STAFF REVIEW TIME REQUIRED

Per SMC 25.16.080 A.3: The staff shall determine whether an application is complete and shall notify the applicant in writing within twenty-eight (28) days of the application being filed whether the application is complete or that the application is incomplete and what additional information is required before the application will be complete. Within fourteen (14) days of receiving the additional information, the staff shall notify the applicant in writing whether the application is now complete or what additional information is necessary. An application shall be deemed to be complete if the staff does not notify the applicant in writing by the deadlines in this section that the application is incomplete. A determination that the application is complete is not a determination that the application is vested.

REQUIRED DOCUMENTATION

The following information must be provided for a Certificate of Approval Application to be complete. Not all sections may apply to your application, however. Please contact the Board Coordinator at (206) 684-0229 for more information.

STREET USE APPROVAL: Includes sidewalk cafes, vending carts, and temporary structures.

Preliminary Design

An applicant may make a written request to submit an application for a Certificate of Approval for a preliminary design if the applicant waives in writing the deadline for a Board decision on the final design and any deadlines for decision on related permit application under review by the Department of Planning and Development. The staff may reject the request if it appears that approval of a preliminary design would not be an efficient use of staff or Board time and resources, or would not further the goals and objectives of SMC Chapter 25.16. To be complete, an application for preliminary design must include the information listed on the cover page of the application and in the Design Approval Section 1., 2.A.-C.; 3., 5 and 6. *A Certificate of Approval that is granted for a preliminary design shall be conditioned upon subsequent submittal and Board approval of the final design, including all of the information listed above in the Design Approval Section and also listed in SMC Chapter 25.16.080 Subsection A.2., prior to issuance of permits for any work.*
