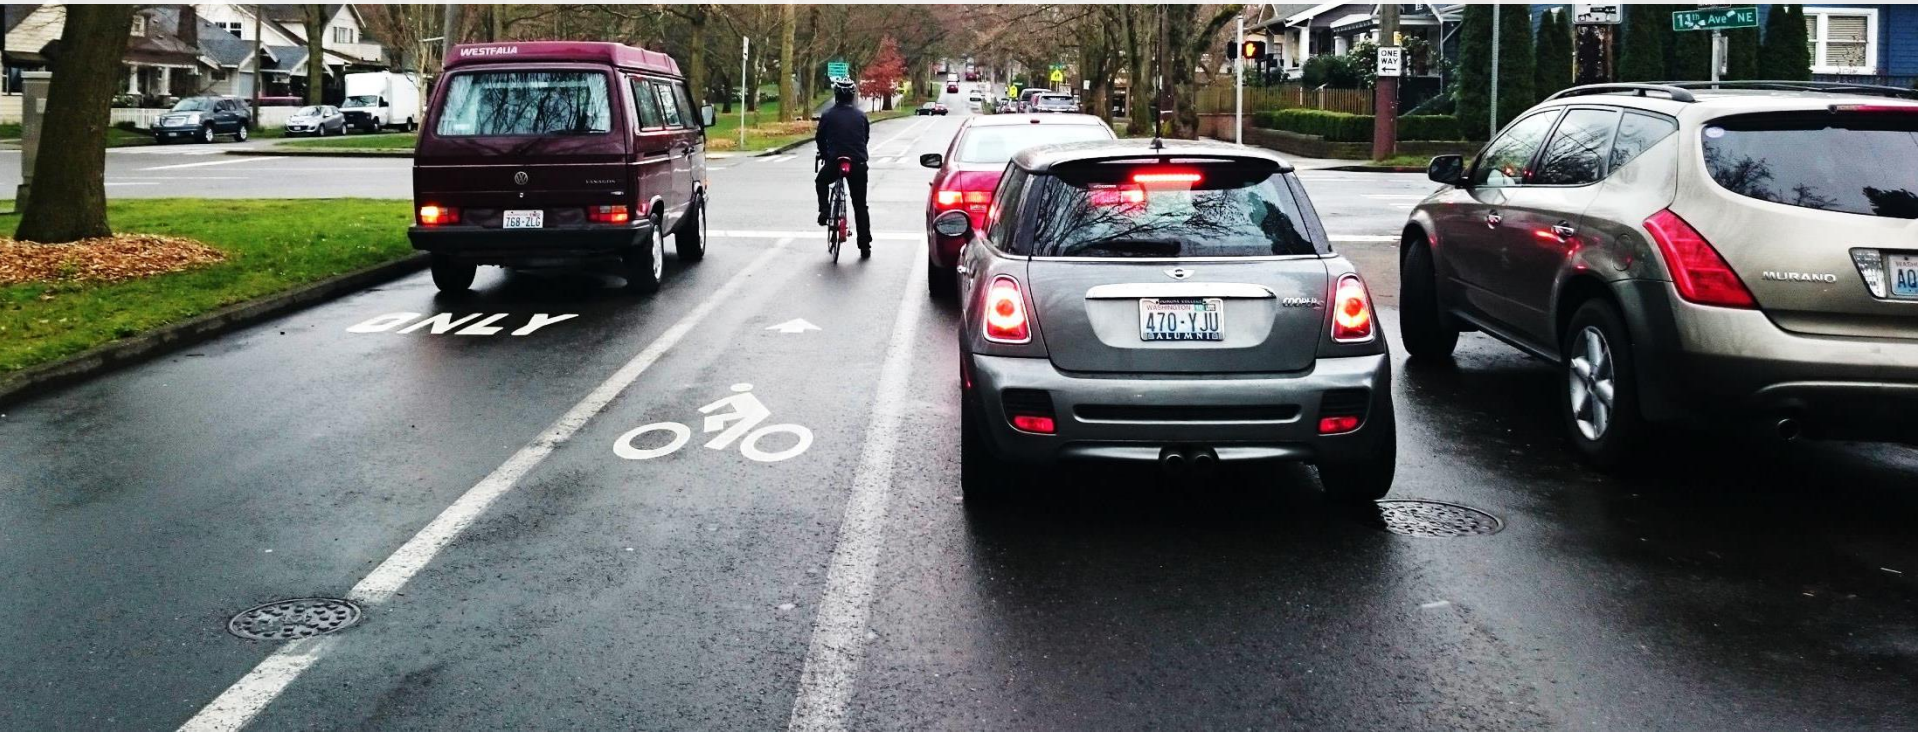
NE Ravenna Blvd Protected Bike Lane Project



Open House

Emily Ehlers

April 7, 2015

SDOT
Seattle Department of Transportation

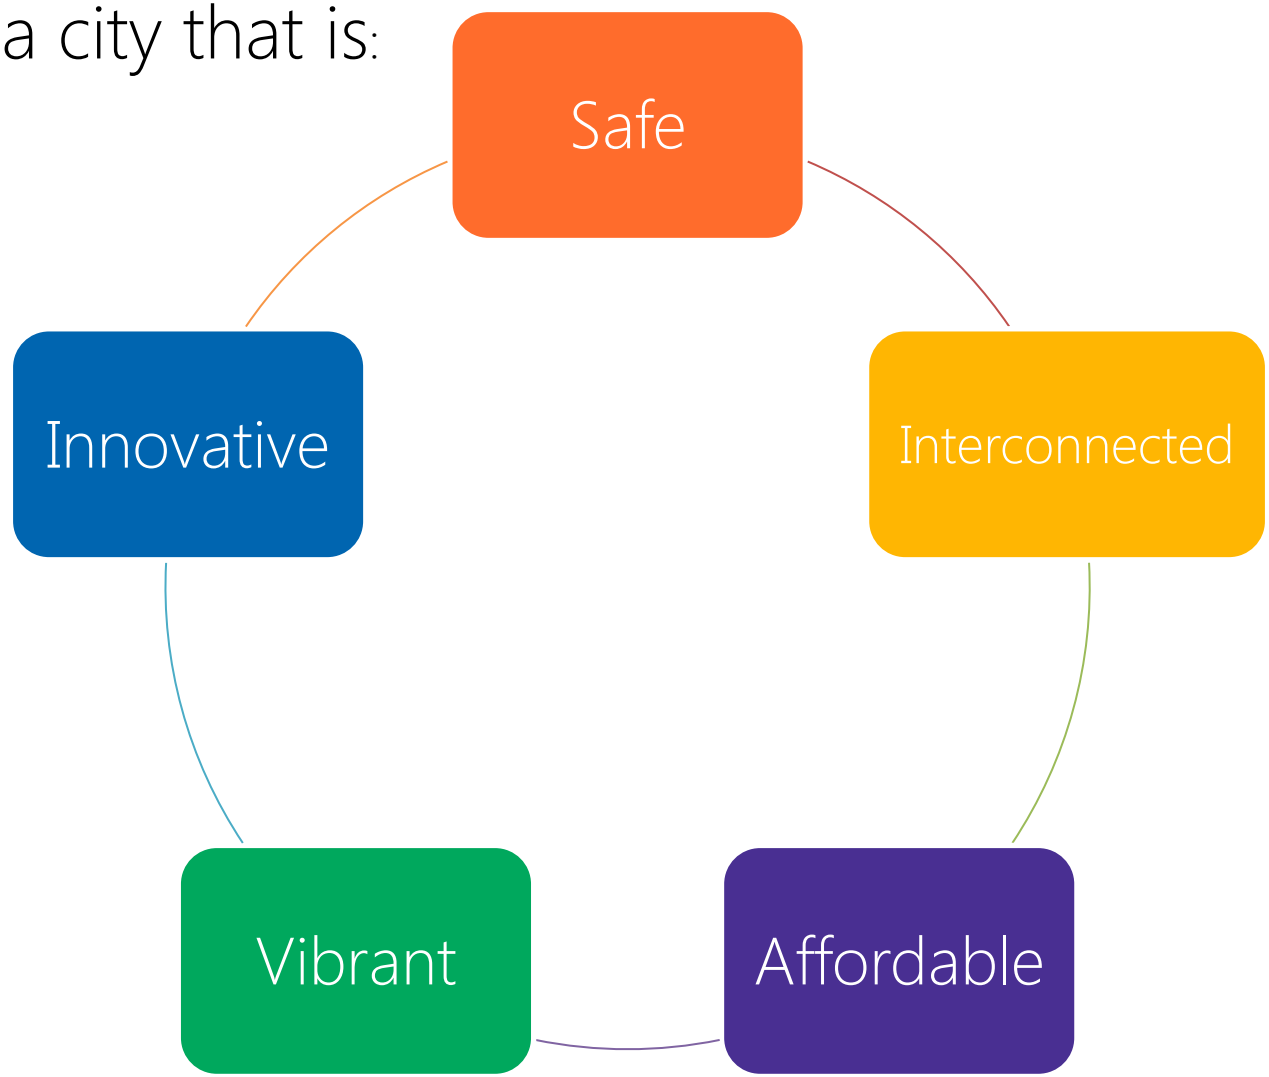
SDOT's mission & vision

Mission: delivering a high-quality transportation system for Seattle

Vision: connected people, places, and products

SDOT's 5 core values

Create a city that is:



Agenda

- City's safety vision
- Bicycle Master Plan
- Traffic data
- Proposed improvements
- Project schedule

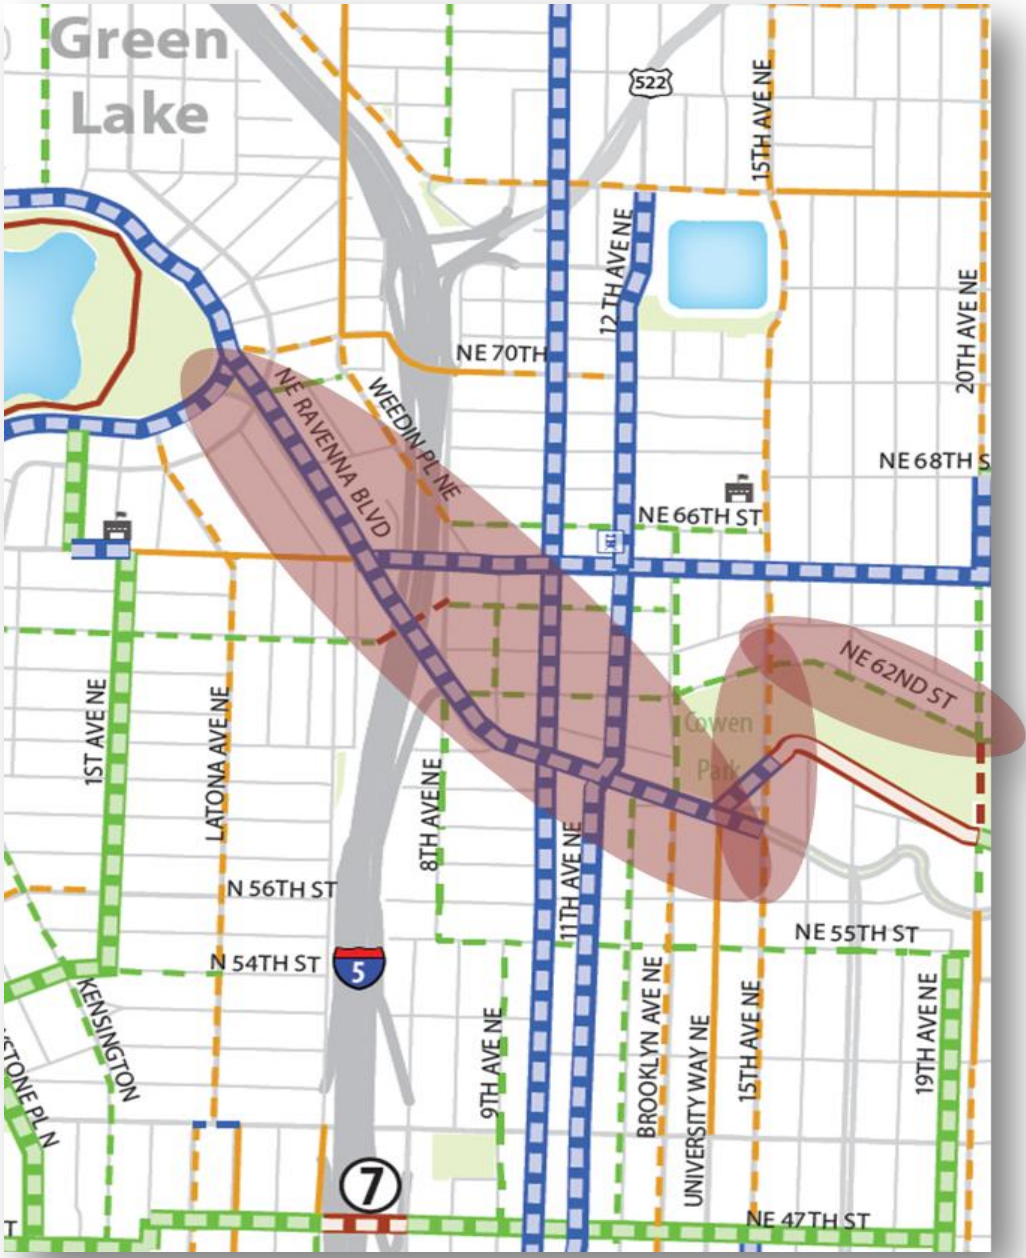
Vision Zero

Zero traffic fatalities
or serious injures by 2030

www.seattle.gov/visionzero

Seattle's bicycle vision

Create a citywide network making riding a bike a comfortable part of daily life for people of all ages and abilities



Recommendations from Seattle's Bicycle Master Plan

Protected bike lanes

Roosevelt Way NE between University Bridge and NE 45th St

Physically separate from moving vehicles and distinct from pedestrian walkways
