LIGHTING TO GO

Get instant discounts on qualified LED products! The Lighting to Go program offers instant discounts on qualified commercial LED products to help your business enjoy energy savings and high-quality lighting for years to come.

How It Works

Seattle City Light will provide incentive funding to support instant discounts on qualified lighting products at participating distributors. To qualify, products must be installed within the Seattle City Light service territory.

Benefits

The Lighting to Go program:

- Reduces upfront project costs
- Makes it easier and faster for customers and contractors to benefit from energy efficient lighting
- Gives customers and contractors more control when selecting efficient lighting solutions
- Increases adoption of LED products in the Puget Sound region to maximize environmental benefits

Lighting to Go Discounts

Discounts are currently available on numerous qualified product categories. Visit this website to see the full list: neea.org/img/documents/SCL-LTG-QPL.pdf

Participating Distributors

Visit our website for the most up-to-date list of distributors to see where you can take advantage of instant discounts: seattle.gov/Documents/Departments/CityLight/L2Gdistributors.pdf
