The City of Seattle wants every child to have the opportunity to succeed in their education. This journey starts with providing access to high-quality early education to our youngest learners. To achieve this goal, Seattle has created the Seattle Preschool Program, which is a program that aims to create a universal high-quality prekindergarten education. Teachers need to provide instruction that builds on children’s skills and develops their sense of engagement as lifelong learners. To ensure that we are providing teachers with the support they need, Early Learning Coaches bring expert guidance, coaching, and training to our preschool and early learning programs.

We are looking for up to three new Regional Managers to provide supervision and guidance to our coaching team and serve as technical experts on the Department of Education & Early Learning’s coaching approach and core competencies for teaching adults. In this role, you will manage and supervise coaching services, progress, and accountability within the Child Information Provider System (CHIPS) data management system. This position requires you to be innovative and work independently, but also to work within a team environment to ensure that performance standards and monitoring requirements are met.

The department strives to embed the City’s Race and Social Justice Initiative into its education objectives and seeks staff that value the importance of working together as a government and community to eliminate racial disparities and achieve racial equity.

**Do you want to learn more about being part of this program? In this position:**

**Your top 3 priorities will be:**
- Updating the coaching manual and developing training for new and existing coaches
- Monitoring continuous quality improvements in early learning classrooms and providing quality feedback to ensure that coaching services are delivered with fidelity
- Helping implement new Families, Education, Preschool, and Promise (FEPP) Levy initiatives

**Your day-to-day responsibilities will include:**
- Meeting bi-weekly with coaches to determine progress on goals and whether adjustments to coach learning cycle plans are necessary
- Providing training or re-training to coaches as needed on culturally responsive and effective adult teaching strategies to ensure coaching is delivered with fidelity
- Creating and/or uploading available coaching videos to support coach reflective practices
- Communicating regularly with the Quality Practice & Professional Development (QPPD) Manager on the status of coaching and other assignments
- Reviewing and monitoring requests for additional support for individual children, teacher, and classrooms
- Developing and monitoring contracts for comprehensive supports and professional development services
- Maintaining and updating the coaching manual with current research
- Helping create content for all coaching materials and training
