Sexual Assault Victim Services
Request for Investment**

GUIDELINES

I. Introduction

The Mayor's Office on Domestic Violence and Sexual Assault (MODVSA) of the City of Seattle Human Services Department (HSD) is seeking applications from agencies interested in providing Sexual Assault Victim Services for adult and child victims of sexual assault.

This Request for Investment (RFI) is open to community-based, non-profit agencies. Supportive victim centered interventions provided following a sexual assault can help to prevent complex, long-term health and mental health struggles experienced by victims/survivors of sexual assault. When victims receive advocacy and trauma informed services following their assault they experience less secondary trauma and are more equipped to participate in the medical and legal system resulting in higher offender prosecution rates, increased offender accountability, and reduced long-term cost to the community. The Washington State Office of Crime Victim's Advocacy has established service standards for sexual assault victim services. To ensure continuity of services and adherence to best practices, HSD will fund services consistent with these standards. Eligible activities for victim services funding may include crisis intervention, information and referral, general advocacy, medical advocacy, and legal advocacy.

Approximately \$592,119 is available through this RFI from the following sources:

Fund Sources	Request for Investment Amount
<i>HSD General Fund</i>	\$592,119

HSD intends to fund three (3) to five (5) proposals. Initial awards will be made for the period of January 1, 2016-December 31, 2016. While it is the City's intention to renew contracts resulting from this RFI on an annual basis through the 2019 program year, future funding will be contingent upon performance and funding availability.

HSD seeks to contract with a diverse group of providers to help ensure that the desired result of HSD's Sexual Assault Victim Services investments is that our community is safe, stable and self-reliant as indicated by the number of sexual assault victims who receive supportive services to mitigate the effects of trauma.

All materials and updates to the RFI are available on HSD's Funding Opportunities web page at www.seattle.gov/humanservices/funding/.

III. HSD Guiding Principles

In addition to the investment outcomes stated in this RFI, investments will reflect the Seattle Human Services Department’s vision, mission and values and support the department’s theory of change.

Vision

The vision of the Seattle Human Services Department is that all basic needs in our communities are met through innovative and collaborative approaches. Greater Seattle is a place where the richness of our diversity is valued, all of our communities thrive, and people grow up and grow old with opportunity and dignity.

Mission

The mission of the Seattle Human Services Department is to connect people with resources and solutions during times of need so we can all live, learn, work and take part in strong, healthy communities.

Values

We accomplish our mission by adhering to core values and funding programs whose work supports them:

- **Vision** – we are future-focused, funding outcomes that create a stronger community.
- **Innovation** – we foster an environment where creativity and new approaches are valued, tested, refined and implemented.
- **Results** – we fund and administer programs that are accountable, cost-effective, and research-based, ensuring people receive high-quality services.
- **Equity** – our resources are devoted to addressing and eliminating racial, social, economic, and health disparities in our community.

- **Creative collaboration** – we share the collective wisdom of our colleagues and community to develop and implement programs.
- **Service** – we ensure the programs we support are accessible to all community members and deliver high-quality, welcoming customer service.

IV. Investment Area Background & Theory of Change

HSD has developed a strategy for results-based accountability and addressing disparities to ensure that the most critical human service needs are met by:

- **DEFINING** the desired results for the department’s investments;
- **ALIGNING** the department’s resources to the desired results; and
- **MONITORING** the result progress to ensure return on investment.

The results-based accountability “Outcomes Framework” helps HSD move from ideas to action to ensure that our work and investments are making a real difference in the lives of vulnerable people. HSD’s **Theory of Change** ensures that data **informs** our investments – particularly around addressing disparities – and shows the logical link between the desired results, indicators of success, racial equity targets based on disparity data, strategies for achieving the desired results, and performance measures.

All investments resulting from this funding opportunity will demonstrate alignment with HSD’s theory of change towards achieving the Mayor’s Office on Domestic Violence and Sexual Assault’s goal and the desired results:

Goal: *Our community is safe, stable and self-reliant*

Results:

- Individuals and families are **safe and have healthy relationships**

Sexual Assault Victim Services Theory of Change

The theory of change describes the assumptions for how the desired results will be achieved through a set of specific activities which are measured by quantity, quality, and impact performance measures.

Desired Result	Indicator	Racial Disparity Data	Racial Equity Target	Strategy	Performance Measure
Condition of wellbeing for entire population	Achievement benchmark – how we know the “result” was achieved	Data depicting socioeconomic disparities and disproportionality between ethnic/racial populations	Stretch goal for reducing and/or impacting the racial equity disparity	Activities or interventions that align to the results and indicators, and are informed by best or promising practices, cultural competency and community engagement – what HSD is purchasing	What gets counted, demonstration of how well a program, agency or service is doing (quantity, quality, impact)
Individuals and families are safe and have healthy relationships	Seattle’s sexual assault crime rate	<p>Asians are the only population whose service numbers were less than the corresponding population percentage in 2014. A. Overview of Investment Area

Supportive victim centered interventions provided immediately following a sexual assault can help to prevent complex, long-term health and mental health struggles among survivors of sexual assault. When victims receive advocacy services following their assault, they experience less secondary trauma and are more equipped to participate in the medical and legal system.

Advocacy is an empowerment based model of crisis intervention and case-management that focuses on allowing survivors to define their own needs and interventions. Advocates receive extensive training to be able to provide a survivor centered and trauma informed approach to providing services. Sexual Assault Victim Services standards are established by the Washington State Office of Crime Victim’s Advocacy (OCVA) and deemed as best practice, thus, HSD will fund sexual assault victim services that are consistent with the established standards. Funded victim services may include crisis intervention, information and referral, general advocacy, medical advocacy, and legal advocacy. Funded programs must be able to demonstrate an ability to provide services consistent with the OCVA standards, but are not required to be an accredited Community Sexual Assault Program.

B. Overview of Service Delivery System

HSD requires that funded programs for Sexual Assault Victim Services follow standards established by OCVA for sexual assault victim services. Funded services may include crisis intervention, information and referral, general advocacy, medical advocacy and legal advocacy. The standards, activities, and scope of service associated with each type of service are detailed in the charts below. Aligning our funding with OCVA ensures continuity of services, maximization of limited resources and adherence to best practices. While all programs must demonstrate a capacity to provide services consistent with the standards, accreditation from OCVA as a Community Sexual Assault Program is not a requirement.

Sexual Assault Victim Services Standards developed OCVA are as follows:

C. Focus Population/Priority Community

Priority communities for this funding are based on HSD’s outcomes framework, which is a results-based accountability system and ensures the services are focused to address disparities in the population.

While sexual assault impacts women, men, and children of all races, ethnicities, and socio-economic status, research has shown that women of color are often at elevated risks for sexual assault and experience increased barriers to accessing services due to lack of culturally relevant resources, cultural stigmas and related barriers that inhibit reporting, and socioeconomic status. Specifically, Native American women have the highest incidence of sexual assault of any women in the United States; a rate of 7.2 per 1,000 annually in comparison to 3 per 1,000 for Caucasian women. While Native American women are victims of sexual assault at a rate of 2.5 times higher than the general population, and research states that 34% of all Native American women will be raped in their lifetime, only 43 Seattle Native American women received sexual assault services from HSD funded programs in 2014. The low numbers of Native American clients revealed by HSD’s 2014 Client Profile Report (identifying client demographics) for funded sexual assault victim services combined was particularly concerning, given the high victimization rate for the population identified in regional and national reports and statistics.

Similarly, while Asians comprise 13.8% of Seattle’s population, they only represent 3% of the total clients seeking sexual assault services. In comparison to other racial groups, the 2014 Client Profile Report identifies Asians as the most underrepresented population of service recipients. In fact, this population was the only racial demographic where service utilization data was lower than the corresponding community population.

Given the data provided, priority communities for this funding are:

- Native American/Alaska Native
- Asian

Applicants should demonstrate an intention and plan to address the disparities associated with the priority populations of Native American/Alaska Native and Asian communities. Proposals that clearly describe a plan to address significant needs among other populations will also be considered.

D. Expected Investment Outcomes & Indicators

Desired Result	Indicator	Performance Measure
Individuals and families are safe and have healthy relationships	Seattle’s sexual assault crime rate	90% of survivors report increased knowledge of available resources 75% of survivors can identify their immediate next steps 50% of survivors demonstrate progress towards goals in their service plan

V. HSD's Commitment to Funding Culturally Responsive Services

In conjunction with the Seattle Race and Social Justice Initiative (RSJI) which is a city wide effort to end institutionalized racism and race-based inequities in Seattle, HSD has developed investment principles that reflect our commitment to funding culturally responsive services to create positive outcomes for service recipients. For more information on RSJI, please see <http://www.seattle.gov/rsji/>. Agencies applying for investment will demonstrate capacity to institute these principles through routine delivery of client-centered and strength-based services that are culturally:

1. **COMPETENT**, as demonstrated by “a set of congruent behaviors, attitudes, and policies that come together in a system, agency, or profession that enables that system, agency, or profession to work effectively in cross-cultural situations”.¹ It is “the ability to honor, understand, and respect beliefs, lifestyles, attitudes, and behaviors demonstrated by diverse groups of people, and to diligently act on that understanding”.² It is “the ability to function effectively in the midst of cultural differences. It includes knowledge of cultural differences, awareness of one’s own cultural values, and ability to consistently function with members of other cultural groups”.³
2. **RESPONSIVE** to the cultural and linguistic needs of diverse populations. Agencies have the capacity to effectively serve and engage persons of diverse backgrounds. Agencies commit to practicing cultural responsiveness throughout all levels of the program, including policy, governance, staffing, and service model and delivery. Agencies make every effort to recruit and retain a work force (paid and voluntary) and policy-setting and decision-making bodies that are reflective of the target populations identified in the funding opportunity. For example, for those for whom English is not a primary language, agency staff will work to ensure that service recipients have access to culturally relevant interpreter services and/or written materials available in multiple languages.
3. **RELEVANT** in addressing the cultural needs of diverse populations whose models of engagement or cultural standards differ from mainstream practices. Agencies are staffed with people who have the cultural capacity to create authentic and effective relationships and provide culturally congruent services for members of specific cultural groups and/or communities of color. Commitment and experience of the agency reflects effective, mutually beneficial relationships with other organizations (such as grassroots or community-based organizations, churches, community networks, etc.) that are reflective of the populations being served via the investment.
4. **ACCESSIBLE** through language, location, and delivery style. Agencies have the capacity to overcome mainstream barriers and/or provide effective alternative strategies that enable service recipients to easily access mainstream and nontraditional programs and services.

VI. Program Requirements

A. Service/Program Model

HSD requires that funded programs for Sexual Assault Victim Services follow standards established by OCVA for Community Sexual Assault Programs. Funded victim services may include crisis intervention, information and referral, general advocacy, medical advocacy and legal advocacy. By aligning our funding with OCVA, we can ensure continuity of services, maximizing limited resources and adherence to best practices. Sexual Assault Victim services provide comprehensive crisis intervention, advocacy and treatment services to Seattle sexual assault and abuse victims and their families.

XI. Appeal Process

An applicant is any legal entity that has responded to a formal funding process conducted by the City of Seattle Human Services Department in soliciting applications for the provision of defined services. Applicants have the right to protest or appeal certain decisions in the award process made by HSD.

The following outlines the opportunities for applicants to appeal a decision made by HSD at two distinct points in the funding process:

1. **Minimum Eligibility Screening Appeal Process:** This process is applicable to applicants notified by HSD that their application was incomplete and/or did not meet the minimum eligibility requirements outlined in the Guidelines and Application document for the specific funding opportunity, and therefore will not be reviewed for funding consideration.
2. **Post-Notice of Award Appeal Process:** This process is applicable to applicants notified by HSD of the final status of their application, as determined by the HSD Director, upon the conclusion of the review and rating process.

While the grounds for appeals and deadlines differ, both processes will follow the same appeal format and content requirements and decision process, except as otherwise stated herein.

Minimum Eligibility Screening Appeal Process

Grounds for Appeals:

This process applies only to applicants wishing to appeal a decision regarding failure to submit a complete application or failure to meet the minimum eligibility requirements outlined in the funding opportunity. An appeal will only be determined to have merit if the applicant proves that the application submitted did meet the minimum requirements, qualifications, formatting standards, and was complete, and that the initial determination of ineligibility was in error. No additional information or details not included in the original application will be considered.

Appeals Deadlines:

1. HSD will notify applicants in writing if their application was incomplete and/or did not meet the minimum eligibility requirements outlined in the Guidelines and Application document for the specific funding opportunity.
2. Within five (5) business days from the date of the written notification by HSD, the applicant may submit a written appeal to the HSD Director.
3. The HSD Director will review the written appeal and may request additional oral or written information from the appellant organization. A written decision by the HSD Director will be made within ten (10) business days of the receipt of the appeal. The HSD Director's decision is final.
4. HSD will not finalize a contract resulting from the solicitation until the appeal process has closed; however, an appeal may not prevent HSD from moving forward with the application review and rating process. HSD reserves the right to issue an interim contract for services to meet important client needs.

Post-Notice of Award Appeal Process

Grounds for Appeals:

Only an appeal alleging an issue concerning the following subjects shall be considered:

- A matter of bias, discrimination or conflict of interest.
- Violation of policies or failure to adhere to guidelines or published criteria and/or procedures established in a funding opportunity.

Appeals Deadlines:

1. HSD will notify all applicants in writing of the final status of their application. For awarded applications, if appropriate, the level of funding to be allocated will be stated.
2. Within ten (10) business days from the date of the written notification by HSD, the applicant may submit a written appeal to the HSD Director.
3. The HSD Director will review the written appeal and may request additional oral or written information from the appellant organization. A written decision by the HSD Director will be made within ten (10) business days of the receipt of the appeal. The HSD Director's decision is final.
4. HSD will not finalize a contract resulting from the solicitation until the appeal process has closed; however, HSD reserves the right to issue an interim contract for services to meet important client needs.

Appeal Format and Content:

A notice to HSD staff that an applicant intends to appeal does not reserve the right to an appeal. The applicant must file an appeal within the required deadline and follow the proper format. A casual inquiry, complaint or an appeal that does not provide the facts and issues, and/or does not comply with the form, content or deadline herein, will not be considered by the Department or acted upon as an appeal.

All appeals shall be in writing and state that the applicant is submitting a formal appeal. Deliveries by hand, mail or email are acceptable methods. HSD is not responsible for ensuring that an appeal is received within the appeal deadlines. If HSD does not receive the appeal by the deadline, the protest will be rejected.

Appeals must be addressed to:

Catherine Lester, HSD Director
Seattle Human Services Department
700 5th Avenue, Suite 5800
P.O. Box 34215
Seattle, WA 98124-4125

Email: Catherine.Lester@seattle.gov

Include the following information and any additional information you would like considered in the appeal. Failure to provide the following information can result in rejection of the appeal if the materials are not sufficient for HSD to adequately consider the nature of the appeal:

1. Agency name, mailing address, phone number and name of individual responsible for submission of the appeal;
2. Specify the funding opportunity title;
3. State the specific action or decision you are appealing;
4. Indicate the basis for the appeal including specific facts;
5. Indicate what relief or corrective action you believe HSD should make;
6. Demonstrate that you made every reasonable effort within the funding process schedule to resolve the issue, including asking questions, attending information sessions, seeking clarification and otherwise alerting HSD to any perceived problems; and
7. Signed by the Agency's Executive Director or similar level agency management staff.

Appeals Process:

Within two (2) business days of receiving an appeal according to the appeals submission process outlined herein, the applicant will receive a receipt from the HSD Director's Office notifying the applicant of the date, time and method by which the appeal was received. If the applicant does not receive a receipt within two business days, it should be assumed that HSD did not receive the appeal and it will therefore not be considered.

The HSD Director will review the appeal. All available facts will be considered and the HSD Director shall issue a final decision. This decision shall be delivered in writing by email or mailed letter to the individual making the appeal and the Agency's Executive Director or similar level agency management staff who signed the appeal.

Each written determination of the appeal shall specify whether the HSD Director:

1. Finds the appeal lacking in merit and upholds the City action; or
2. Finds only immaterial or harmless errors in HSD's funding process and therefore rejects the appeal; or
3. Finds merit in the appeal and:

- a. **For the Minimum Eligibility Screening Appeal Process:** proceeds with inclusion of the original application, as submitted, in the application review and rating process. (This does not guarantee an award from the funding process, but rather allows the originally rejected application to re-enter the evaluation process for funding consideration.)
- b. **For the Post-Notice of Award Appeal Process:** states the appropriate action, which may include but is not limited to rejecting all intended awardees or re-tabulating scores.

If HSD finds an appeal without merit, HSD may continue with the funding process (contract execution). Even if the appeal is determined to have merit, HSD may issue an interim contract for services to meet important client needs. Nothing herein shall diminish the authority of HSD to enter into a contract, whether an appeal action or intention to appeal has been issued or otherwise.
