SDOT Project Summary

SDOT approves project

- Yes
- Yes, with revisions
- No

Comments: The needs described by this project request is already proposed to be addressed by the Delridge Multimodal project, which will include a pair of RRFBs with curb/bus bulbs at Delridge Way SW at SW Hudson Street. No further enhancements are recommended. Construction is anticipated to start in 2020 – 2021.

There is an opportunity to partner with another program:

- Yes
- No

Partnering Program: N/A

Total Project Cost: \$0

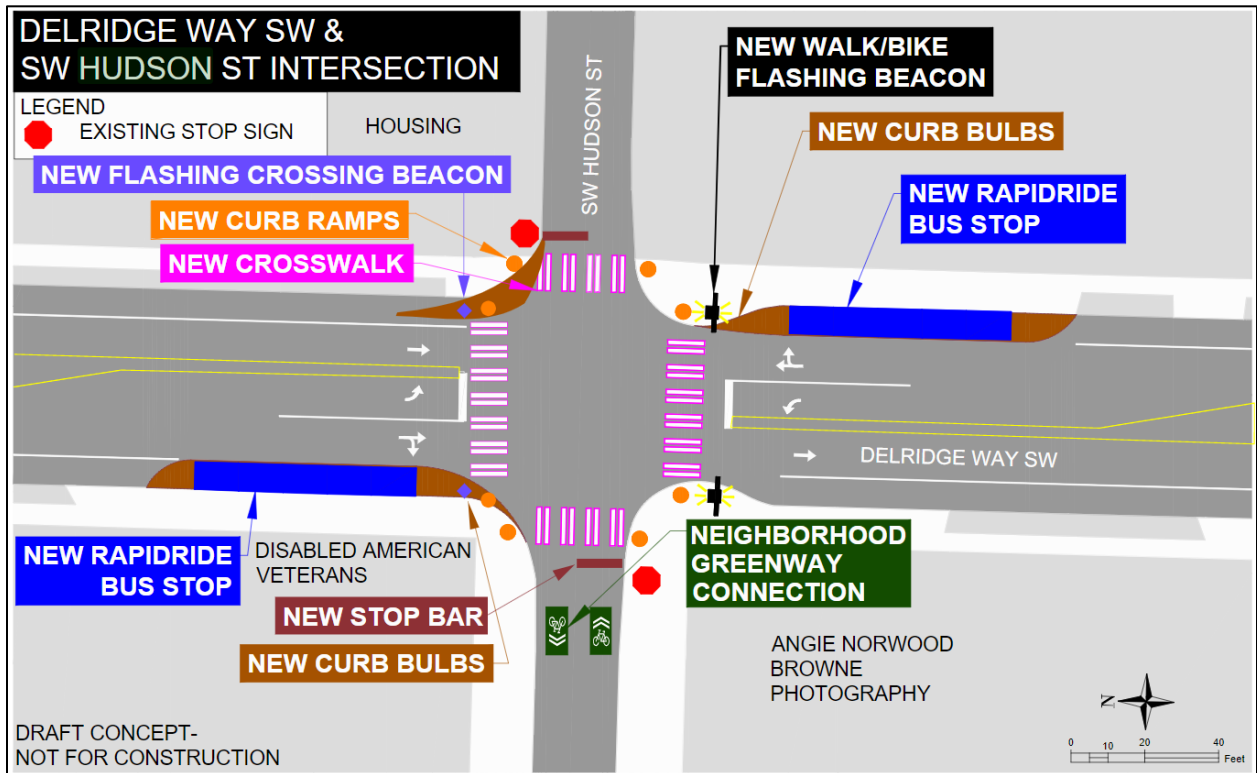

Solution and Comments:

This review has been completed for use in the 2019 Your Voice, Your Choice: Parks & Streets process.

Information Provided by Community Members

Project Idea: Flashing beacons for the crosswalk on the south side of the intersection at Delridge and Hudson.

Need for Project: There are few places to safely cross the northern end of Delridge Way, and there are no intersections with crossing lights between SW Oregon St and SW Brandon St. The Delridge and Hudson intersection is home to a major bus stop, and it's difficult for pedestrians to cross, especially in the dark.

Community Benefit from Project: Delridge pedestrians and drivers.
