The Goal: 50,000 housing units over the next 10 years
This plan calls for a tripling of affordable housing production and inclusion of affordability in all new developments.

**30,000 Market-Rate Units**
- Increase land for multifamily housing
- More options within Single Family zones
- Streamline regulatory and design process

**20,000 Affordable Units**
- Boost the preservation and production of income-restricted units
- Create new resources for rental housing (0-60% AMI) and homeownership (60-80% AMI)
- Tax incentives
- Mandatory Inclusionary Housing and Commercial Linkage Fee

**Invest in Housing for Those Most in Need**
Action Items include:
- Doubling the voter approved Housing Levy
- Maximizing city owned surplus property

**Prevent Displacement and Foster Equitable Communities**
Action Items include:
- Strengthening tenant protections
- Preserve existing affordable housing

**Create More Affordable Housing as We Grow**
Action Items include:
- Requiring affordable housing as a part of all new developments
- Expanding successful incentive programs

**Promote Efficient and Innovative Development**
Action Items include:
- Review of planning and development process, focusing on what works
- Promoting quality development and design
