David G. Jones, City Auditor (206) 233-3801

## **Department Overview**

The Office of City Auditor was established by City Charter and serves as Seattle's independent performance audit function. The City Auditor is appointed by the City Council to a four-year term of office.

The Office of City Auditor seeks to promote honest, efficient management and full accountability throughout City government. It serves the public interest by providing the City Council, the Mayor and City employees with accurate information, unbiased analyses and objective recommendations on how best to use public resources.

The Office of City Auditor conducts audits of City departments, programs, grantees and contracts, as well as some non-audit projects. Most of the office's work is performed in response to specific concerns or requests from City Councilmembers, but the City Auditor also independently initiates work to fulfill the office's mission. If resources are available, the City Auditor responds to requests from the Mayor, City departments and the public.

Through its work, the Office of City Auditor answers the following types of questions:

- Are City of Seattle programs being carried out in compliance with applicable laws and regulations, and is accurate information furnished to the City Council and Mayor on these programs?
- Do opportunities exist to eliminate inefficient use of public funds and waste?
- Are programs achieving desired results?
- Are there better ways to achieve program objectives at lower costs?
- Are there ways to improve the quality of service without increasing costs?
- What emerging or key issues should the City Council and Mayor consider?

# **Description of Incremental Budget Changes**

### **Baseline**

#### **Citywide Adjustments for Standard Cost Changes**

Expenditures \$(3,990)

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, including rates from the Department of Finance & Administrative Services, Seattle Information Technology Department, Seattle Department of Human Resources, and for healthcare, retirement and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

#### **Baseline Adjustments for Personnel Costs**

Expenditures \$48,413

This centrally administered change adjusts appropriations to reflect an annual wage increase, as outlined in the agreements between the City and the Coalition of Unions, for personnel costs included in this department's baseline budget. This includes increases to salary, FICA, Medicare, family medical leave, retirement, overtime and temporary labor. There is no increase assumed from 2021 to 2022.
