Department Overview

Seattle Public Utilities (SPU) provides reliable, efficient and environmentally conscious utility services to enhance the quality of life and livability in all communities SPU serves. SPU operates three distinct utilities: Drainage and Wastewater, Solid Waste and Water. The three utilities each have unique revenue sources and capital improvement projects, but share many operations and administration activities within SPU and the City.

Drainage and Wastewater: The Drainage and Wastewater Utility collects and disposes or discharges storm runoff and wastewater from residences, businesses, institutions and public properties within the City. In addition to handling sewage and storm water runoff, Drainage and Wastewater works with other government agencies and private parties to address Federal EPA-mandated sediment cleanup projects where contamination is linked to storm water or sewage, such as Gas Works Park and the Lower Duwamish Waterway. The drainage and wastewater system includes approximately 448 miles of separated sanitary sewers, 968 miles of combined sewers, 477 miles of storm drains, 68 pump stations, 90 permitted combined sewer overflow outfalls, 295 storm drain outfalls, 189 stormwater quality treatment facilities, 145 flow control facilities, and 38 combined sewer overflow control detention tanks and pipes.

Solid Waste: The Solid Waste Utility collects and processes recycling, compostables, and residential and commercial garbage to promote public health and safety, quality of life, and environmental stewardship. The City owns and operates two transfer stations, two household hazardous waste facilities, a fleet of trucks and heavy equipment, and several closed landfills. The Solid Waste Capital Improvement Plan (CIP) supports the transfer stations, heavy equipment, and post-closure projects on landfills previously used by the City. In addition, SPU contracts with private companies who collect household refuse, compostable material, and recyclables. The companies deliver the material to recycling and composting facilities and to transfer stations for its ultimate processing or disposal. In concert with its waste handling and disposal activities, Solid Waste engages its customers in environmental sustainability programs that promote recycling, composting and reducing waste generation. Solid Waste also works to keep Seattle clean, by targeting illegal dumping, automobile abandonment, graffiti removal and providing public litter cans and recycling bins across Seattle.

Water: The Water Utility provides reliable, clean, and safe water to more than 1.4 million customers in and around Seattle for consumption and other uses. The water delivery system extends from Edmonds to Des Moines and from Puget Sound to Lake Joy near Duvall. SPU delivers water directly to its customers in Seattle and adjacent areas, and provides wholesale water to 21 suburban water utilities and two interlocal associations for distribution to their customers. The Water Utility includes 1,900 miles of pipeline, 30 pump stations, 15 treated water reservoirs, three wells and 104,000 acres in two watersheds. The Utility builds, operates and maintains the City's water infrastructure to ensure system reliability, conserve and enhance the region's environmental resources and protect public health and safety. SPU engages the community in conservation efforts to reduce water consumption.

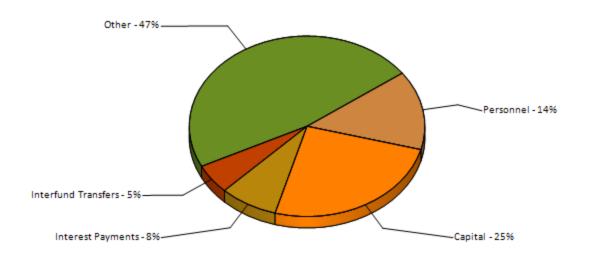

SPU monitors its funds using financial targets and employs these metrics to communicate about the financial health of its utilities with the Mayor and Council, Seattle residents and businesses and the bond rating agencies. Financial performance metrics include net income; year-end cash balance; the amount of cash versus debt

dedicated to the CIP; debt service coverage, which is the amount of cash available to pay annual debt service after day-to-day system expenses are paid; and, for the Drainage and Wastewater Fund, the debt to asset ratio. Due to strong financial management and a commitment on the part of elected officials to establishing prudent rates, SPU has some of the strongest bond ratings of any utility in the country. SPU's Water and Drainage and Wastewater bonds are rated one notch below the highest rating by both S&P (AA+) and Moody's (Aa1), while Solid Waste bonds, which traditionally are viewed as riskier by ratings agencies, are just slightly lower and still categorized as High Grade High Quality bonds (AA and Aa3 from the two agencies, respectively). These high ratings help SPU sell revenue bonds to fund infrastructure investments at the lowest costs possible. These lowered costs benefit the utilities and the rate payers they serve.

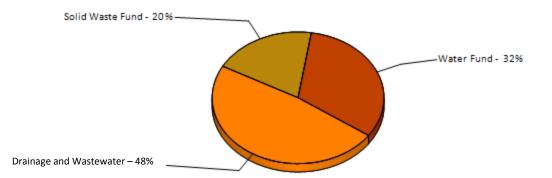

Budget Snapshot

| Department Support | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|-----------------------------|-----------------|-----------------|------------------|-----------------|
| General Fund Support | \$8,132,133 | \$9,433,982 | \$9,550,015 | \$8,642,557 |
| Other Funding - Operating | \$749,639,539 | \$830,294,555 | \$861,086,109 | \$864,958,767 |

2018 Adopted Budget - Expenditure by Category

2018 Adopted Budget - Revenue by Category

Budget Overview

Seattle Public Utilities' Budget includes some modifications from the 2018 Endorsed Budget that reflect the updated 2018-2023 6-year Strategic Business Plan, adopted in September 2017.

Strategic Business Plan:

Seattle Public Utilities (SPU) developed a Strategic Business Plan, adopted in August 2014, that guides the department's operations and investments for the period of 2015-2020. A nine-member customer panel oversaw the development of the plan. The plan sets a transparent and integrated direction for all SPU utilities and contains a six-year rate path for water, drainage, wastewater, and solid waste rates. SPU has updated the plan to reflect the 2018-2023 rate period, and proposed a 6-year utility rate path. The Strategic Business Plan will be updated every three years.

In 2018, SPU continues with programmatic reprioritization, efficiency improvements, and refinement of the Capital Improvement Program and operating budgets outlined in the plan to streamline utility services and deliver on regulatory requirements. In this first year of the updated Strategic Business Plan, many of the budget changes for SPU reprioritize and balance project timing, resulting in a net decrease in total 2018 budget. In addition, SPU will add 39 positions (39.5 FTE) in the 2018 Adopted Budget to plan for the major investments as outlined in the Strategic Business Plan. The main areas of focus for the 2018-2023 Strategic Business Plan build upon the original 2015-2020 Strategic Business Plan.

2015-2020 Strategic Plan Continuing Initiatives:

- Watershed management and maintenance
- Drainage and wastewater inspection, maintenance, and rehabilitation
- Internal service improvements
- Workforce investments in training and performance
- Customer service improvements
- System planning and emergency response improvements
- Information technology coordination

2018-2023 Strategic Plan Update New Initiatives

- Improvements to security and asset maintenance
- Apprenticeship program investments
- Sewer repair and water distribution system investments
- Green stormwater infrastructure investments
- Information technology strategy and management

Drainage and Wastewater Highlights

The Drainage and Wastewater Utility provides wastewater and stormwater management services to residences and businesses in the City of Seattle. It is supported almost entirely by utility fees. For wastewater, SPU collects charges based on the metered water usage via the SPU combined utility bill. For drainage, SPU charges Seattle property owner's fees based on property characteristics contributing to stormwater runoff. The drainage fee appears as a line item on King County property tax bills.

Drainage and Wastewater Rates were adopted in July 2015, and reflect an increase in the original expectations in the Strategic Business Plan. In 2018, Drainage rates will grow by 8.0%. Wastewater rates will grow by 1.2%. These rates are inclusive of King County treatment rates, which are typically added to rates charged by SPU to cover

wastewater and drainage treatment costs. New Drainage and Wastewater rates will be developed in 2018 for the 2019-2021 time period.

<u>Environmental Compliance</u>: Drainage and Wastewater will continue the efforts identified in the 2017 Adopted Budget to address environmental compliance through long-term issues like Combined Sewer Overflows (CSOs), National Pollutant Discharge Elimination System (NPDES) permits and contaminated soil clean-ups and containment areas. SPU will also invest additional resources to focus on CSO response. Capital program increases in the 2018-2023 Adopted CIP reprioritize and add projects based on CSO and clean-up efforts, the largest of which is the Ship Canal Water Quality Project. This project will construct a CSO overflow tunnel between Ballard and Wallingford, and is a joint project with King County.

SPU will participate in a new phased appropriation pilot to provide better oversight and transparency over the budget for the tunnel construction portion of the Ship Canal Water Quality Project. The Executive will work with City Council to implement this new pilot.

SPU is adding 24.5 FTEs in the Drainage and Wastewater Fund to support increased sewer repair, operations and maintenance expansion, improvements to performance and community capacity, capital project pre-planning support, security monitoring, regulatory compliance, and the drainage and wastewater apprenticeship program.

Solid Waste Highlights:

The Solid Waste Utility provides collection services to residents and businesses within the City of Seattle. Financial support of this service is primarily generated through charges based on the amount of garbage collected from residential and commercial waste collection contracts. Solid Waste will pursue opportunities for efficiencies in service delivery as it continues to experience decreased demand for services as a result of its conservation efforts to reduce solid waste and increase recycling activity.

The Solid Waste Fund expects long-term demand to remain stable, with a small decline in some sectors through 2019.

<u>Clean City Program Expansion</u>: The Clean City Program is the city's public garbage program which provides garbage and recycling services for city parks, public garbage and recycling receptacles, illegal dumping and abandoned vehicle response, graffiti abatement, community clean-up funding, and the above-ground rodent abatement program. In 2016, the City announced new pilot programs and expanded support for existing services related to public litter and encampment clean-up. The 2018 Adopted Budget continues funding for:

- additional Business Improvement Area (BIA) funding for litter;
- expanded outreach and capacity-building for BIAs;
- short-term neighborhood litter pick-up pilot projects;
- unsanctioned encampment waste removal pilot projects; and
- waste sharps disposal and response program.

These activities are supported by General Subfund revenues.

The City Council adopted solid waste rates in July 2016 for the three-year period of 2017-2019, effective April 1, 2017. The Council adopted rates with an increase of 7.2% in 2017, 1.9% in 2018, and 4.0% in 2019. SPU will propose new Solid Waste rates in 2019 for the 2020-2023 time period.

SPU is adding 5 FTEs in the Solid Waste Fund to support capital project pre-planning as well as asset maintenance and operations improvements.

Water Highlights:

Water delivers potable water directly to retail customers both inside the City and in adjacent areas. These retail customers provide about 72% of the Water Fund's operating revenues, with roughly equal revenues coming from residential and commercial users. SPU also delivers water to districts and agencies who then deliver water to their direct customers. This wholesaling of water represents about 21% of Water's projected operating revenues in 2018. The remaining revenue is generated by non-rate fees and other sources, including charges and reimbursement services that Water provides on behalf of the City as well as from grants and contributions.

The Water line of business has moved away from a period of intensive capital investment in new projects and is transitioning into maintenance and improvements of the existing transmission and distribution system. SPU will continue its efforts to complete reservoir retrofits and covering, water supply and asset preservation projects as detailed in the 2018-2023 Adopted CIP.

The City Council adopted water rates for retail customers in 2017 for the 2018, 2019 and 2020 rate period. Water rates were adopted at 3.0% in 2018, 3.5% in 2019, and 4.0% in 2020 under the 2018-2023 Strategic Business Plan.

SPU is adding 10 FTEs in the Water Fund to support expanded maintenance of water fund assets, regulatory requirements, expanded capital project pre-planning, and the water apprentice program.

City Council Changes to the Proposed Budget

The City Council modified the 2018 Proposed Budget to include \$100,000 of additional funding to expand the Encampment Bag Pilot, a pilot project undertaken by SPU in 2017 to supply empty garbage bags and limited collection services to selected homeless encampments. The City Council also added \$150,000 to the Solid Waste line of business to fund a feasibility study to expand recycling services for pet and diaper waste.

Descriptions of Incremental Budget Changes

Baseline Changes

Citywide Adjustments for Standard Cost Changes - \$1,337,738

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, health care, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

Proposed Changes

Technical Adjustments - (\$882,974)

This item includes technical adjustments reflecting increases for taxes, contract savings reinvestment, and labor related adjustments. It also includes reductions to debt service, major contract savings, adjustments to central costs, and a technical transfer of budget authority to the Department of Parks and Recreation for solid waste disposal.

IT Operational Portfolio - \$150,000/1.00 FTE

This item adds 1.0 FTE Strategic Advisor 3 position to support SPU's information technology portfolio. This position would complement consolidated Seattle Department of Information Technology services, and support SPU's ongoing technology strategy and needs.

Apprenticeship Program Enhancements - \$344,306/2.00 FTE

This item expands SPU's apprenticeship program in the Drainage and Wastewater, as well as Water lines of business. This item adds 2.0 FTE Apprenticeship Coordinators to support the ongoing program, and includes additional funding for supplies and materials.

Security Monitoring - \$135,307/1.00 FTE

This item adds 1.0 FTE Security Monitoring Specialist to support new security needs as SPU adds assets and infrastructure to the water, wastewater, and drainage system. This position will support ongoing monitoring for vandalism, unauthorized entry, and other safety concerns. This item includes funding for the position as well as supplies and materials.

Water and Sewer System Repair Crews - \$907,002/10.00 FTE

This item will fund one crew of 4.0 FTEs, including two Water Pipe Workers and two Senior Water Pipe Workers to expand maintenance on fire hydrants and fire hydrant valves. This will improve SPU's ability to address gaps in maintenance across the City resulting in growth and maintenance backlogs. This item also includes funding to support a new 6.0 FTE crew to implement new sewer repair technologies. The crew includes three Drainage and Wastewater Collection Workers, two Drainage and Wastewater Collection Lead Workers, and one Drainage and Wastewater Crew Chief. The crew will use new sewer lining technology to improve efficiency of spot repairs in sewer lines that previously required underground construction. This work was previously only available through limited contract options. This change also includes funding in the Drainage and Wastewater Capital Improvement Program.

Asset Maintenance and Operations - \$1,844,167/10.00 FTE

This item supports 10.0 FTE positions to maintain efficient inventory operations, landfill management, technical support needs, ground maintenance, and wireless technology coordination. Two temporary positions will be converted to permanent Senior Warehouser positions to maintain ongoing improvements in warehouse inventory activities. Three positions will be added to support ongoing landfill management, including two Heavy Truck Drivers to support expanded compost hauling needs and one Senior Environmental Analyst to continue ongoing oversight of landfill management. SPU is also adding two positions for technical support, including one Meter Reader position and one Senior Mechanical Engineer to expand internal expertise for SPU's increasingly complex engineering projects. Two additional Gardener positions are included to help SPU maintain more drainage assets that incorporate greenspace, ponds, and Green Stormwater Infrastructure on utility-owned land. One Planning and Development Specialist will manage wireless technology coordination to improve coordinated investments in mobile technologies. This item also includes non-labor funding to support ongoing transition work for the Summit Reimplementation Project.

Environmental Justice and Technical Support - \$182,846/4.50 FTE

SPU will convert four temporary positions to 4.0 FTEs, and add an additional 0.5 FTE to an existing position for expanding needs in environmental justice and financial analysis. Two temporary positions will be converted to Strategic Advisor 1 positions to support SPU's Environmental Justice and Social Equity (EJSE) Division to continue ongoing work on engaging communities of color, immigrants and refugees, customers with low income, and customers with limited English proficiency. One temporary position will be converted to a Strategic Advisor 1 to maintain ongoing change management work to improve SPU's ability to adapt to best management practices. One temporary position will be converted to a Strategic Advisor 1 to continue SPU's successful E-Learning program supporting the ongoing education of SPU employees. One part-time position will be expanded by 0.5 FTE to a full-time Accounting Tech III position to help SPU manage ongoing financial analysis needs as the department grows. Finally, this item includes non-labor funding to increase contracting with community partnerships to increase EJSE engagement with communities.

Capital Support in Operations - \$568,487/5.00 FTE

This item funds operational support activities that precede or complement capital project delivery. This item converts four temporary positions into 4.0 FTEs, and adds 1.0 FTE new position. Two positions will be converted from temporary to full-time Senior Public Relations Specialists to extend and improve SPU's communications to communities around major capital projects that impact them. Two positions will be converted from temporary to full-time Management Systems Analysts to maintain consistency in cost estimation and project control. One Strategic Advisor 2 position will be added to support additional water system modeling. This item also includes non-labor funding for pre-capital planning work on Seattle Department of Transportation's Move Seattle Levy projects anticipated to impact SPU assets.

70% Recycling Goal Investments - \$810,337

This item funds new activities in SPU to further the department's efforts in reaching a 70% recycling goal by encouraging waste prevention and initiating a construction waste sorting pilot. The City currently meets a target of 59% of the waste stream considered as recyclable or compostable waste. This new work will develop tools to track and measure waste prevention behavior, establish baseline data and waste characterization profiles, and implement an attitudes and behaviors survey tool to understand customer sorting behavior and barriers to waste diversion. Also included in this funding is support for a food waste prevention and recovery campaign. Finally, this change will advance a new pilot to test sorting capabilities at the South Transfer Station for construction and demolition waste, which comprises a large portion of potentially recyclable materials not currently diverted from the waste stream.

Regulatory Requirements - \$1,277,234/5.00 FTE

SPU must comply with numerous federal, state, and local regulatory requirements. This item funds 5.0 FTEs and additional non-labor funding to improve side sewer enforcement, the Utility Locate Program (Call Before You Dig), water quality sampling, facility compliance, and asset monitoring requirements. These positions include one Senior Civil Engineer to monitor and conduct side sewer enforcement policies, three Drainage and Wastewater Collection Workers to map, mark, and respond to underground utility location inquires, and one Water Quality Analyst to support expanded coliform sampling as required by the Department of Health. This item also includes non-labor funding to increase SPU facility compliance for American Disabilities Act regulations, energy efficiency requirements, and landfill gas monitoring. Finally, \$745,000 of non-labor funding is included in this item for ongoing monitoring of wastewater outfalls, runoff water quality, and landfill and transfer station requirements.

Department Savings and Deferrals - (\$4,054,250)

This item reflects strategic deferrals of major projects or direct savings due to efficiency improvements to department operations. SPU has identified improvements to project life cycle timing, permanent ongoing resources to replace temporary or contract resources, and new operational strategies that have reduced overtime and eliminated unneeded technical tools to realize savings. SPU has also identified refinements in cost estimation that have resulted in lower costs. Finally, SPU has refined capital project timing to align with the utility's Strategic Business Plan, resulting in deferred planning, consultant support, modeling, and maintenance analysis not required in 2018.

Green Stormwater Infrastructure - \$95,000/1.00 FTE

As part of SPU's Strategic Business Plan, the utility will invest more in Green Stormwater Infrastructure Program projects that improve drainage and stormwater diversion through rain gardens and managed natural soil and vegetation that helps to clean and control runoff before it reaches lakes, rivers, and oceans. This item funds 1.0 FTE Strategic Advisor 2 position to help coordinate and focus the program in neighborhoods that are rapidly increasing in density and growth.

Water Fund Capital Projects - \$7,507,992

Changes to the Water Fund Capital Improvement Program (CIP) reflect increases and decreases of capital projects for the 2018 Adopted Budget. Increases include higher cost estimates for feeder mains, elevated tank upgrades, seismic reservoir upgrades, and Move Seattle Levy projects in 2018. Decreases are attributable to refined cost estimates for hatchery projects and new lower cost alternatives for the Transmission Pipelines Rehabilitation project. Please refer to the 2018-2023 Adopted CIP for more detail.

Drainage and Wastewater Fund Capital Projects - \$4,537,052

Changes to the Drainage and Wastewater Fund Capital Improvement Program (CIP) reflect increases, deferrals and acceleration of capital projects for the 2018 Adopted Budget. Increases include capital project resources to support the enhanced sewer repair crew funded in the Water and Sewer System Repair Crews incremental budget change. Other increases include accelerated and increased costs to conduct underground utility relocations for the Alaskan Way Viaduct, Move Seattle Levy, and other transportation projects, increases to the West Ship Canal Project for expanded design needs, as well as facility renovation costs for the new Drainage and Wastewater South Operations facility. Decreases in this change reflect the deferral of localized flood reduction projects, resequencing components of the West Ship Canal Water Quality Project, and other drainage improvement and overflow projects. These deferrals are necessary to sequence other priority projects and maintain SPU's target rate path as presented in the utility's Strategic Business Plan. Please refer to the 2018-2023 Adopted CIP for more detail.

Solid Waste Fund Capital Projects - (\$16,349,947)

Changes to the Solid Waste Fund Capital Improvement Program (CIP) reflect the deferral of the South Transfer Station Phase 2 capital project for the 2018 Adopted Budget. This deferral is needed to accommodate the sequencing of other major capital projects in the community. This item also includes small increases in heavy equipment as determined by the Solid Waste Comprehensive Plan Update, a requirement of the Washington State Department of Ecology. Please refer to the 2018-2023 Adopted CIP for more detail.

Technology Capital Projects - \$87,268

Changes to the Technology Capital Improvement Program (CIP) reflect decreases, acceleration and deferrals of capital projects for the 2018 Adopted Budget. The Technology CIP funds information technology projects that support the Water, Drainage and Wastewater and Solid Waste lines of business. Increases include acceleration of work supporting the Customer Contact and Billing Program. This change defers costs for major Geographic Information Systems and Computer Aided Design and Drafting platform upgrades, project delivery enterprise systems, asset management system upgrades, and science and system performance applications to accommodate other projects. Please refer to the 2018-2023 Adopted CIP for more detail.

Council Changes

Council Technical Adjustments

This item includes a net-zero technical correction to labor budgets in the Drainage and Wastewater Fund, Solid Waste Fund, and Water Fund.

Expand Homeless Encampment Bag Pilot - \$100,000

This item will expand funding for the Homeless Encampment Bag pilot, begun in 2017 as part of the Clean City Program, the citywide public garbage program. The Encampment Bag Pilot provides empty garbage bags to

selected homeless encampment sites, and designates nearby drop-off/pick-up locations for removal of trash. The additional resources are intended to increase the number of encampments served by SPU crews and contractors.

Pet and Diaper Waste Recycling Feasibility Study - \$150,000

This item adds \$150,000 to the Solid Waste line of business to evaluate the feasibility of recycling pet and diaper waste in Seattle. The feasibility study will investigate available technologies and techniques for pet and diaper waste recycling, relative costs, relative benefits, financial policy implications, rate effects, and other policy considerations relevant to reducing Seattle's landfill-bound waste.

City Council Provisos

The City Council adopted the following budget provisos:

No funds in the Combined Sewer Overflow Budget Control Level may be spent on physical construction
of the Ship Canal Water Quality Project Storage Tunnel (C315503) (adopted in the 2018-2023 Capital
Improvement Program), until authorized by future ordinance. It is anticipated that such authorization
will not be granted until Seattle Public Utilities completes 100% project design of the Storage Tunnel
activity and reports to the Civil Rights, Utilities, Economic Development & Arts Committee, or its
successor committee.

Expenditure Overview

Appropriations By Budget Control Level (BCL) and Program

Administration Budget Control Level

The purpose of the Drainage and Wastewater Utility Administration Budget Control Level is to provide overall management and policy direction for Seattle Public Utilities and, more specifically, for the Drainage and Wastewater Utility, and to provide core financial, human resource, and information technology services.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|-----------------------------------|-----------------|-----------------|------------------|-----------------|
| Administration | 18,886,347 | 12,922,523 | 13,364,541 | 15,308,235 |
| General and Administrative Credit | -17,261,939 | -11,600,414 | -11,923,708 | -12,090,656 |
| Total | 1,624,408 | 1,322,109 | 1,440,833 | 3,217,579 |
| Full-time Equivalents Total* | 68.75 | 19.75 | 19.75 | 29.25 |

* FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.

The following information summarizes the programs in Administration Budget Control Level:

Administration Program

The purpose of the Drainage and Wastewater Utility Administration Program is to provide overall management and policy direction for Seattle Public Utilities and, more specifically, for the Drainage and Wastewater Utility, and to provide core financial, human resource, and information technology services to the entire department.

| | 2016 | 2017 | 2018 | 2018 |
|-----------------------------|------------|------------|------------|------------|
| Expenditures/FTE | Actuals | Adopted | Endorsed | Adopted |
| Administration | 18,886,347 | 12,922,523 | 13,364,541 | 15,308,235 |
| Full-time Equivalents Total | 68.75 | 19.75 | 19.75 | 29.25 |

General and Administrative Credit Program

The purpose of the Drainage and Wastewater Utility's General and Administrative Credit Program is to provide appropriation for indirect cost allocation recovery, fringe overhead, and equipment depreciation.

| | 2016 | 2017 | 2018 | 2018 |
|-----------------------------------|-------------|-------------|-------------|-------------|
| Expenditures | Actuals | Adopted | Endorsed | Adopted |
| General and Administrative Credit | -17,261,939 | -11,600,414 | -11,923,708 | -12,090,656 |

Combined Sewer Overflows Budget Control Level

The purpose of the Drainage and Wastewater Utility Combined Sewer Overflow (CSO) Budget Control Level, a Capital Improvement Program funded by drainage and wastewater revenues, is to plan and construct large infrastructure systems, smaller retrofits, and green infrastructure for CSO control.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------|-----------------|-----------------|------------------|-----------------|
| Combined Sewer Overflows | 48,825,598 | 37,290,884 | 39,482,646 | 33,136,531 |
| Total | 48,825,598 | 37,290,884 | 39,482,646 | 33,136,531 |
| Full-time Equivalents Total* | 30.00 | 30.00 | 30.00 | 30.00 |

* FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.

Customer Service Budget Control Level

The purpose of the Drainage and Wastewater Utility Customer Service Budget Control Level is to provide customer service in the direct delivery of essential programs and services that anticipate and respond to customer expectations.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------|-----------------|-----------------|------------------|-----------------|
| Customer Service | 8,521,048 | 10,498,664 | 10,758,098 | 10,885,954 |
| Total | 8,521,048 | 10,498,664 | 10,758,098 | 10,885,954 |
| Full-time Equivalents Total* | 60.50 | 60.50 | 60.50 | 61.50 |

* FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.

Flooding, Sewer Back-up, and Landslides Budget Control Level

The purpose of the Drainage and Wastewater Utility Flooding, Sewer Back-up, and Landslides Budget Control Level, a Capital Improvement Program funded by drainage and wastewater revenues, is to plan, design and construct systems aimed at preventing or alleviating flooding and sewer backups in the City of Seattle, protecting public health, safety, and property. This program also protects SPU drainage and wastewater infrastructure from landslides, and makes drainage improvements where surface water generated from City rights-of-way contributes to landslides.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|--|-----------------|-----------------|------------------|-----------------|
| Flooding, Sewer Back-up, and Landslides | 10,910,900 | 18,646,186 | 32,178,536 | 16,565,889 |
| Total | 10,910,900 | 18,646,186 | 32,178,536 | 16,565,889 |
| Full-time Equivalents Total* | 25.00 | 25.00 | 25.00 | 25.00 |

General Expense Budget Control Level

The purpose of the Drainage and Wastewater Utility General Expense Budget Control Level is to appropriate funds to pay the Drainage and Wastewater Utility's general expenses.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------|-----------------|-----------------|------------------|-----------------|
| Debt Service | 49,855,250 | 63,679,631 | 73,251,121 | 71,685,360 |
| Other General Expenses | 174,801,236 | 199,388,021 | 204,670,535 | 201,915,171 |
| Taxes | 49,167,369 | 51,274,136 | 52,654,747 | 54,520,036 |
| Total | 273,823,856 | 314,341,788 | 330,576,403 | 328,120,567 |
| Full-time Equivalents Total* | 0.50 | 0.50 | 0.50 | 0.50 |

* FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.

The following information summarizes the programs in General Expense Budget Control Level:

Debt Service Program

The purpose of the Drainage and Wastewater Utility Debt Service Program is to provide appropriation for debt service on Drainage and Wastewater Utility bonds.

| | 2016 | 2017 | 2018 | 2018 |
|--------------|------------|------------|------------|------------|
| Expenditures | Actuals | Adopted | Endorsed | Adopted |
| Debt Service | 49,855,250 | 63,679,631 | 73,251,121 | 71,685,360 |

Other General Expenses Program

The purpose of the Drainage and Wastewater Utility Other General Expenses Program is to appropriate funds for SPU's share of City central costs, claims, contracts, and other general expenses.

| | 2016 | 2017 | 2018 | 2018 |
|-----------------------------|-------------|-------------|-------------|-------------|
| Expenditures/FTE | Actuals | Adopted | Endorsed | Adopted |
| Other General Expenses | 174,801,236 | 199,388,021 | 204,670,535 | 201,915,171 |
| Full-time Equivalents Total | 0.50 | 0.50 | 0.50 | 0.50 |

Taxes Program

The purpose of the Drainage and Wastewater Utility Taxes Program is to provide appropriation for payment of city and state taxes.

| | 2016 | 2017 | 2018 | 2018 |
|--------------|------------|------------|------------|------------|
| Expenditures | Actuals | Adopted | Endorsed | Adopted |
| Taxes | 49,167,369 | 51,274,136 | 52,654,747 | 54,520,036 |

Other Operating Budget Control Level

The purpose of the Other Operating Budget Control Level is to fund the Drainage and Wastewater Utility's operating expenses for Field Operations, Pre-Capital Planning & Development, Project Delivery, Utility Systems Management, DWW LOB, Solid Waste LOB, and Water LOB programs.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------------|-----------------|-----------------|------------------|-----------------|
| DWW LOB | 40,115,750 | 46,061,587 | 46,970,685 | 48,843,803 |
| Pre-Capital Planning & Development | 1,522,713 | 2,188,339 | 2,119,200 | 1,901,273 |
| Project Delivery | 12,786,400 | 13,228,787 | 13,559,706 | 14,229,213 |
| Solid Waste LOB | 71,829 | 0 | 0 | 13,322 |
| Water LOB | 5,191,397 | 5,250,560 | 5,597,312 | 5,098,409 |
| Total | 59,688,089 | 66,729,273 | 68,246,903 | 70,086,020 |
| Full-time Equivalents Total* | 82.00 | 80.00 | 80.00 | 94.00 |

* FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.

The following information summarizes the programs in Other Operating Budget Control Level:

DWW LOB Program

The purpose of the Drainage and Wastewater Line of Business Program is to manage sewage and stormwater to protect public health as required by the Environmental Protection Agency and state regulatory agencies. This includes efforts to inspect, clean, and maintain systems, educate customers to keep things out of the system that contribute to flooding and runoff pollution, and to ensure the system meets population growth and development needs. Costs for the Drainage and Wastewater Line of Business can apply to other utility lines of business through shared services.

| | 2016 | 2017 | 2018 | 2018 |
|-----------------------------|------------|------------|------------|------------|
| Expenditures/FTE | Actuals | Adopted | Endorsed | Adopted |
| DWW LOB | 40,115,750 | 46,061,587 | 46,970,685 | 48,843,803 |
| Full-time Equivalents Total | 0.00 | 0.00 | 0.00 | 14.00 |

Pre-Capital Planning & Development Program

The purpose of the Drainage and Wastewater Utility Pre-Capital Planning & Development Program is to support business case development, project plans, and options analysis for the drainage and wastewater system. This program will capture all costs associated with a project that need to be expensed during its life cycle, including any post-construction monitoring and landscape maintenance.

| | 2016 | 2017 | 2018 | 2018 |
|------------------------------------|-----------|-----------|-----------|-----------|
| Expenditures/FTE | Actuals | Adopted | Endorsed | Adopted |
| Pre-Capital Planning & Development | 1,522,713 | 2,188,339 | 2,119,200 | 1,901,273 |
| Full-time Equivalents Total | 0.00 | -2.00 | -2.00 | -2.00 |

Project Delivery Program

The purpose of the Drainage and Wastewater Utility Project Delivery Program is to provide engineering design and support services, construction inspection, and project management services to Drainage and Wastewater Utility's capital improvement projects and to the managers of drainage and wastewater facilities.

| | 2016 | 2017 | 2018 | 2018 |
|-----------------------------|------------|------------|------------|------------|
| Expenditures/FTE | Actuals | Adopted | Endorsed | Adopted |
| Project Delivery | 12,786,400 | 13,228,787 | 13,559,706 | 14,229,213 |
| Full-time Equivalents Total | 81.00 | 81.00 | 81.00 | 81.00 |

Solid Waste LOB Program

The purpose of the Solid Waste Line of Business Program is to manage garbage, recycling, and yard waste collection, and to educate customers to encourage the composting of yard waste and organics, recycling, and garbage reduction. This program includes operating Seattle's two garbage and recycling transfer stations. Costs for the Solid Waste Line of Business can apply to other Utility lines of business through shared services.

| | 2016 | 2017 | 2018 | 2018 |
|-----------------|---------|---------|----------|---------|
| Expenditures | Actuals | Adopted | Endorsed | Adopted |
| Solid Waste LOB | 71,829 | 0 | 0 | 13,322 |

Water LOB Program

The purpose of the Water Line of Business Program is to manage, treat, and reliably deliver high-quality drinking water. The Water Line of Business also promotes wise water use, and manages the Cedar and Tolt watersheds, dams, and water storage facilities to ensure the system meets population growth and development needs. Costs for the Water Lines of Business can apply to other utility lines of business through shared services.

| | 2016 | 2017 | 2018 | 2018 |
|-----------------------------|-----------|-----------|-----------|-----------|
| Expenditures/FTE | Actuals | Adopted | Endorsed | Adopted |
| Water LOB | 5,191,397 | 5,250,560 | 5,597,312 | 5,098,409 |
| Full-time Equivalents Total | 1.00 | 1.00 | 1.00 | 1.00 |

Protection of Beneficial Uses Budget Control Level

The purpose of the Drainage and Wastewater Utility Protection of Beneficial Uses Budget Control Level, a Capital Improvement Program funded by drainage revenues, is to make improvements to the City's drainage system to reduce the harmful effects of stormwater runoff on creeks and receiving waters by improving water quality and protecting or enhancing habitat.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|-------------------------------|-----------------|-----------------|------------------|-----------------|
| Protection of Beneficial Uses | 3,421,127 | 9,897,378 | 10,283,913 | 11,730,529 |
| Total | 3,421,127 | 9,897,378 | 10,283,913 | 11,730,529 |
| Full-time Equivalents Total* | 15.00 | 15.00 | 15.00 | 15.00 |

Rehabilitation Budget Control Level

The purpose of the Drainage and Wastewater Utility Rehabilitation Budget Control Level, a Capital Improvement Program funded by drainage and wastewater revenues, is to rehabilitate or replace existing drainage and wastewater assets in kind, to maintain the current functionality of the system.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------|-----------------|-----------------|------------------|-----------------|
| Rehabilitation | 18,872,736 | 29,774,678 | 36,603,112 | 39,088,532 |
| Total | 18,872,736 | 29,774,678 | 36,603,112 | 39,088,532 |
| Full-time Equivalents Total* | 30.00 | 30.00 | 30.00 | 30.00 |

* FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.

Sediments Budget Control Level

The purpose of the Drainage and Wastewater Utility Sediments Budget Control Level, a Capital Improvement Program funded by drainage and wastewater revenues, is to restore and rehabilitate natural resources in or along Seattle's waterways.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------|-----------------|-----------------|------------------|-----------------|
| Sediments | 3,732,216 | 6,854,789 | 6,552,998 | 6,489,059 |
| Total | 3,732,216 | 6,854,789 | 6,552,998 | 6,489,059 |
| Full-time Equivalents Total* | 7.00 | 7.00 | 7.00 | 7.00 |

* FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.

Shared Cost Projects Budget Control Level

The purpose of the Drainage and Wastewater Utility Shared Cost Projects Budget Control Level, a Drainage and Wastewater Capital Improvement Program, is to implement the Drainage and Wastewater Utility's share of capital improvement projects that receive funding from multiple SPU funds benefiting the Utility.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------|-----------------|-----------------|------------------|-----------------|
| Shared Cost Projects | 24,706,300 | 23,446,404 | 33,004,611 | 55,632,328 |
| Total | 24,706,300 | 23,446,404 | 33,004,611 | 55,632,328 |
| Full-time Equivalents Total* | 39.00 | 39.00 | 39.00 | 39.00 |
| | | | | |

Technology Budget Control Level

The purpose of the Drainage and Wastewater Utility Technology Budget Control Level, a Capital Improvement Program, is to make use of recent technology advances to increase the Drainage and Wastewater Utility's efficiency and productivity.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------|-----------------|-----------------|------------------|-----------------|
| Technology | 8,607,314 | 11,185,051 | 6,161,485 | 6,134,896 |
| Total | 8,607,314 | 11,185,051 | 6,161,485 | 6,134,896 |
| Full-time Equivalents Total* | 13.00 | 13.00 | 13.00 | 13.00 |

* FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.

Administration Budget Control Level

The purpose of the Solid Waste Utility Administration Budget Control Level is to provide overall management and policy direction for Seattle Public Utilities, and, more specifically, for the Solid Waste Utility, and to provide core financial, human resource, and information technology services.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|-----------------------------------|-----------------|-----------------|------------------|-----------------|
| Administration | 7,276,231 | 5,984,704 | 6,075,861 | 6,800,240 |
| General and Administrative Credit | -3,680,840 | -1,492,226 | -1,490,876 | -2,242,832 |
| Total | 3,595,391 | 4,492,478 | 4,584,985 | 4,557,408 |
| Full-time Equivalents Total* | 28.50 | 15.50 | 15.50 | 15.50 |

* FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.

The following information summarizes the programs in Administration Budget Control Level:

Administration Program

The purpose of the Solid Waste Utility Administration Program is to provide overall management and policy direction for Seattle Public Utilities, and, more specifically, for the Solid Waste Utility, and to provide core financial, human resource, and information technology services to the entire department.

Other Operating Budget Control Level

The purpose of the Other Operating Budget Control Level is to fund the Solid Waste Utility's operating expenses for Field Operations, Pre-Capital Planning & Development, Project Delivery, Utility Systems Management, DWW LOB, Solid Waste LOB, and Water LOB programs.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------------|-----------------|-----------------|------------------|-----------------|
| DWW LOB | 85,649 | 80,442 | 82,072 | 45,333 |
| Pre-Capital Planning & Development | 235,492 | 170,071 | 173,481 | 170,789 |
| Project Delivery | 1,130,951 | 1,232,921 | 1,257,535 | 1,293,999 |
| Solid Waste LOB | 18,159,874 | 21,778,290 | 22,301,912 | 24,120,746 |
| Water LOB | 570,750 | 469,472 | 477,015 | 292,673 |
| Total | 20,182,716 | 23,731,196 | 24,292,015 | 25,923,540 |
| Full-time Equivalents Total* | 2.00 | 6.00 | 6.00 | 11.00 |

The following information summarizes the programs in Other Operating Budget Control Level:

DWW LOB Program

The purpose of the Drainage and Wastewater Line of Business Program is to manage sewage and stormwater to protect public health as required by the Environmental Protection Agency and state regulatory agencies. This includes efforts to inspect, clean, and maintain systems, educate customers to keep things out of the system that contribute to flooding and runoff pollution, and to ensure the system meets population growth and development needs. Costs for the Drainage and Wastewater Line of Business can apply to other utility lines of business through shared services.

| | 2016 | 2017 | 2018 | 2018 |
|-----------------------------|---------|---------|----------|---------|
| Expenditures/FTE | Actuals | Adopted | Endorsed | Adopted |
| DWW LOB | 85,649 | 80,442 | 82,072 | 45,333 |
| Full-time Equivalents Total | 2.00 | 2.00 | 2.00 | 2.00 |

Pre-Capital Planning & Development Program

The purpose of the Solid Waste Utility Pre-Capital Planning & Development Program is to support business case development, project plans, and options analysis for the solid waste system. This program will capture all costs associated with a project that needs to be expensed during its life cycle, including any post-construction monitoring and landscape maintenance.

| | 2016 | 2017 | 2018 | 2018 |
|------------------------------------|---------|---------|----------|---------|
| Expenditures/FTE | Actuals | Adopted | Endorsed | Adopted |
| Pre-Capital Planning & Development | 235,492 | 170,071 | 173,481 | 170,789 |
| Full-time Equivalents Total | 0.00 | -1.00 | -1.00 | -1.00 |

Project Delivery Program

The purpose of the Solid Waste Utility Project Delivery Program is to provide engineering design and support services, construction inspection, and project management services to Solid Waste Fund capital improvement projects, and to solid waste facility managers.

| | 2016 | 2017 | 2018 | 2018 |
|-----------------------------|-----------|-----------|-----------|-----------|
| Expenditures/FTE | Actuals | Adopted | Endorsed | Adopted |
| Project Delivery | 1,130,951 | 1,232,921 | 1,257,535 | 1,293,999 |
| Full-time Equivalents Total | 0.00 | 0.00 | 0.00 | 2.00 |

Solid Waste LOB Program

The purpose of the Solid Waste Line of Business Program is to manage garbage, recycling, and yard waste collection, and to educate customers to encourage the composting of yard waste and organics, recycling, and garbage reduction. This program includes operating Seattle's two garbage and recycling transfer stations. Costs for the Solid Waste Line of Business can apply to other Utility lines of business through shared services.

| | 2016 | 2017 | 2018 | 2018 |
|-----------------------------|------------|------------|------------|------------|
| Expenditures/FTE | Actuals | Adopted | Endorsed | Adopted |
| Solid Waste LOB | 18,159,874 | 21,778,290 | 22,301,912 | 24,120,746 |
| Full-time Equivalents Total | 0.00 | 5.00 | 5.00 | 8.00 |

Water LOB Program

The purpose of the Water Line of Business Program is to manage, treat, and reliably deliver high-quality drinking water. The Water Line of Business also promotes wise water use, and manages the Cedar and Tolt watersheds, dams, and water storage facilities to ensure the system meets population growth and development needs. Costs for the Water Lines of Business can apply to other utility lines of business through shared services.

| Expenditures | 2016 | 2017 | 2018 | 2018 |
|--------------|---------|---------|----------|---------|
| | Actuals | Adopted | Endorsed | Adopted |
| Water LOB | 570,750 | 469,472 | 477,015 | 292,673 |

Rehabilitation and Heavy Equipment Budget Control Level

The purpose of the Solid Waste Utility Rehabilitation and Heavy Equipment Budget Control Level, a Capital Improvement Program funded by solid waste revenues, is to implement projects to repair and rehabilitate the City's solid waste transfer stations and improve management of the City's closed landfills and household hazardous waste sites.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------------|-----------------|-----------------|------------------|-----------------|
| Rehabilitation and Heavy Equipment | 38,170 | 400,000 | 120,000 | 270,000 |
| Total | 38,170 | 400,000 | 120,000 | 270,000 |

Shared Cost Projects Budget Control Level

The purpose of the Solid Waste Utility Shared Cost Projects Budget Control Level, a Solid Waste Capital Improvement Program, is to implement the Solid Waste Utility's share of capital improvement projects that receive funding from multiple SPU funds and will benefit the Solid Waste Fund.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|----------------------|-----------------|-----------------|------------------|-----------------|
| Shared Cost Projects | 1,795,714 | 2,921,977 | 2,343,914 | 1,893,581 |
| Total | 1,795,714 | 2,921,977 | 2,343,914 | 1,893,581 |

Technology Budget Control Level

The purpose of the Solid Waste Utility Technology Budget Control Level, a Capital Improvement Program, is to make use of technology to increase the Solid Waste Utility's efficiency and productivity.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------|-----------------|-----------------|------------------|-----------------|
| Technology | 6,815,783 | 5,864,014 | 2,750,610 | 3,243,789 |
| Total | 6,815,783 | 5,864,014 | 2,750,610 | 3,243,789 |
| Full-time Equivalents Total* | 6.00 | 6.00 | 6.00 | 6.00 |

Administration Budget Control Level

The purpose of the Water Utility Administration Budget Control Level is to provide overall management and policy direction for Seattle Public Utilities, and, more specifically, for the Water Utility, and to provide core financial, human resource, and information technology services.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|-----------------------------------|-----------------|-----------------|------------------|-----------------|
| Administration | 20,085,443 | 14,802,695 | 15,197,278 | 17,003,530 |
| General and Administrative Credit | -11,981,825 | -7,198,867 | -6,758,941 | -7,510,262 |
| Total | 8,103,618 | 7,603,828 | 8,438,337 | 9,493,268 |
| Full-time Equivalents Total* | 99.10 | 61.10 | 61.10 | 64.10 |

* FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.

The following information summarizes the programs in Administration Budget Control Level:

Administration Program

The purpose of the Water Utility Administration Program is to provide overall management and policy direction for Seattle Public Utilities, and, more specifically, for the Water Utility, and to provide core financial, human resource, and information technology services to the entire department.

| Expenditures/FTE | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|-----------------------------|-----------------|-----------------|------------------|-----------------|
| Administration | 20,085,443 | 14,802,695 | 15,197,278 | 17,003,530 |
| Full-time Equivalents Total | 99.10 | 61.10 | 61.10 | 64.10 |

General and Administrative Credit Program

The purpose of the Water Utility's General and Administrative Credit Program is to provide appropriation for indirect cost allocation recovery, fringe overhead, and equipment depreciation.

| | 2016 | 2017 | 2018 | 2018 |
|-----------------------------------|-------------|------------|------------|------------|
| Expenditures | Actuals | Adopted | Endorsed | Adopted |
| General and Administrative Credit | -11,981,825 | -7,198,867 | -6,758,941 | -7,510,262 |

Customer Service Budget Control Level

The purpose of the Water Utility Customer Service Budget Control Level is to provide customer service in the direct delivery of programs and services.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------|-----------------|-----------------|------------------|-----------------|
| Customer Service | 10,133,473 | 12,343,177 | 12,680,694 | 12,657,572 |
| Total | 10,133,473 | 12,343,177 | 12,680,694 | 12,657,572 |
| Full-time Equivalents Total* | 86.00 | 86.00 | 86.00 | 86.00 |

Distribution Budget Control Level

The purpose of the Water Utility Distribution Budget Control Level, a Capital Improvement Program funded by water revenues, is to repair and upgrade the City's water lines, pump stations, and other facilities.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------|-----------------|-----------------|------------------|-----------------|
| Distribution | 24,946,413 | 28,295,498 | 27,895,207 | 34,686,903 |
| Total | 24,946,413 | 28,295,498 | 27,895,207 | 34,686,903 |
| Full-time Equivalents Total* | 79.00 | 79.00 | 79.00 | 79.00 |

* FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.

General Expense Budget Control Level

The purpose of the Water Utility General Expense Budget Control Level is to appropriate funds to pay the Water Utility's general expenses.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------|-----------------|-----------------|------------------|-----------------|
| Debt Service | 83,289,590 | 83,472,461 | 85,612,088 | 85,734,229 |
| Other General Expenses | 24,980,055 | 33,674,599 | 34,555,663 | 33,664,371 |
| Taxes | 42,128,072 | 42,293,582 | 44,090,410 | 44,650,169 |
| Total | 150,397,717 | 159,440,642 | 164,258,161 | 164,048,769 |

The following information summarizes the programs in General Expense Budget Control Level:

Debt Service Program

The purpose of the Water Utility Debt Service Program is to appropriate funds for debt service on Water Utility bonds.

| | 2016 | 2017 | 2018 | 2018 |
|--------------|------------|------------|------------|------------|
| Expenditures | Actuals | Adopted | Endorsed | Adopted |
| Debt Service | 83,289,590 | 83,472,461 | 85,612,088 | 85,734,229 |

Other General Expenses Program

The purpose of the Water Utility Other General Expenses Program is to appropriate funds for SPU's share of City central costs, claims, contracts, and other general expenses.

| | 2016 | 2017 | 2018 | 2018 |
|------------------------|------------|------------|------------|------------|
| Expenditures | Actuals | Adopted | Endorsed | Adopted |
| Other General Expenses | 24,980,055 | 33,674,599 | 34,555,663 | 33,664,371 |

Taxes Program

The purpose of the Water Utility Taxes Program is to appropriate funds for payment of city and state taxes.

| | 2016 | 2017 | 2018 | 2018 |
|--------------|------------|------------|------------|------------|
| Expenditures | Actuals | Adopted | Endorsed | Adopted |
| Taxes | 42,128,072 | 42,293,582 | 44,090,410 | 44,650,169 |

Habitat Conservation Program Budget Control Level

The purpose of the Water Utility Habitat Conservation Budget Control Level, a Capital Improvement Program funded by water revenues, is to manage projects directly related to the Cedar River Watershed Habitat Conservation Plan.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------|-----------------|-----------------|------------------|-----------------|
| Habitat Conservation Program | 2,040,531 | 2,105,933 | 2,606,331 | 1,959,331 |
| Total | 2,040,531 | 2,105,933 | 2,606,331 | 1,959,331 |
| Full-time Equivalents Total* | 15.00 | 15.00 | 15.00 | 15.00 |

* FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.

Other Operating Budget Control Level

The purpose of the Other Operating Budget Control Level is to fund the Water Utility's operating expenses for Field Operations, Pre-Capital Planning & Development, Project Delivery, Utility Systems Management, DWW LOB, Solid Waste LOB, and Water LOB programs.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------------|-----------------|-----------------|------------------|-----------------|
| DWW LOB | 187,214 | 179,311 | 181,380 | 180,967 |
| Pre-Capital Planning & Development | 2,035,010 | 1,784,392 | 1,798,197 | 1,786,742 |
| Project Delivery | 7,063,900 | 7,215,945 | 7,517,759 | 7,493,327 |
| Solid Waste LOB | 89,787 | 0 | 0 | 16,652 |
| Water LOB | 48,546,216 | 52,483,442 | 52,699,804 | 53,093,779 |
| Total | 57,922,127 | 61,663,090 | 62,197,140 | 62,571,467 |
| Full-time Equivalents Total* | 26.50 | 23.50 | 23.50 | 30.50 |

The following information summarizes the programs in Other Operating Budget Control Level:

DWW LOB Program

The purpose of the Drainage and Wastewater Line of Business Program is to manage sewage and stormwater to protect public health as required by the Environmental Protection Agency and state regulatory agencies. This includes efforts to inspect, clean, and maintain systems, educate customers to keep things out of the system that contribute to flooding and runoff pollution, and to ensure the system meets population growth and development needs. Costs for the Drainage and Wastewater Line of Business can apply to other utility lines of business through shared services.

| | 2016 | 2017 | 2018 | 2018 |
|-----------------------------|---------|---------|----------|---------|
| Expenditures/FTE | Actuals | Adopted | Endorsed | Adopted |
| DWW LOB | 187,214 | 179,311 | 181,380 | 180,967 |
| Full-time Equivalents Total | 2.00 | 2.00 | 2.00 | 2.00 |

Pre-Capital Planning & Development Program

The purpose of the Water Utility Pre-Capital Planning & Development Program is to support business case development, project plans, and options analysis for the water system. This program will capture all costs associated with a project that need to be expensed during the life cycle of the project, including any post-construction monitoring and landscape maintenance.

| | 2016 | 2017 | 2018 | 2018 |
|------------------------------------|-----------|-----------|-----------|-----------|
| Expenditures/FTE | Actuals | Adopted | Endorsed | Adopted |
| Pre-Capital Planning & Development | 2,035,010 | 1,784,392 | 1,798,197 | 1,786,742 |
| Full-time Equivalents Total | 0.00 | -2.00 | -2.00 | -2.00 |

Project Delivery Program

The purpose of the Water Utility Project Delivery Program is to provide engineering design and support services, construction inspection, and project management services to Water Utility's capital improvement projects and to the managers of water facilities.

| Expenditures/FTE | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|-----------------------------|-----------------|-----------------|------------------|-----------------|
| Project Delivery | 7,063,900 | 7,215,945 | 7,517,759 | 7,493,327 |
| Full-time Equivalents Total | 24.50 | 24.50 | 24.50 | 24.50 |

Solid Waste LOB Program

The purpose of the Solid Waste Line of Business Program is to manage garbage, recycling, and yard waste collection, and to educate customers to encourage the composting of yard waste and organics, recycling, and garbage reduction. This program includes operating Seattle's two garbage and recycling transfer stations. Costs for the Solid Waste Line of Business can apply to other Utility lines of business through shared services.

| Expenditures | 2016 | 2017 | 2018 | 2018 |
|-----------------|---------|---------|----------|---------|
| | Actuals | Adopted | Endorsed | Adopted |
| Solid Waste LOB | 89,787 | 0 | 0 | 16,652 |

Water LOB Program

The purpose of the Water Line of Business Program is to manage, treat, and reliably deliver high-quality drinking water. The Water Line of Business also promotes wise water use, and manages the Cedar and Tolt watersheds, dams, and water storage facilities to ensure the system meets population growth and development needs. Costs for the Water Lines of Business can apply to other utility lines of business through shared services.

| | 2016 | 2017 | 2018 | 2018 |
|-----------------------------|------------|------------|------------|------------|
| Expenditures/FTE | Actuals | Adopted | Endorsed | Adopted |
| Water LOB | 48,546,216 | 52,483,442 | 52,699,804 | 53,093,779 |
| Full-time Equivalents Total | 0.00 | -1.00 | -1.00 | 6.00 |

Shared Cost Projects Budget Control Level

The purpose of the Water Utility Shared Cost Projects Budget Control Level, which is a Water Capital Improvement Program, is to implement the Water Utility's share of capital improvement projects that receive funding from multiple SPU funds.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------|-----------------|-----------------|------------------|-----------------|
| Shared Cost Projects | 18,781,828 | 35,633,742 | 38,399,445 | 51,027,150 |
| Total | 18,781,828 | 35,633,742 | 38,399,445 | 51,027,150 |
| Full-time Equivalents Total* | 56.00 | 56.00 | 56.00 | 56.00 |

* FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.

Technology Budget Control Level

The purpose of the Water Utility Technology Budget Control Level, a Capital Improvement Program, is to make use of technology to increase the Water Utility's efficiency and productivity.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------|-----------------|-----------------|------------------|-----------------|
| Technology | 9,234,409 | 11,733,604 | 7,409,884 | 7,030,562 |
| Total | 9,234,409 | 11,733,604 | 7,409,884 | 7,030,562 |
| Full-time Equivalents Total* | 22.00 | 22.00 | 22.00 | 22.00 |

Transmission Budget Control Level

The purpose of the Water Utility Transmission Budget Control Level, a Capital Improvement Program funded by water revenues, is to repair and upgrade the City's large transmission pipelines that bring untreated water to the treatment facilities, and convey water from the treatment facilities to Seattle and its suburban wholesale customers' distribution systems.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------|-----------------|-----------------|------------------|-----------------|
| Transmission | 2,639,084 | 5,529,397 | 22,430,952 | 9,661,995 |
| Total | 2,639,084 | 5,529,397 | 22,430,952 | 9,661,995 |
| Full-time Equivalents Total* | 5.00 | 5.00 | 5.00 | 5.00 |

* FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.

Water Quality & Treatment Budget Control Level

The purpose of the Water Utility Water Quality & Treatment Budget Control Level, a Capital Improvement Program funded by water revenues, is to design, construct, and repair water treatment facilities and remaining open-water reservoirs.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------|-----------------|-----------------|------------------|-----------------|
| Water Quality & Treatment | 1,381,522 | 8,694,366 | 635,000 | 2,362,763 |
| Total | 1,381,522 | 8,694,366 | 635,000 | 2,362,763 |
| Full-time Equivalents Total* | 14.00 | 14.00 | 14.00 | 14.00 |

* FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.

Water Resources Budget Control Level

The purpose of the Water Utility Water Resources Budget Control Level, a Capital Improvement Program funded by water revenues, is to repair and upgrade water transmission pipelines and promote residential and commercial water conservation.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------|-----------------|-----------------|------------------|-----------------|
| Water Resources | 17,924,673 | 8,265,947 | 8,776,459 | 8,553,244 |
| Total | 17,924,673 | 8,265,947 | 8,776,459 | 8,553,244 |
| Full-time Equivalents Total* | 12.00 | 12.00 | 12.00 | 12.00 |

Watershed Stewardship Budget Control Level

The purpose of the Water Utility Watershed Stewardship Budget Control Level, a Capital Improvement Program funded by water revenues, is to implement projects associated with the natural land, forestry, and fishery resources within the Tolt, Cedar, and Lake Youngs watersheds.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------|-----------------|-----------------|------------------|-----------------|
| Watershed Stewardship | 245,079 | 66,481 | 977,486 | 977,486 |
| Total | 245,079 | 66,481 | 977,486 | 977,486 |
| Full-time Equivalents Total* | 8.00 | 8.00 | 8.00 | 8.00 |
