

City of Seattle Office of Emergency Management

PREPARING FOR THE BIG ONE

What to do when the 'really big one' hits

Are you prepared for the next big earthquake and other disasters Seattle could face? Attend a presentation at one of the below library branches to hear from local emergency management experts about what you can do to get prepared. Learn about the City's new emergency alert and notification system – AlertSeattle – and bring questions to ask the City's hazard specialist during an open Q&A session.

Tuesday, Oct. 13, 2015

5:30 - 7 p.m.
