Department Overview

The Office of City Auditor was established by City Charter and serves as Seattle's independent audit function. The City Auditor is appointed by a majority of the City Council to a four-year term of office.

The Office of City Auditor seeks to promote honest, efficient management, and full accountability throughout City government. It serves the public interest by providing the City Council, the Mayor, and City executive and management staff with accurate information, unbiased analyses and objective recommendations on how best to use public resources.

The Office of City Auditor conducts audits of City programs, departments, grantees and contracts. Most of the office's audits are performed in response to specific concerns or requests from councilmembers. The City Auditor also independently initiates audits to fulfill the office's mission. If resources are available, the City Auditor responds to requests from the Mayor, City departments and the public.

Through its work, the Office of City Auditor answers the following types of questions:

- Are City of Seattle programs being carried out in compliance with applicable laws and regulations, and is accurate data furnished to the City Council and Mayor on these programs?
- Do opportunities exist to eliminate inefficient use of public funds and waste?
- Are programs achieving desired results?
- Are there better ways to achieve program objectives at lower costs?
- Are there ways to improve the quality of service without increasing costs?
- What emerging or key issues should the City Council and Mayor consider?

Descriptions of Incremental Budget Changes

Proposed Technical Changes

Accelerate Career Bridge Evaluation - (\$50,000)

The 2013 Adopted and 2014 Endorsed Budgets included \$100,000 over two years for an evaluation of the Career Bridge program. However, the evaluation schedule suggested the entire \$100,000 was needed in the first year. This technical change reflects the action taken by the City Council in mid-2013 to move the 2014 funding to 2013.

Citywide Adjustments for Standard Cost Changes - (\$8,462)

Citywide technical adjustments reflect changes due to inflation, central cost allocations, retirement, healthcare, workers' compensation and unemployment costs. These adjustments typically reflect updates to preliminary cost assumptions established in the 2014 Endorsed Budget.

Council Changes

Increase to Audit the Seattle Police Department's Public Disclosure Request Process - \$300,000

This increase will fund an audit of the Seattle Police Department's (SPD) procedures for responding to public disclosure requests. The budget draws down fund balance in the Judgment and Claims Fund to support this audit. The City has paid a number of settlements related to SPD's public disclosure requests in recent years. Since the Judgment and Claims Fund pays these settlements, this use of fund balance is appropriate. This is a one-time budget change.

City Council Provisos

There are no Council provisos.
