DOJ/USAO

Presentation by Mike Diaz, and Michelle

Overview of the Settlement Agreement (SA) and Memorandum of Understanding (MOU) and role of the CPC. Interest was expressed for CPC review to include SPD Budget. Interest was expressed in CPC taking on mental health work. SA has more authority in court. The MOU is a contract between the federal government and the City of Seattle, the Court doesn’t get involved unless there is a breach of contract. The SA and MOU are different mechanisms to get at similar outcomes.
Priorities based on Monitoring Plan:
1. Stops and detentions
2. Discriminatory policing
3. Community Engagement
4. OPA
5. Transparency and Public Reporting
6. Officer Assistance and Support

Action Items:
1. Staff will send out PowerPoint to all Commissioners.

MONITORING PLAN

*Presentation by Merrick Bobb*

**Monitoring Plan and role of CPC** – Commissioners need to become intimately familiar with SPD and its processes. CPC needs to review two policies. Examples of how other cities around the country/world have approached this problem. CPC should think about what data it needs to do its work.

Commissioner requested education/curriculum on constitutional policing, best practices from other police commissions and experts across the nation.

**Action items:**
1. Monitor will provide further resources to CPC.

OPA AUDITOR REPORTS

*Presentation by Anne Levinson*

OPA, Auditor, and OPARB structure – Office of Professional Accountability

What are measurements of success? What problem is OPA trying to solve?

Important to understand barriers to solving problem - systemic accountability vs. OPA accountability. Currently the OPA is setup as a compliant based system – is a complaint based system viable?

**Recommendations for Improvement Areas:**
1. Training for new recruits – Pre-Academy work
2. Community Norms
3. Training regarding use of force – looking at the totality of a situation
4. Mental Health – use of CIT (Crisis Intervention training)
5. Reporting use of force – tied with building community trust
6. Requiring SPD responding to reports, recommendations from OPA, Auditor, or other civilian oversight groups

REFLECTIONS ON OPARB’S EFFORTS ON POLICY REFORM  
*Presentation by Claudia D’Allegri and Pete Holmes*

- **Claudia** shared that OPARB represents community involvement, but not community oversight. OPARB recommends that CPC participates in the hiring of the OPA Director Hire.
- **Pete Holmes** shared his early experience on OPARB (2002). Only three members and the Board has had limited authority and power. Holmes stressed that the CPC has the ability to create meaningful change. Holmes shared the following recommendations for the CPC to be effective:
  1. Give SPD 30 days to respond formally to any request
  2. Meet with Council for a periodic review of CPC recommendations
  3. Take time to get familiar with the DOJ findings review
  4. Follow through – this is long term change and requires ongoing follow-up.

Commissioner shared a need to establish a system that allows for meaningful oversight. Commissioner shared concerns about effectiveness and not allow for convoluted model.

**Action Items:**
1. Claudia will forward the latest report to the full Commission.
2. Staff will forward all OPA reports.

The Mayor’s Office invites more input from the CPC on further development and implementation of 20/20.
