SW ROXBURY ST PAVING PROJECT

We're scheduled to pave SW Roxbury St as early as 2019, pending funding availability. To be ready for the project, should funding become available, we are seeking feedback on current street operations.

Paving projects create opportunities to improve street safety and move people and goods more efficiently in a growing Seattle.

Each year, we pave arterial streets in poor condition to make them safer, smoother, and to extend their useful life. Keeping our transportation system in a state of good repair helps lower the cost of future maintenance.

LEARN MORE & TELL US WHAT YOU THINK

Now is the time to get involved. Attend the open house or visit our website to learn more about the project and take our online survey through June 9.
