The purpose of this presentation is to describe the enhancements to the public realm proposed for Block 21 in exchange for the City granting an alley vacation of 5,760 sf. Pages 3 through 14 provide a project & landscape overview, and pages 15 through 43 identify public realm improvements.

This presentation directly addresses the Commission's recommendations following the Design Commission Meeting on March 5th, 2015. The following text is from the meeting minutes:

With a vote of 6 to 2, the Design Commission approved the urban design merit of the petition to vacate the alley in block bounded by Bell St, 7th Ave, Blanchard St, and 8th Ave with the following condition:

1. Prior to a review of public benefit, the petitioner shall return for a detailed examination of the characteristics of the public realm on 8th Ave, Bell St, and Blanchard St, independent of any public benefit discussion.

The commission made the following recommendations to guide the design of the public realm:

1. Continue to develop all edges of the site within the public realm with an eye to creating a usable and inviting experience for pedestrians. The diagonal connection through the site & towards Denny Park is an improvement to the urban fabric provided it does not come at the detriment of the street-facing edges of the project.
2. Given their Green Street designation, look particularly closely at the pedestrian experience on Bell and Blanchard Streets, grade challenges notwithstanding. Examine how transparency requirements create opportunities to engage pedestrians on these streets.
3. More clearly define the quality & vocabulary of the public spaces created, especially at the corner of 8th Ave & Bell St. The Commission struggled to understand its relationship to the public and private portions of the site. Continue to include ADA accessibility as part of the solution to the grade change.
4. Given the grade change from north to south, ensure that sightlines make it obvious to a pedestrian that the diagonal through-block connection is a continuous & publicly accessible connection through the site.

PLANTING

Street Trees

- Ulmus propinqua ‘SF-Bieberich’
- Cercidiphyllum japonicum
- Ulmus ‘Morton’ Accolade
- Stewartia pseudocamillia
- Carpinus caroliniana

Sun

- Quercus sadleriana
- Eriogonum nudum
- Quercus kelloggii
- Calochortus tolmiei

Part Shade

- Kalmiopsis leachiana
- Menziesia ferruginea
- Rhododendron occidentale
- Darmera peltata

Shade

- Cardamine californica
- Thalictrum occidentale
- Erythronium oregonum
- Asarum marmoratum
- Woodwardia fimbriata

Public Realm
Block 21

Seattle Design Commission
PUBLIC BENEFIT:
1. 7th Ave Cycle Track (5,740 SF)

- Elevated Cycle Track
- Double Allee of Elm Trees
- Bus Stop
- Plaza
- Customizable Storefronts & Canopies
- Retail Seating
- Curb Bulb / R.O.W. Improvements

IMAGE CREDIT: RUFUS 2.0, NBBJ
2. The 7th Avenue Plaza is proposed as a FAR Bonus Amenity Feature and not eligible for Public Benefit.
Linear Feet of Frontage: 1629'
Linear Feet of Driveways: 264' (16% of frontage)
PUBLIC BENEFIT:
3. 8th AVE ROW IMPROVEMENTS (1,270 SF)
**CONFLICT AREAS**

1. Outbound cars must cross path of inbound trucks and merge with outbound trucks
2. Stacked cars at exit queue prevent trucks from exiting loading facility
3. Exiting trucks must queue at sidewalk and curb apron prior to merging with traffic to avoid blocking exiting cars
PUBLIC BENEFIT:

5. GREEN ST. SETBACK (2,790 SF)
6. R.O.W. IMPROVEMENT (530 SF)
PUBLIC BENEFIT:
5. GREEN ST. SETBACK (2,570 SF)
6. R.O.W. IMPROVEMENT (965 SF)
