Department Overview

Seattle Center is home to cultural and educational organizations, sports teams, festivals, community programs (including cultural and community celebrations), and entertainment facilities. Millions of people visit the 74-acre Seattle Center campus annually. Consistently rated as one of the City's top attractions, Seattle Center is a premier urban park whose mission is to delight and inspire the human spirit, and to bring people together as a rich and varied community.

The history of Seattle Center dates back to a time well before it existed as a City department in its current form. Prior to the 1850's, the land on which Seattle Center sits was a part of a Native American trail which was later homesteaded by the David Denny family and eventually donated to the City of Seattle. In 1927, the new Civic Auditorium, now Marion Oliver McCaw Hall, and Arena were constructed with funding from a levy and a contribution from a local business owner. In 1939, a large military Armory was constructed. In 1948, the Memorial Stadium was built and the Memorial Wall was added in 1952. Finally, in 1962, the community pulled together these facilities and added new structures to host the Seattle World's Fair/Century 21 Exposition. At the conclusion of the fair, the City took ownership of most of the remaining facilities and campus grounds to create Seattle Center. Since its creation in 1963, Seattle Center has nurtured artistry and creativity by providing a home for and technical assistance to a wide variety of arts and cultural organizations. These tenants play a critical role in the arts and cultural landscape of the region.

Seattle Center is financed by a combination of tax dollars from the City's General Fund and revenue earned from commercial operations. Major sources of commercial revenues include facility rentals, parking fees, long-term leases to non-profit organizations, sponsorships, food sales and monorail fares.

Due to its heavy reliance on commercial revenues, Seattle Center confronts many of the same market factors that other businesses do. Changing consumer preferences, fluctuating demand and the many options customers have in terms of discretionary spending all influence the financial performance of Seattle Center. But Seattle Center's situation is also unique in that it must meet the simultaneous financial challenges of competition with other facilities that host events; the presence on campus of long-term, non-profit tenants; and the need to balance its public and private event offerings.

2015 Adopted Budget - Revenue by Category

Budget Overview

Seattle Center is emerging from a period of budgetary retrenchment that began in the Great Recession and was exacerbated by the loss of the Seattle SuperSonics in 2008. In recent years, its focus has been on efficiencies in an attempt to align its operational costs with revenues. However, the local economy continues to improve, and Center has seen revenue increases in a number of areas including KeyArena.

KeyArena event bookings, and the profitability of those bookings, have been increasing since 2010. The venue is also hosting a broader range of events. In 2013 revenue to Seattle Center from Key Arena was about \$8.1 million, 22% of total department revenues and up 24% from 2012. Revenues have also been strong in 2014, and Seattle Center is now able add staff to support the increase in booking.

Other areas at Seattle Center continue to thrive. McCaw Hall continues to have consistent event bookings and attendance. Its primary users, the Pacific Northwest Ballet and the Seattle Opera, continue to draw large audiences for their productions. The Armory (which was substantially remodeled in 2011-2012) is now fully leased with food vendors and has seen a significant increase in customers.

The 2015 Proposed Budget maintains funding for all other programs at Seattle Center, allowing visitors to continue to have access to a vast array of events and performances.

City Council Changes to the Proposed Budget

The Council approved a one-time reduction of 0.6% in General Fund support to the department's 2015 Proposed Budget. This change was made only to departments receiving more than \$10 million in General Fund support.

Descriptions of Incremental Budget Changes

Baseline Changes

Citywide Adjustments for Standard Cost Changes - \$453,583

Citywide technical adjustments made in the "Baseline Phase" reflect changes due to inflation, central cost allocations, retirement, healthcare, workers' compensation and unemployment costs. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

Adjustment for One-time Adds or Reductions - (\$116,600)/(3.40) FTE

This item includes budget reductions for one-time additions in the 2014 Adopted Budget, including funding of \$50,000 for the Vera Project and funding of \$87,600 for McCaw Hall reserves. It also includes the restoration of funding for a one-time budget reduction taken in 2014, which stemmed from \$21,000 in cost savings from the three-month shutdown of the International Fountain due to maintenance. Finally, it includes the abrogation of 3.4 FTE of vacant, unfunded positions. The latter change is made to better reflect Seattle Center's actual operational needs.

Proposed Changes

KeyArena Staffing Needs - \$595,062

This change gives Seattle Center increased appropriation authority for the compensation of staff, commensurate with its forecasted event load at KeyArena in 2015 and 2016. KeyArena hosts concerts, professional (Seattle Storm) and amateur (Seattle University men's basketball, Rat City Rollergirls) sporting events, private corporate meetings and special events. This add largely funds an increase in intermittent staff that staffs these events. Staffing events with intermittent workers gives Seattle Center the flexibility to respond to fluctuating demand or the need for specialized skills.

Restore Support Positions at KeyArena - \$106,921/1.50 FTE

This change restores two cuts that were made in 2011 to positions at KeyArena. The venue has had no dedicated administrative support since a full-time position was cut that year, and this change restores that position. This change also restores a half-time event service representative position to the full-time level. To clients, event service representatives are the public face of Seattle Center, and they serve as the operational and technical liaisons with production managers after event contracts have been signed. Both of these changes are due to KeyArena's increased number of events since 2011, a trend Seattle Center forecasts to continue in 2015 and 2016.

Convert Contract Position to Permanent - (\$13,459)/1.00 FTE

Seattle Center Community Programs presents free and affordable events that feature art, entertainment, culture and enrichment. For the past seven years, the development, management, artistic contracting and organizational relationships for many core programs have been fulfilled by a contractor. Because the body of work is stable and ongoing, Seattle Center believes that the work would be more appropriately performed by a City employee. This change converts the contractor into a 1.0 FTE arts program specialist.

Convert Intermittent Staff Hours to Permanent - \$6,761/.87 FTE

This change converts 0.78 FTE of intermittent staff hours into an 0.87 FTE permanent administrative specialist in the Armory's Customer Service Center.

Seattle Center

Allow Service Contract to Expire - (\$34,038)/.50 FTE

Effective July 2015, Seattle Center's management agreement will expire with Levy Restaurants, a contractor that it engaged in 2011 to recruit new vendors to the Armory Food Court and manage food-court operations. Levy has recruited new vendors to all available spaces in the food court, and Seattle Center will not renew the contract. When the Levy contract lapses in June 2015, Seattle Center will restore to full time a manager 2 position that was reduced to half time in the 2013 Adopted Budget. Savings from the foregone contract expense are \$75,000 in 2015 and \$150,000 in 2016, and the expense of the position restoration is \$39,000 per year, for a net savings of \$34,000 in 2015 and \$109,000 in 2016.

Paid Sick and Safe Leave - \$35,000

Seattle's Paid Sick and Safe Time (PSST) ordinance went into effect on September 1, 2012. This ordinance establishes a system of accrual and policies around the use of paid leave from work that employees, including intermittent employees, may take when they or a family member need to be absent from work due to illness or a critical safety issue. Due to its large pool of intermittent employees, Seattle Center has faced increased labor costs since the City implemented PSST, since it must ensure adequate coverage for event support. This change provides for funding for these costs.

Playground Maintenance - \$48,972

This change funds maintenance of the Children At Play playground which will be completed in early 2015. This cost is supported by revenues from Center Art, LLC which operates Chihuly Garden and Glass.

Proposed Technical Changes

Citywide Training and Travel Reallocation - (\$2,505)

This adjustment makes small reductions to training and travel budget appropriations Citywide. The Budget reallocates these funds to a new Centralized Management and Leadership Development program in the Department of Human Resources. More information on the new training program can be found in the Department of Human Resources budget section.

Final Citywide Adjustments for Standard Cost Changes - (\$47,123)

Citywide technical adjustments made in the "Proposed Phase" reflect changes due to inflation, central cost allocation, retirement, healthcare, workers' compensation, and unemployment costs. These adjustments reflect updates to preliminary cost assumptions established in the "Baseline Phase."

Council Changes

One-time Appropriation Reduction - (\$73,979)

This Council item reflects a one-time across-the-board reduction in appropriations for all departments receiving more than \$10 million in General Fund support. This reduction is equivalent to 0.6% of the General Fund appropriation included in the 2015 Proposed Budget.

Seattle Center

Capital Improvement Program Highlights

Seattle Center's 2015-2020 Capital Improvement Program (CIP) is at the heart of Seattle Center's vision to be the premier urban park. Seattle Center's CIP repairs, renovates, and redevelops the facilities and grounds of Seattle Center's 74-acre campus to provide a safe and welcoming place for millions of visitors and 5,000 events each year. In 2015, Seattle Center continues implementation of the Seattle Center Century 21 Master Plan. Adopted by the City Council in 2008, the Century 21 Master Plan will guide development of the Seattle Center campus over the next 20 years.

The 2015-2020 CIP includes funding for continued renovation of the Armory, including mechanical systems, restrooms, and meeting rooms. Funding is also included for asset-preservation investments in Seattle Center's other two large public-assembly facilities, KeyArena and McCaw Hall, as well as for campus open space and the Seattle Center Monorail.

The costs of managing Seattle Center's CIP, including project management and administration, are presented in Seattle Center's operating budget. These costs are offset by revenues to the Seattle Center Fund from the funding sources of the CIP projects. Funding for Seattle Center's 2015-2020 Adopted CIP comes primarily from the Cumulative Reserve Subfund, property sale proceeds, federal grant funds, and private sources.

More information and background on Seattle Center's CIP can be found in the 2015-2020 Adopted CIP online here: [2015-2020 Adopted CIP](#).
