

Community Development Block Grant

Department Description

The federal Community Development Block Grant (CDBG) program provides a major source of funding for community development programs affecting Seattle's low- and moderate-income households and neighborhoods. The City of Seattle makes these investments so all families and individuals can meet their basic needs, share in economic prosperity, and participate in building a safe, healthy, educated, just, and caring community.

Policies and priorities for distributing CDBG funds to community-based organizations are set out in the City's 2009-2012 Consolidated Plan for Housing and Community Development, which is coordinated by the Human Services Department. As required by the U.S. Department of Housing and Urban Development (HUD), the Consolidated Plan outlines funding policies and strategies for CDBG funds, as well as for Housing Opportunities for Persons with AIDS (HOPWA), the HOME Investment Partnership (HOME), and the Emergency Shelter Grant (ESG) Program. The Consolidated Plan, a four-year document, is updated annually. Policy decisions in the 2009-2012 Consolidated Plan, as amended, are reflected in the 2010 Adopted Budget.

The 2010 Adopted Budget estimates the amount of CDBG dollars the City anticipates to be available, anticipates appropriations of these funds, and makes specific CDBG proposals for certain City programs in the Human Services Department, Office of Economic Development, and Office of Housing. Final CDBG program allocations are subject to the appropriation levels set by the U.S. Congress and implemented by HUD.

Policy and Program Changes

The 2010 Adopted Budget reflects an anticipated increase in CDBG funding based on the assumption that the City's 2010 CDBG entitlement will be \$13 million. As a result, the Adopted Budget increases funding to the Homeless Intervention and Block Grant Administration program to fund capital improvements to the facilities of two non-profit agencies, as well as emergency shelter and supportive services related to rapid re-housing activities. The Adopted Budget also increases CDBG funding to the Commercial Corridor Revitalization program administered by the Office of Economic Development, and supports staffing for CDBG-related activities in the Human Services Department and the Office of Housing.

The 2010 Adopted Budget reduces funding to the Multifamily Production and Preservation program and the HomeWise and Homeownership program due to an anticipated reduction in program income.

CDBG funds received through the federal American Recovery and Reinvestment Act were fully appropriated in 2009, and will carry forward until funds are fully spent. As a result, these funds do not appear in the budget document.

City Council Provisos

The City Council adopted the following budget proviso:

None of the money appropriated in the 2010 budget for the Community Development Block Grant, Human Services Department BCL may be spent for tenant improvements in a new shelter for Mary's Place until the Human Services Department has executed a contract with Mary's Place for public benefits consisting of shelter and services for homeless women. The Council anticipates that the Human Services Department will not execute a contract until Mary's Place secures a new permanent location for the shelter and provides business, fundraising, development and operating plans that show how the new shelter will be funded.

Department of Parks and Recreation Budget Control Level**Purpose Statement**

The purpose of the Department of Parks and Recreation Budget Control Level is to mitigate neighborhood decay and vandalism and preserve the quality of life within the city, promote long-term economic and social viability of the community, and provide empowerment and self-sufficiency opportunities for low-income people.

Due to funding reductions in the CDBG program from the federal government, CDBG funding for this Budget Control Level was eliminated in 2007. The 2008 Actuals represent expenditure of residual funds from prior years. General Fund is provided in the Department of Parks and Recreation's operating budget to provide training opportunities for low-income, homeless, and other at-risk residents to make minor capital improvements in low-income area parks as part of the Conservation Corps program.

Department Description

The Educational and Developmental Services Levy (more commonly known as the Families and Education Levy), approved by voters in 2004, levies \$116 million over seven years for school- and community-based programming that helps ensure Seattle's children and youth are safe, healthy, ready to learn, and successful in school. This programming also helps to strengthen parent, school, and community partnerships that support children and youth. The Department of Neighborhoods' Office for Education administers the Levy.

Implementing departments are the Department of Neighborhoods, Human Services Department, Department of Parks and Recreation, and the Seattle Police Department.

The 2004 Families and Education Levy continues to chart a new direction for Seattle's families and children and focuses resources on improving the academic achievement of Seattle Public School students. Highlights include:

- A pre-school program for 4-year-old children that addresses the achievement gap before it can take root;
- Family involvement programs that strengthen the community around each child by helping parents help their children;
- Before- and after-school programs that are specifically tied and targeted to improving a child's school performance; and
- Programs serving youth at risk of dropping out of schools, and middle and high school health centers run by community health organizations.

Each Levy program is tied to improving academic success. To that end, each program has specific goals to measure progress and effectiveness in reducing the achievement gap. The Office for Education (OFE) publishes annual reports detailing program targets adopted by the Levy Oversight Committee (LOC) and program results.

Policy and Program Changes

The 2010 Adopted Budget shifts funds from the Out-of-School Time Budget Control Level to the Middle School Support Budget Control Level to be consistent with a change made by the Levy Oversight Committee (LOC) in 2007.

The Crossing Guard program continues to be funded through December 2010.

Department Description

The mission of the Human Services Department (HSD) is to connect people with resources and solutions during times of need so we can all live, learn, work, and take part in strong, healthy communities. HSD contracts with more than 230 community-based human service providers and administers programs to ensure Seattle residents have food and shelter, productive education and job opportunities, adequate health care, opportunities to gain social and economic independence and success, and many more of life's basic necessities. HSD staff are committed to working with the community to provide appropriate, culturally relevant services.

HSD's investments are directed toward ensuring all people have food to eat and a roof overhead; supportive relationships within families, neighborhoods, and communities; a safe haven from all forms of violence and abuse; health care to be as physically and mentally fit as possible; and the education and job skills needed to lead an independent life.

To accomplish these goals, the department is organized into the following divisions encompassing a continuum of care for the neediest populations:

- Aging and Disability Services
- Domestic Violence and Sexual Assault Prevention
- Early Learning and Family Support
- Homeless Intervention and Block Grant Administration
- Leadership and Administration
- Youth Development and Achievement

Policy and Program Changes

The 2010 Adopted Budget preserves and expands key human services programs, particularly for Seattle's most vulnerable residents.

Funding is added to continue three public safety programs originally launched as pilot programs in 2006: Get Off the Streets (GOTS), Court Specialized Treatment and Access to Recovery Services (Co-STARS), and Communities Uniting Rainier Beach (CURB, which replaced the Clean Dreams program), and to develop evaluative performance indicators for these programs. The 2010 Adopted Budget also adds funding for additional services benefiting homeless women, a new residential recovery program for prostituted youth, and community outreach services related to the Drug Market Initiative program.

The 2010 Adopted Budget also adds funding to expand the PeoplePoint initiative, which connects low-income residents to numerous public benefits for which they are eligible. Funds will be used to implement a web-based benefit portal, which will allow city residents to apply for multiple benefits with one phone call. This work will be done in partnership with the State of Washington, ensuring that customers have coordinated access to city, state, and federal benefits.

Due to the federal American Recovery and Reinvestment Act, the 2010 Adopted Budget adds funding in the areas of homelessness prevention and domestic violence prevention. The City received funds through the

Homelessness Prevention and Rapid Re-Housing Program, a three-year effort that will provide housing stability to families and individuals who are homeless or at risk of becoming homeless.

The Seattle Youth Violence Prevention Initiative remains fully funded in the 2010 Adopted Budget. All citywide funds related to the initiative are centralized in the 2010 Adopted Budget for the Department of Neighborhoods, to facilitate coordinated management. These funds will continue to provide a strategic set of services to high-risk youth including case management, family support, employment, and anger management.

To assist in balancing the overall General Fund budget, the 2010 Adopted Budget reduces funding in a number of areas. The Department engaged in a span of control analysis and identified administrative savings, which resulted in several position abrogations. The Adopted Budget eliminates inflationary increases for community-based organizations in 2010, and reduces funding for three healthy aging programs as a result of identifying potential non-City funding for these programs. Funding for the Reinvesting in Youth program is eliminated, and funding for expenses such as training, travel, office equipment, and other costs is significantly reduced.

Finally, funding for the public toilet program is removed to reflect the City Council's decision to remove automated public toilets. Funding is continued to maintain five currently operating portable toilets in the city.

This work will also be supported by the federal stimulus Strengthening Communities grant received in late 2009, and by funds in the Department of Information Technology. Abrogate 1.0 FTE Human Services Coordinator position originally added to implement these improvements, as personnel funds will be used for short-term staffing instead of a position.

Increase budget by \$50,000 to fund the development of standards for evaluation of three public safety pilot programs: CURB, GOTS, and Co-STARS.

Decrease budget by approximately \$130,000 and abrogate 1.0 FTE Executive 2 position.

Decrease budget by \$125,000 to reflect changes in funding for costs such as training, travel, office equipment, and other expenses.

Decrease budget by approximately \$73,000, reduce 1.0 FTE Administrative Specialist I to 0.5 FTE, and reduce 1.0 FTE Information Technology Specialist to 0.5 FTE.

Reclassify 1.0 FTE Manager 1 to a 1.0 FTE Strategic Advisor 1 to reflect efficiencies identified through a span of control analysis.

Add 1.0 FTE Human Services Coordinator position to increase enrollment in the Supplemental Nutrition Assistance Program (SNAP). Funding for this position was included in the 2010 Endorsed Budget.

Increase budget by \$318,000 for technical adjustments, which represents changes in revenue and intradepartmental transfers, including the shift of a \$52,000 contract from the Health Care Access program to this program.

Citywide adjustments to labor and other operating costs due to inflation, health care, furloughs, and similar changes decrease the budget by \$78,000 for a net increase from the 2010 Endorsed Budget to the 2010 Adopted Budget of approximately \$51,000.

Public Health Services

Public Health Services Budget Control Level

Purpose Statement

Beginning in 2005, all funding previously directed to Public Health - Seattle and King County was moved to the Human Services Department (HSD). To reduce administrative costs and see that its public health investments are consistent with City policy direction, the City enters into outcome-based contracts with community-based agencies, Public Health, and the King County Department of Community and Human Services for services. HSD advises the City on public health policy, manages health-related contracts, and serves as a regional liaison to Public Health - Seattle and King County.

Public health services currently supported by City funds are:

- Primary care medical, dental, and specialty services, and access to health insurance for at-risk and vulnerable populations;
- Health care for teens in Seattle's public schools;
- Health care for homeless individuals and families;
- HIV/AIDS prevention and care programs;
- Programs to provide access to chemical and dependency services;
- Programs to reduce the disparities in health among the Seattle population; and
- Public health nursing care home visits to give mothers and babies a healthy start in life.
