### Information Provided by Community Members

---

**Project Idea:** From NE 140th St to NE 137th ST, on 32nd Ave NE, construct low cost pedestrian walkways on the west side of the street where there is no sidewalk. This can simply be a painted area designating where pedestrians can walk, or if possible a low cost sidewalk.

**Need for Project:** This is in Little Brook, a high density neighborhood with low income housing. Children have to walk in the street along 32nd Ave to get to school buses. This is a dangerous street.

**Community Benefit from Project:** Residents of Little Brook, a high density neighborhood with low income housing.
