Parks & Recreation	PW#2017-072	High Point Play Area Renovation	\$475,000	Currently Under Review Prior to Advertisement	Katie Bang 684-9286	Demolition of old play area and construction of new play area		X	X	X	X	X	X				X		X					X
Parks & Recreation	PW#2017-076	Greenwood Phinney Landbanked Park Development	\$575,000	Currently Under Review Prior to Advertisement	Katie Bang 684-9286	New park project. Loop pathway, plaza seating, discovery trial elements, open lawn, new sidewalk and raised crosswalk.		X	X	X	X		X						X					
Parks & Recreation	PW#2017-096	Othello Park Improvements Phase III	\$650,000	Currently Under Review Prior to Advertisement	Garrett Farrell 233-7921	Replacement of play area and renovation of existing courts		X	X	X	X	X	X						X					X
Parks & Recreation	PW#2017-102	Amy Yee Tennis Center Facility Improvements	\$1,079,595	Currently Under Review Prior to Advertisement	Mike Schwindeller 615-1165	Construction of facility improvements at Amy Yee Tennis Center		X	X	X	X		X			X		X						
Parks & Recreation	PW#2018-001	Green Lake Bathhouse and Vicinity ADA Improvements	\$247,000	Q2 2018	Redi Karameto 684-7036	ADA improvements to Green Lake Bathhouse interiors and vicinity.			X	X	X					X		X						
Parks & Recreation	PW#2018-002	Soundview Playfield Renovation	\$4,000,000	Q1 2019	Jay Rood 733-9194	Construct a new all season synthetic turf playfield with lights over an existing natural turf playfield. ADA/accessible improvements will be made to all park pathways, parking areas and facilities.		X	X	X			X	X		X			X					
Parks & Recreation	PW#2018-004	Ravenna-Eckstein Roof Replacement	\$335,000	Bidding Now	CJ Holt 233-1556	Replace portion of existing roof.		X		X	X					X								
Parks & Recreation	PW#2018-005	Jefferson Park Golf Course Renovation	\$1,100,000	Q2 2018	Toby Ressler 615-1482	Realignment of four golf holes to resolve ball trespass, safety and golf playability.																		
Parks & Recreation	PW#2018-006	Baker Park Landbanked Addition	\$581,000	Q2 2018	Shannon Glass 733-9319	Renovate and expand Baker Park, including a new play area and pathways, and safety and accessibility improvements.		X	X	X	X	X	X						X					
Parks & Recreation	PW#2018-010	Lincoln Park South Play Area Renovation	\$372,000	Q2 2018	Shannon Glass 733-9319	Replace play equipment, provide access improvements, and bring play area into compliance with current safety standards and ADA access.			X	X	X	X		X										

							Projected scopes of work listed below are informational estimates only and do not represent an exhaustive or final list.																	
Department	Project No.	Project Name	Engineer's Estimate	Target Bid Date	Contact Name	Project Description	Flagging, Traffic Control	Demolition, Remediation	Excavation, Grading, Site Work	Trucking	Carpentry	Finishes	Landscaping	Concrete	Concrete - Roadway	Electrical - Facilities	Electrical - Utilities	Mechanical, HVAC, Plumbing	Park Development	Shoring, Dewatering	Channelization, Signage, Wayfinding	Shoreline, Marine Construction	Fencing, Site Security	
Parks & Recreation	PW#2018-011	Loyal Heights Play Area Renovation	\$372,000	Q2 2018	Shannon Glass 733-9319	Replace play equipment, provide access improvements, and bring play area into compliance with current safety standards and ADA access.			X	X	X	X		X										
Parks & Recreation	PW#2018-012	Cal Anderson Comfort Station Renovation	\$389,000	Q2 2018	Kelly Goold 684-0586	Renovate existing comfort station building and add new side sewer line.		X	X	X	X		X			X		X						X
Parks & Recreation	PW#2018-013	Landbanked Site #1 - Denny Triangle (Enterprise)	\$2,100,000	Q2 2018	Kelly Goold 684-0586	Construct new park. Project elements include paving, concrete seating walls, site lighting, and landscaping.			X	X			X	X		X		X	X					X
Parks & Recreation	PW#2018-014	Lake City Landbanked Site Park Project	\$687,000	Q2 2018	Kelly Goold 684-0586	Construct new park. Project elements include grading, paving, retaining walls, site lighting, installation of play equipment, and landscaping.			X	X			X	X		X		X	X	X				X
Parks & Recreation	PW#2018-015	Southwest Teen Life (Community) Center & Pool ADA Improvements	\$518,991	Q2 2018	Kent Scott 386-4388	Construction of new accessible parking, accessible route (including ramp) to entrance, interior improvements including improving accessibility in restrooms, locker rooms and accessible routes throughout the building.			X	X	X		X	X										X
Parks & Recreation	PW#2018-039	David Rodgers Park Play Area Renovation	\$249,477	Q3 2018	Shannon Glass 733-9319	Replace play equipment and improve accessibility.		X	X	X	X	X	X											
Parks & Recreation	PW#2018-046	Magnuson Park Building #406 Roof Replacement and ADA	\$1,472,000	Q2 2018	Kelly Goold 684-0586	Replace existing roof and renovate restrooms to ADA compliance. Additive Bid item 1) replace existing HVAC Units. Additive Bid Item 2) Add skylights per Plan.		X		X	X	X				X		X						X
Seattle City Light	PW#2015-073	Vault and Duct Installation along Occidental Ave S	\$1,500,000	Q2 2018	Bob Hansen 684-3387	Installation of 3 electrical vaults and an electrical ductbank connecting them	X	X	X	X				X		X	X							
Seattle City Light	PW#2015-081	Boundary Spillway Drainage Collection	\$100,000	Q2 2018	Josh Jackson 684-3828	Project location: 6535 Ravenna Ave NE, Seattle WA		X	X	X			X											
Seattle City Light	PW#2016-003	Energy Management Systems (EMS) Replacement Project	\$100,000	Q2 2018	Ruth Meraz-Caron 684-3094	EMS Replacement at System Operation Center (SOC) and North Service Center (NSC).					X					X								
Seattle City Light	PW#2016-005	Installation of Paint Booth	\$120,000	Q2 2018	Brett Richardson 684-3872	Project location: Seattle City Light- South Service Center/ 3613 4th Ave S Seattle, WA/ Building A. Project description: Install of new paint booth in building A		X										X						
Seattle City Light	PW#2016-010	Babcock Creek Vented Ford Project	\$660,000	Q2 2018	Nancy Chin 733-9402	This Project consists of removal and storage of existing temporary panel bridge, temporary diversion of ephemeral creek during construction, new precast and cast-in-place concrete vented ford structure, apron slabs, road regrading, and miscellaneous excavation and fill to accommodate new vented ford. Project location: MP 118.5 off Highway 20, Whatcom County, WA Lat 48° 40' 17" N, Long 121° 17' 15" W		X	X	X			X							X				

							Projected scopes of work listed below are informational estimates only and do not represent an exhaustive or final list.																	
Department	Project No.	Project Name	Engineer's Estimate	Target Bid Date	Contact Name	Project Description	Flagging, Traffic Control	Demolition, Remediation	Excavation, Grading, Site Work	Trucking	Carpentry	Finishes	Landscaping	Concrete	Concrete - Roadway	Electrical - Facilities	Electrical - Utilities	Mechanical, HVAC, Plumbing	Park Development	Shoring, Dewatering	Channelization, Signage, Wayfinding	Shoreline, Marine Construction	Fencing, Site Security	
Seattle City Light	PW#2016-046	SCL Technical Metering Operations Building Remodel	\$250,000	Q2 2018	Brett Richardson 684-3872	The work consists of building out Room 135 to support a technical systems laboratory for SCL's advanced metering and smart grid programs. It will include adding additional security to the room's access doors, adding racking systems for components and switches, cable trays and structural support for cables, racks and infrastructure to support lab work. Additional transformers, electrical panels and power support will be included as will employee work stations.				X						X								
Seattle City Light	PW#2016-069	Ross Dam GPS Monitoring System	\$90,000	Bidding Now	Kathie Jones 684-3052	Seattle City Light to install a small survey equipment structure between Ross Dam and the Ross Dam Powerhouse.											X							
Seattle City Light	PW#2016-111	University Irrigation Project	\$35,000	Q2 2018	Arnel Valmonte 615-1438	Installation of irrigation system, controllers, and meters																		
Seattle City Light	PW#2016-149	Technical Training Center	\$9,000,000	Q2 2018	Ruth Meraz-Caron 684-3094	The scope of this project includes the construction of a new Technical Training Center for Seattle City Light. The main Training Building will be 13,250 gsf, designed to meet LEED Gold requirements in accordance with LEED Version 2009 NC Rating System. Adjacent to the Training Building will be a Training Yard of approximately 1.95 acres, which will house a variety of training mock-ups and site features. This includes Substation Training, Vault Training, Commercial and Residential mock-ups, Pole Climbing, Crane Training and a Civil Construction area. This contract utilizes a Community Workforce Agreement.			X	X				X		X		X						X
Seattle City Light	PW#2016-157	Cedar Falls Dam-Parapet Restoration	\$500,000	Q2 2018	Eddie Plana 684-3520	Built in 1914, the Masonry Dam at Cedar Falls is a historic structure. The structure was modified during the addition of the spillway gates. A tube rail was installed in place of the concrete parapet. This project eliminates the tube rail and replaces it with precast concrete panels that resemble the historic parapet elsewhere on the dam. Additionally, other safety concerns will also be addressed by adding tube rail, cable rail and gates, where the historic features do not provide adequate safety protection.		X		X				X										
Seattle City Light	PW#2017-005	SCL NSC Central Lot Redevelopment	\$998,393	Q2 2018	Ruth Meraz-Caron 684-3094	Redevelop a storage into secured employee and AMP car parking.		X	X	X				X								X		X
Seattle City Light	PW#2017-019	North Mountain Substation Security Improvements	\$310,309	Q2 2018	Brett Richardson 684-3872	Remove existing chain link fence and replace with SCL standard 10' no-climb mesh. Saw cut existing curb to accommodate new pole footings. Remove existing four vehicle gates and replace with SCL standard manual cantilever gates. Remove existing pedestrian gate and replace with SCL standard manual pedestrian gate.		X	X	X				X										X
Seattle City Light	PW#2017-075	Arroyo Beach Distribution and Streetlight Project	\$4,000,000	Q2 2018	Bikas Pande 684-0502	Project consists of installing underground electrical system including civil structures and electrical equipment in the Arroyo Beach area using open trench method.	X	X	X	X					X		X							
Seattle City Light	PW#2017-093	Avalon Substation Demolition Project	\$300,000	Q2 2018	Ruth Meraz-Caron 684-3094	The project consists of the demolition of the Avalon Substation building and removal of all contaminated soil and verify that the remaining soil does not exceed Model Toxics Control Act (MTCA) Method A unrestricted or MTCA Method B direct contact cleanup levels.		X		X														X
Seattle City Light	PW#2018-019	Metaline Waterfront Park & Boat Ramp Improvements	\$2,000,000	Bidding Now	Michael Aronowitz 233-2631	Improve/upgrade existing waterfront park facility.		X	X	X	X	X	X	X				X			X			X

Department	Project No.	Project Name	Engineer's Estimate	Target Bid Date	Contact Name	Project Description	Projected scopes of work listed below are informational estimates only and do not represent an exhaustive or final list.																	
							Flagging, Traffic Control	Demolition, Remediation	Excavation, Grading, Site Work	Trucking	Carpentry	Finishes	Landscaping	Concrete	Concrete - Roadway	Electrical - Facilities	Electrical - Utilities	Mechanical, HVAC, Plumbing	Park Development	Shoring, Dewatering	Channelization, Signage, Wayfinding	Shoreline, Marine Construction	Fencing, Site Security	
Seattle City Light	PW#2018-021	Georgetown Steam Plant Access Drive Construction	\$2,000,000	Q2 2018	Timothy Croll 684-0806	Reconstruct public access to the Georgetown Steam Plant.		X	X				X	X	X		X	X			X			
Seattle City Light	PW#2018-022	Native Salmonid Conservation Facility	\$16,000,000	Q3 2018	Harry Rich 684-3546	Construct a fish hatchery and related support buildings/infrastructure. This project is located at on a 40-acre parcel of Washington Department of Fish and Wildlife (WDFW) property approximately 3.5 miles northwest of Usk, Washington 99180.			X	X	X			X		X	X							X
Seattle City Light	PW#2018-023	200 Occidental Ave S Alley Paving	\$220,000	Q2 2018	Mary Junttila 684-3825	Pave alley in Pioneer Square.		X	X					X										
Seattle City Light	PW#2018-024	Brace Point Lid Conduit Installation	\$4,200,000	Q3 2018	Bikas Pande 684-0502	Installation of underground electrical system including vaults and street lighting.		X	X	X			X			X								
Seattle City Light	PW#2018-034	Shelby Hamlin Streetlight Infrastructure Replacement	\$2,100,000	Q2 2018	Patrick Donohue 386-1654	City Light is replacing the failing streetlight infrastructure in the Shelby Hamlin neighborhood with new wiring in conduit, poles, and LED fixtures.			X	X		X	X	X		X								
Seattle City Light	PW#2018-040	Bothell-SnoKing 230kV Circuits #1 & #2 Reconductor Project	\$3,000,000	Currently Under Review Prior to Advertisement	Bikas Pande 684-0502	The Puget Sound Area and Northern Intertie (PSANI) Program is a series of regional utility projects negotiated between Bonneville Power Administration (BPA), Puget Sound Energy (PSE), and Seattle City Light (City Light). The scope of the various PSANI projects was determined by the Puget Sound Area Study Team and documented in the "Updated Recommended Transmission Expansion Plan for the Puget Sound Area to Support Winter South-North Transfers" report. The PSANI projects will improve regional high voltage electric grid capacity in the area.																		
Seattle City Light	PW#2018-041	Environmental Learning Center Snow Guards	\$100,000	Q2 2018	Eddie Plana 684-3520	The project scope is to install owner-supplied snow guards on to buildings at the Environmental Learning Center. The contractor will lift these large steel snow guards on to the roofs of the buildings, near the eaves. Project location: Environmental Learning Center, Diablo Lake, WA																		
Seattle City Light	PW#2018-042	Diablo Lake New Fuel Dock	\$300,000	Q4 2018	Patricia Filimon 684-3058	This project will replace an existing fuel dock with a new fuel dock fitted with a fuel dispenser. The project will provide the following components: New fuel dock; New fuel dispenser and extend fuel and electrical lines; Replace existing rock bulkhead with new "open face" crib wall; New aluminum access gangway. Project location: Diablo Lake		X	X	X			X										X	
Seattle City Light	PW#2018-043	Broad Street Substation Inductor Project	\$3,500,000	Q4 2018	Bikas Pande 684-0502	To improve the reliability of the regional electric transmission grid in the Puget Sound Area and Northern Intertie (PSANI), which includes Pre-Design, Equipment specification, permitting, street vacation, community outreach, final design and installation of series inductor and other necessary equipment on the existing Massachusetts-Union-Broad (MA-US-BR) 115kV Transmission Line near Broad Street Substation.										X								

							Projected scopes of work listed below are informational estimates only and do not represent an exhaustive or final list.																	
Department	Project No.	Project Name	Engineer's Estimate	Target Bid Date	Contact Name	Project Description	Flagging, Traffic Control	Demolition, Remediation	Excavation, Grading, Site Work	Trucking	Carpentry	Finishes	Landscaping	Concrete	Concrete - Roadway	Electrical - Facilities	Electrical - Utilities	Mechanical, HVAC, Plumbing	Park Development	Shoring, Dewatering	Channelization, Signage, Wayfinding	Shoreline, Marine Construction	Fencing, Site Security	
Seattle City Light	PW#2018-049	Boundary Dam Right Abutment - Level 6 Bridge Rock Slope Stabilization	\$1,250,000	Currently Under Review Prior to Advertisement	Patricia Filimon 684-3058	A phased approach to stabilizing the two rock blocks (SDP A and Pier Nose) supporting and adjacent area of the Level 6 bridge deck pier. The overall approach involves incrementally increasing the factor of safety of the rock mass, which allows for gradual reuse of the Level 6 Bridge end span. Emergency stabilization (Phase I) involves a temporary stabilization system consisting of cable lashing and mesh. The purpose of Phase I is to improve the stability of the rock mass enough to allow limited access to the Level 6 Bridge end span and for drilling directly through the SDP A Block for installation of the long-term stabilization system. The long-term stabilization (Phase II) system consists of post-tensioned tieback anchors. Project location: Boundary Dam - Level 6 Right Abutment Pend Oreille County, WA																		
Seattle City Light	PW#2018-052	Boundary Building F Roof Replacement	\$375,000	Q2 2018	Eddie Plana 684-3520	This project proposes to replace the roof, roof insulation, damaged purlin(s), repair all building penetrations in Building F and strengthen roof joists. This project will also add snow guards and fall protection anchors. These improvements will eliminate the water leaks, any potential weather related damages and extend the life of the building. Project location: Boundary Hydro Project, Near Metaline Falls, Pend Oreille County. 1198 Boundary Dam Access Rd., Metaline, WA 99152		X				X												
Seattle City Light	PW#2017-084	Skagit Facilities Diablo Housing: H9, H10 and H11	\$440,000	Bidding Now	Eddie Plana 684-3520	Renovation, energy conservation measures, and rehab of three homes (H9, H10 and H11) at the Hollywood neighborhood in the Town of Diablo. Project location: This Project is located in the Town of Diablo, along the Skagit River in the North Cascades National Recreation Area in Whatcom County, WA.		X		X	X	X				X								
Seattle City Light	PW#2018-055U	SCL South Service Center Building B Roof Replacement	\$1,250,000	Q2 2018	Molly Rathe 684-3351	Removal and replacement of the roof on Building B at the City Light South Service Center.		X		X	X	X												
Seattle Department of Construction and Inspections	PW#2018-057	5917 California Ave SW Bldg. Demo	\$120,000	Q2 2018	Vincent Scott 684-7989	Demolition of a 7-unit apartment building that's unfit for human habitation.		X		X														X
Seattle Department of Transportation	PW#2015-037	Central Business District Safety Project (FHWA)	\$600,000		Sarah Butler 684-8471	Federally funded, installing pedestrian safety improvements in select locations in the Central Business District	X	X		X			X	X								X		
Seattle Department of Transportation	PW#2015-039	2015 Bridge Painting (Seattle Blvd S Bridge)	\$700,000	Q2 2018	Rob Gorman 233-7205	Clean, remove rust, spot prime and paint existing exposed steel members of Seattle Blvd Bridge located within the south entrance of DT Seattle Transit Tunnel	X																	
Seattle Department of Transportation	PW#2016-029	Fairview Avenue North Bridge Replacement (FHWA)	\$27,400,000	Q2 2018	Marilyn Yim 684-3190	Replace two existing bridges with a wider single multi-span concrete bridge that meets current seismic standards. Project location: Fairview Ave N BRRP - Fairview Ave. N bridges BRG-069 and BRG-070	X	X	X	X					X									X
Seattle Department of Transportation	PW#2017-064	Fauntleroy Way SW Boulevard	\$8,108,412	Q2 2018	Norene Pen 684-5065	Improve the pedestrian environment and crossings, access, traffic safety, lighting, and drainage on Fauntleroy Way SW between 35th Ave SW and SW Alaska St as well as implementing the boulevard concept for this section of roadway, as originally discussed in the West Seattle Streetscape Concepts Plan. This project utilizes a Community Workforce Agreement (CWA).	X	X	X	X			X	X	X		X							
Seattle Department of Transportation	PW#2017-074	2017 Bridge Painting - Seattle Blvd S Bridge (4th Ave S to 5th Ave S) & Jose Risal Bridge (12th Ave S over Dearborn)	\$1,479,700	Currently Under Review Prior to Advertisement	Kit Loo 684-3669	The project is to repair and prep areas of exposed metal and flaking paint for re-coating of all of the steel members of the existing bridge. Other elements of work may include prepping existing exposed reinforcement and coating with a rust inhibitor to inhibit the further corrosion of the metal surface.	X				X
