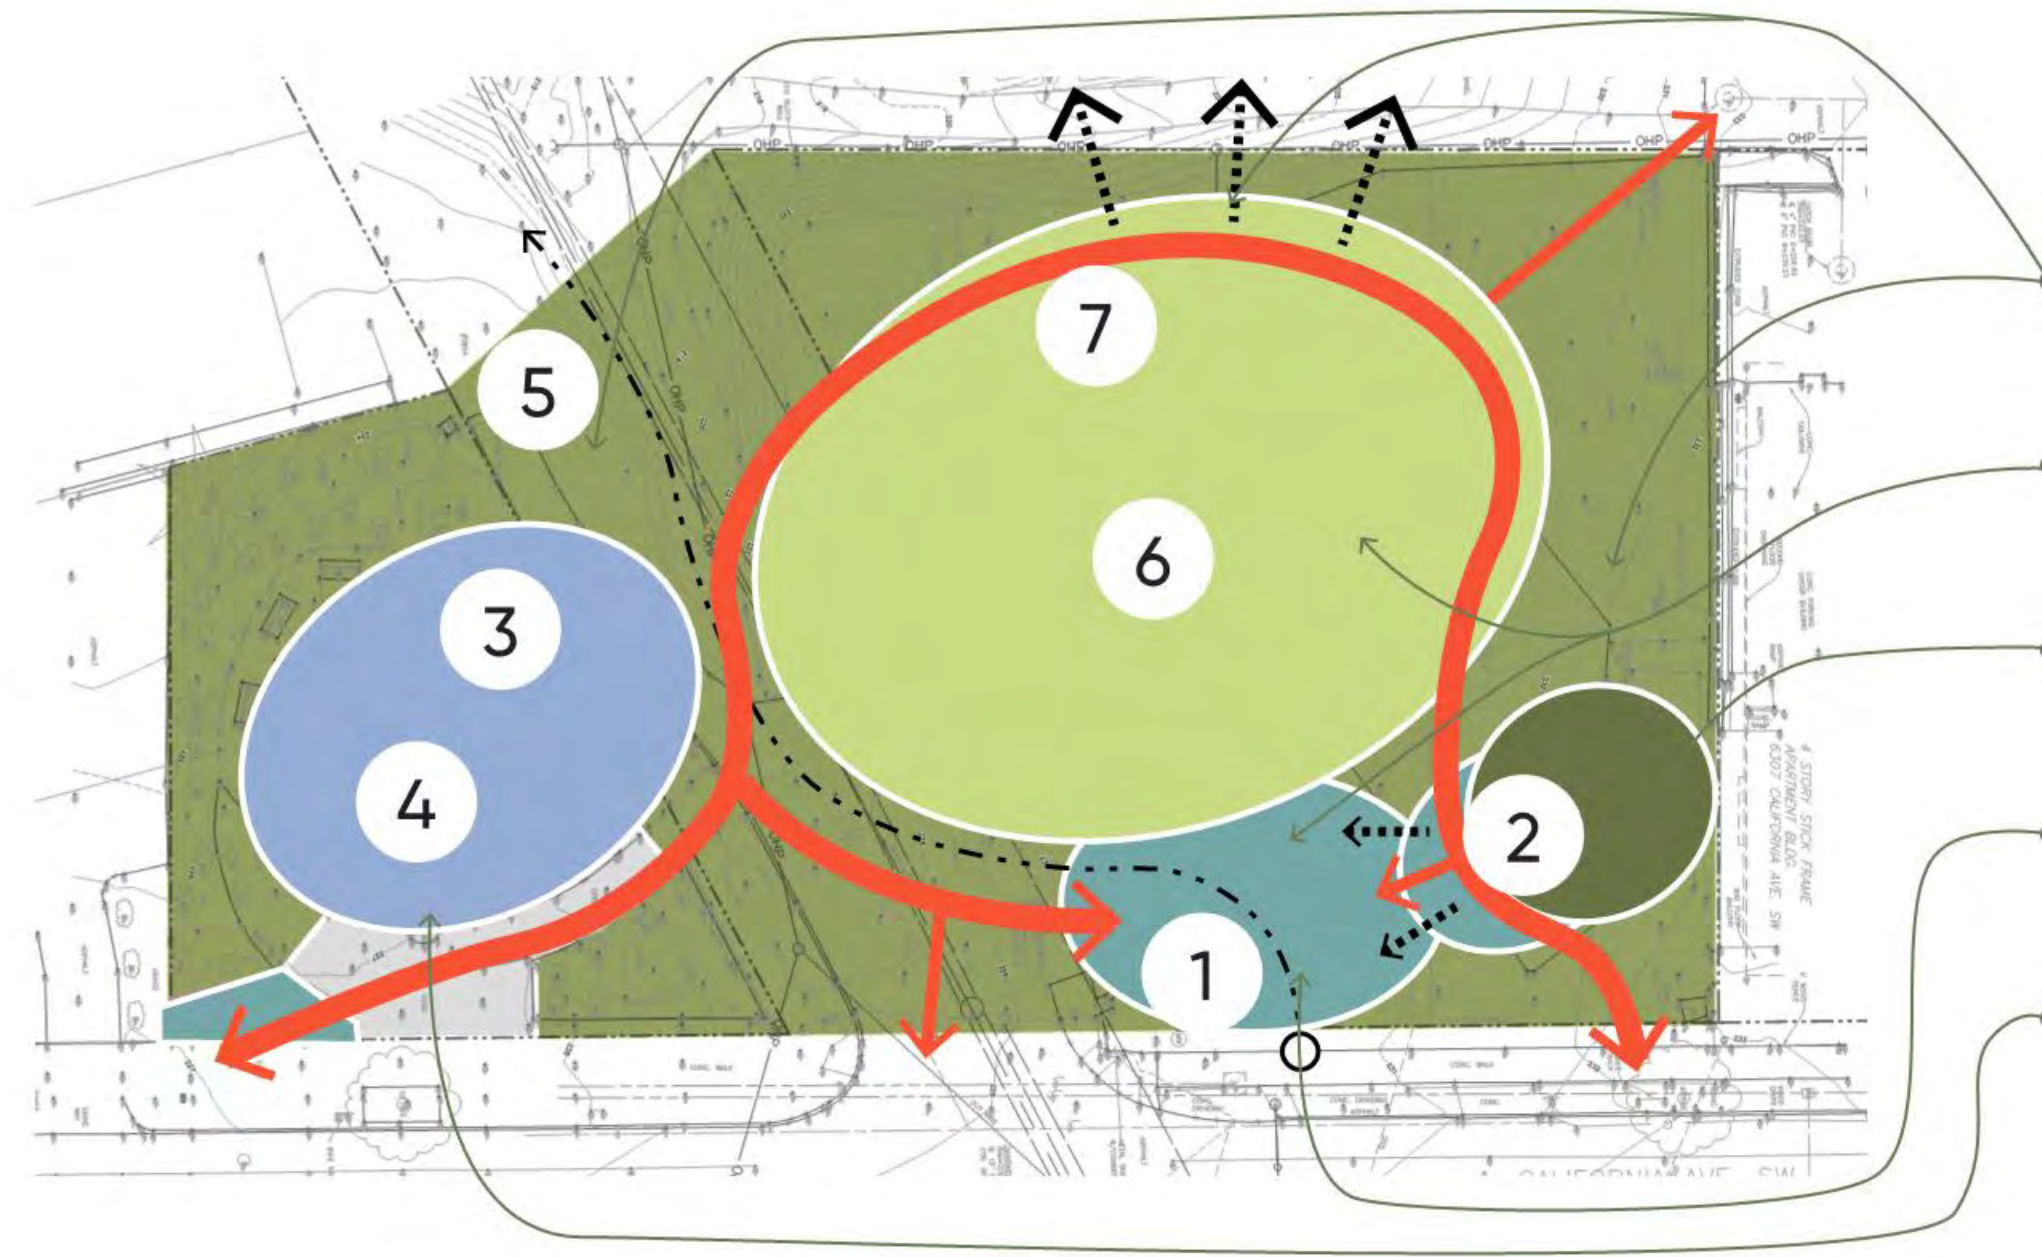

Landform Play 3

Sculptural Equipment 4

Simplified Plantings 5

Iconic Landform 6

View Platform 7

Key characteristics of this concept

- **Three Hills** create separate zones connected by a **Loop Path** with **Olympic Mountains Views**.
- The largest hill is a **Sitting Lawn** and backdrop for the main plaza.
- A large specimen tree becomes the backdrop to an informal **Stage** at the north end of the main plaza.
- The **Main Plaza** design references Eddy Street Ravine and is sized for use as an **Event Space**.
- The existing park is rebuilt into a **Play Area** with a mix of equipment and **Natural Play** (terrain, boulders, logs).
