

PROPOSED AMENDMENT 1

Council Bill 118363 Attachment A: Implementation Plan

Sponsor: Councilmember Burgess

Brief Description: This amendment limits the grandfathering provision to only apply to currently enrolled children that would be 4-years-old during a provider's first year in the Seattle Preschool Program.

Proposed Amendment to CB 118363 Attachment A: Amend the first bullet point on page 16 of the Implementation Plan as follows:

- In the first year of an agency's contract to provide preschool services, children meeting SPP's eligibility criteria who are currently enrolled in preschool with a contracted agency, and are four years old on August 31 prior to the beginning of the school year of enrollment, will be grandfathered into the program. This is only applicable for providers in the first year of their SPP contract. Agencies must agree to follow SPP enrollment processes for all non-grandfathered slots.

If provider agencies have enrolled students for the 2015-16 school year prior to applying to be an SPP provider, those children will be permitted to become SPP participants if they meet SPP eligibility criteria.
