LETTER OF INTENT GUIDELINES

I. INTRODUCTION

The City of Seattle Human Services Department is issuing this Letter of Intent (LOI) in response to City Council Green Sheet 83 2 A 1, which added \$200,000 in General Fund to provide basic emergency shelter for up to 30 homeless families a month in Seattle. Funding may be used for additional capacity in existing family shelters, or new capacity in new family shelters. Awards for funding will cover the period of April 1, 2014-December 31, 2014.

Per Green Sheet 83 2 A 1, to the extent possible, families will be paired with rental assistance, rapid rehousing or other best practices on the day they enter shelter. The goal is to move families out of shelter within 30 days.

III. PROGRAM REQUIREMENTS

A. Performance Commitments

The goal of HSD LOI investments is to provide homeless families with safe, culturally appropriate shelter and resources that help reduce their housing barriers and enable them to obtain permanent housing. Agencies will report on client outcomes through performance commitments that address these goals. Specific numerical goals for performance commitments will be determined during contract negotiation.

B. Reporting Requirements

The agency awarded funding will submit regular status reports and data demonstrating the effectiveness of services provided in achieving the program's milestones, performance goals and objectives. All reports shall be submitted to HSD by the appropriate deadlines. If

reports are not received in a timely manner or not completed, invoices will be held for payment until all pending reports are received and approved.

C. Homeless Management Information System (HMIS) Participation

Safe Harbors HMIS is a countywide data management tool designed to facilitate data collection on programs serving homeless individuals and families in order to improve human service delivery throughout King County. Participation in the Safe Harbors HMIS is required of all agencies receiving funding through this LOI.

D. Participation in Family Housing Connection and the Family Homelessness Initiative

The agency awarded funding will receive referrals for the shelter from Family Housing Connection, and will participate in the Family Homelessness Initiative. Additional information related to these requirements can be found in Appendix 1, Participation in the Family Homelessness Initiative.

IV. CONTRACTING REQUIREMENTS

- Any contract resulting from this LOI will be between the City of Seattle Human Services Department and the applicant organization.
- Contracts may be amended to ensure that services and outcomes align with community needs, or changes in availability of funding.
- Contractors will be required to comply with the Terms and Conditions of the Human Services Department Master Agency Service Agreement (MASA). These requirements shall be included in any contract awarded as a result of the LOI and are not negotiable. A copy of the MASA is available at <http://www.seattle.gov/humanservices/funding/>.
- HSD will attach Exhibits and Attachments to all resulting contracts which will further specify program terms, rules, requirements, guidelines and procedures.
- Contractors will be required to maintain books, records, documents, and other evidence directly related to performance of the work in accordance with Generally Acceptable Accounting Procedures. The City of Seattle, or any of its duly authorized representatives, shall have access to such books, records and documents for inspection, audit, and copying for a period of seven (7) years after completion of work.
- Contractors must complete all required reports and billing documentation as stated in the contract. Reimbursement will be contingent upon receipt and approval of required reports. Additional data may be required for audit or evaluation purposes.

- All programs funded through this LOI must publicly recognize HSD's contribution to the program.
- Contractors will maintain a public liability insurance policy with a minimum limit of \$1,000,000, naming the City of Seattle as insured.
- Contractors must have the capacity to protect and maintain all confidential information gained by reason of this contract against unauthorized use, access, disclosure, modification or loss.

V. SELECTION PROCESS

Agencies must demonstrate the capacity to meet all of the program requirements. All interested parties must submit a complete proposal packet to be considered for funding. Proposals must meet minimum eligibility qualifications to be evaluated by members of the review committee. An eligibility screening will verify that: (1) an agency is currently contracted by CSA to provide services to homeless families, (2) the proposal is complete (responds to all questions and includes all of the items included on the checklist) and is submitted on time.

Each proposal will be evaluated and rated on whether the program demonstrates capacity to meet the requirements listed in the LOI. The review committee will forward its funding recommendations to the HSD Director. Notification of funding will be sent to the Executive Director of the applicant organization.

HSD reserves the right to make award without further discussion of the proposal submitted. Therefore, the proposal should be submitted on the most favorable terms. If the proposal is selected for funding, the proposer should be prepared to accept the proposed terms for incorporation into a contract resulting from this LOI process.

HSD also reserves all rights not expressly stated in this process, including making no awards or awarding partial funding and negotiating with any proposer regarding the funding amount and other terms of any contract resulting from this LOI.

VI. APPEAL PROCESS

A proposer is any legal entity that has responded to a formal process (Request for Investments (RFI), Request for Qualifications (RFQ), Request for Proposals (RFP), Letter of Intent (LOI), bid requests, notice of funding availability or similar process) conducted by the Human Services Department (HSD) in soliciting applications for the provision of defined services. Proposers have the right to protest or appeal certain decisions in the award process made by HSD.

Grounds for Appeals: Only an appeal alleging an issue concerning the following subjects shall be considered:

- A matter of bias, discrimination, or conflict of interest;
- Errors in computing scores;
- Violation of policies or guidelines established in the LOI; and/or
- Failure to adhere to published criteria and/or procedures.

Appeals Deadlines:

- The Human Services Department will notify all proposers in writing of the acceptance or rejection of the proposal, and if appropriate, the level of funding to be allocated.
- Within ten (10) working days from the date of the written notification, the proposer may submit a written appeal to the HSD Director.
- The HSD Director will review the written appeal and may request additional oral or written information from the appellant organization. A written decision of the HSD Director will be made within ten (10) working days of the receipt of the appeal. The HSD Director's decision is final.
- If an appeal is filed, no new contracts resulting from the solicitation may be finalized until the appeal process is completed or the appeal resolved. An appeal may not prevent HSD from issuing an interim contract for services to meet critical client needs.

Appeals Form and Content:

A notice to HSD staff that a proposer intends to appeal does not reserve the right to an appeal. The proposer must actually file an appeal within the required deadlines, and following proper format. A casual inquiry, complaint, or an appeal that does not provide the facts and issues, and/or does not comply with the form, content or deadlines herein, will not be considered or acted upon as an appeal.

All appeals shall be in writing and state that the proposer is submitting a formal appeal. Deliveries by hand, e-mail or fax are acceptable. HSD is not responsible to assure an appeal is received by HSD within the appeals deadlines. If HSD staff does not receive the appeal in a timely manner, the protest can be rejected. Address the appeal to:

Catherine Lester, HSD Interim Director
700 5th Ave., Suite 5800
P.O. Box 34215
Seattle, WA 98124-4215
Catherine.Lester@seattle.gov

Include the following information in your appeal letter. Include all information you want considered within the package you submit. Failure to provide the following information can result in rejection of your appeal if the materials are not sufficient for HSD to adequately consider the nature of your appeal:

- a. Agency name, mailing address, phone number, and name of individual responsible for submission of the appeal;
- b. Specify the RFI/RFQ/LOI title;
- c. State the specific action or decision you are appealing;
- d. Indicate the basis for the appeal including specific facts;
- e. Indicate what relief or corrective action you believe HSD should make;
- f. Demonstrate that you made every reasonable effort within the RFI/RFQ/LOI schedule to resolve the issue, including asking questions, attending information sessions, seeking clarification, and otherwise alerting HSD to any perceived problems; and
- g. Signed by an authorized agent of the Agency.

Appeals Process:

The HSD Director will review the appeal. All available facts will be considered and the HSD Director shall issue a final decision. This decision shall be delivered in writing by e-mail, fax, or mailed notice to the proposer making the appeal.

Each written determination of the appeal shall:

1. Find the appeal lacking in merit and uphold the City action; or
2. Find only immaterial or harmless errors in HSD's LOI process and therefore reject the appeal; or
3. Find merit in the appeal and proceed with appropriate action, which may include but is not limited to rejecting all intended awardees or re-tabulating scores.

If HSD finds the appeal without merit, HSD may continue with the funding process or enter into a contract with the successful proposer(s) if the contract has not been previously signed. Even if the appeal is determined to have merit, HSD may issue an interim contract for services to meet critical client needs. Nothing herein shall diminish the authority of HSD to enter into a contract, whether an appeal action or intention to appeal has been issued or otherwise.

VII. LIST OF APPENDICES

- Appendix 1: Participation in the Family Homelessness Initiative

Appendix 2: Minimum Shelter Standards

Agencies must clearly demonstrate that shelters meet facility, operational, and service standards that address safety, cleanliness, and accessibility.

A. Access to Shelter Services

1. The shelter must be in compliance with the Americans with Disabilities Act (ADA), including allowing access to assistive animals. This website provides useful information. <http://www.hud.gov/offices/fheo/progdesc/title8.cfm>
2. The shelter must have a policy regarding service restrictions (barring), and clients must be made aware of this policy upon admission or as soon as reasonably possible.
3. The agency providing these shelter services is required to have a non-discrimination policy in place that protects the rights of those being served and those employees and/or volunteers related to the shelter program. The non-discrimination policy should be in alignment with the laws and policies outlined by the City of Seattle Office for Civil Rights <http://www.seattle.gov/civilrights/discrimination.htm>.
4. It is expected that the shelter will be accessible to transgendered clients in their self-defined gender. The shelter will support the choices of these clients to gain access to services in the gender they identify and will best preserve their safety.
5. The shelter must provide supports for children and ensure that the school-related and treatment needs of children are met on-site and/or through referral to community-based services.

B. Client Rights and Responsibilities

1. Shelters will have a written policy concerning the rights and responsibilities of clients, including a process for documenting and resolving complaints. The policy must be posted in a common area of the program and/or be communicated to clients in other ways such as during intake, admission and program meetings.
2. Shelters will seek input from current and/or former clients in areas of program planning, program development, policy development and program evaluation. Means of soliciting input may include exit interviews, discharge surveys, interviews, surveys, focus groups, and/or client meetings.

C. Health

1. Shelters must have written policies and procedures for preventing and controlling communicable diseases. Policies should include components on universal precautions/blood borne pathogens, tuberculosis, and other infectious diseases. The

policies must have been developed in consultation with and/or reviewed by Public Health—Seattle & King County. Tuberculosis policies should follow guidance made available in *Tuberculosis Prevention and Control Guidelines for Homeless Service Agencies in Seattle-King County, Washington*. General information and guidelines covering various health standards are available at

<http://www.kingcounty.gov/healthservices/health/communicable/TB.aspx>.

2. If no such policy on communicable diseases currently exists, shelters must document its plan for establishing such a policy within six months of being funded as a result of this funding process.
3. Per Washington law banning smoking in workplaces or within 25 feet of workplaces, no smoking should be allowed in any service spaces. (Revised Code of Washington, [RCW 70.160](#))
4. Shelters must have a process for internal reporting and reviewing of health and safety incidents. It is highly recommended that agencies have a safety committee or similar vehicle through which to process incident reports.

D. Staff Health

1. Shelters must inform staff prior to hiring them, and volunteers prior to placing them, of health risks they may encounter in working at the program, such as exposure to TB and other communicable diseases. Shelters should have a practice of encouraging staff and volunteers to update their immunizations per the Centers for Disease Control's recommendations for adult immunizations. If appropriate based on results of agency self-assessment as detailed in *Tuberculosis Prevention and Control Guidelines for Homeless Service Agencies in Seattle-King County, Washington*, staff and volunteers should undergo TB tests.
2. Within 30 days of the start of employment or volunteer placement, staff and volunteers will be provided with information/orientation on the following:
 - Prevention of transmission of communicable diseases, including TB;
 - Procedure for dealing with occupational exposure to blood or bloody body fluids;
 - Protocols for response to individual cases or outbreaks of infectious disease;
 - Information on community health care resources.
3. Educational updates for all staff will be provided as often as necessary to reinforce safe work practices, but at least annually.
4. Shelters are strongly encouraged to have at least one person certified in First Aid and CPR on duty at all times.

E. Food Safety and Nutrition

1. If food service is provided in shelters, it must be prepared, handled, and stored in a sanitary manner to prevent the spread of food-borne illness, as per the Public Health—Seattle & King County guidelines. This includes foods prepared on site, foods brought to the shelter from another location, and donated foods.
2. Shelters that provide meals should make efforts to provide nutritious food and respond to needs of: clients on special diets for common medical conditions, such as diabetes and cardiovascular disease; clients with ethno-cultural and religious diets.
3. Shelters that are serving foods with potential allergens, such as peanuts, nuts and shellfish, must alert clients.

F. Environment / Physical Facility

1. The shelter must meet local zoning, building, housing, occupancy, fire, health, and safety codes.
2. The shelter must provide at minimum a mat, bed, or cot for each resident. A process must be in place to sanitize mats on a regular basis and always between uses by different residents. There must be a process to ensure linens are laundered regularly, and that linens are always changed between uses by different residents. Cribs must be provided for all children less than two years of age.
3. Facilities must be kept in a safe and sanitary condition, and be in good repair with proper ventilation, lighting and temperature control. A written maintenance plan must exist.
4. Restroom facilities and washbasins, with appropriate hygienic supplies and/or equipment, must be provided in an appropriate number and configuration for the type of facility and its capacity in accordance with local codes. Shelters must have hot and cold running water. A cleaning and maintenance schedule must be in place that includes sanitizing showers and restrooms on a regular basis.
5. Shelters are strongly encouraged to have hand-cleaning stations, such as dispensers of alcohol-based hand sanitizer, near entry doors and/or reception desks.
6. Shelters must have a policy for handling sharps (injection equipment, hypodermic needles, and other instruments used to pierce the skin), and as appropriate provide sharps containers in the environment and ensure appropriate disposal.

7. Shelters must have policies regarding storage for client belongings. Whenever possible, shelters should provide secure storage for clients while they are utilizing services. Shelters may determine they do not provide assistance with storage, and that clients are fully responsible for their own belongings. If this is the case, the shelter should have a policy stating this. If the shelter does provide secure space for storage, the shelter must have an appropriate policy detailing storage administration. If no such policy currently exists, the shelter must document its plan for establishing such a policy within three months of being funded.
8. In facilities serving children, there must be evidence of appropriate childproofing measures, including: childproof electrical outlets; precautions on floors above ground to prevent children from falling out of windows (e.g., locked screens or other barriers); doors that open from inside without a key; and precautions, such as stairwell gates, to protect children from fall-related injuries, burns, and other injuries). Shelters are also expected to ensure the safety of playground equipment, toys, and diapering areas.

G. Safety Standards

Shelters must:

1. Have a complete and accessible First Aid Kit that is stocked with sufficient supplies.
2. Have equipment for infants (cribs, highchairs, and playpens) that conform to local, state, and federal safety requirements.
3. Have appropriate emergency, evacuation, and fire safety plans and provide ongoing training for staff on these plans.
4. Have a phone available during hours of operation for reporting emergencies.
5. Handle and store any hazardous materials, including cleaning supplies, appropriately.
6. Have a plan and process for reporting child and elder abuse and domestic violence.
7. Have a security plan to deter theft and harm to clients and staff.
8. A weapons policy designed to ensure the safety and security of all clients and staff must be included in this plan.

Appendix 3: Performance Commitments

Agencies will report on client outcomes through performance commitments. Specific numerical goals for performance commitments will be determined during contract negotiation.

Examples of performance commitments are shown below.

- Unduplicated homeless families meet their emergency or immediate shelter needs.
- Homeless individuals or families enter non-time limited housing.
- Homeless families who enter non-time limited housing remain for more than 6 months following placement.
