DPD - Neighborhood Plan Updates and Action Plans N Beacon hill - ATT 2 September 27, 2010 Version #2

North Beacon Hill

NEIGHBORHOOD ACTION PLAN

Strategies and action steps to achieve the community's vision and goals.

North Beacon Hill Neighborhood Action Plan

The North Beacon Hill Action Plan is the work plan that identifies strategies and action steps to be accomplished together by the community and the City in order to achieve the community's vision and goals. Through a series of meetings during 2009 and 2010, the community came together to create the North Beacon Hill Neighborhood Plan Update, an update of the North Beacon Hill Neighborhood Plan of 1999, and helped to prioritize the strategies and action steps of the North Beacon Hill Action Plan. It is the intent of the City to complete the included Action Steps in the timeframes indicated assuming sufficient resources have been identified and are available.

Overview

Neighborhood Plans are designed to be long-term, flexible documents that shape and guide the future of a neighborhood. The original Neighborhood Planning process took place nearly 10 years ago and helped provide communities with a framework that allowed them to shape the direction of their neighborhood. The goals and strategies developed during the original neighborhood planning process were folded into the City's Comprehensive Plan.

The recently completed North Beacon Hill Neighborhood Plan Update process affirmed the vision of the original North Beacon Hill Neighborhood Plan completed in 1999 and refreshed the goals, policies and strategies to reflect the changed conditions of the plan area and involvement of a broader segment of the neighborhood's population. These proposed goals and policies will be forwarded to City Council in early 2011 for inclusion in the City's Comprehensive Plan.

Action Plans and Priorities

The North Beacon Hill Action Plan includes the vision, goals, policies and strategies of the North Beacon Hill Neighborhood Plan Update as well as the goals, policies and strategies that were carried over from the North Beacon Hill Neighborhood Plan of 1999. The action plan includes action steps to be addressed in the near future as work toward the associated strategy. The action plan is intended to be refreshed regularly by the community and the City. It is a living document that accommodates changing priorities, conditions, tools and resources.

Action Plan priorities are the shared work of the community and the City that are required to achieve the vision and goals of the Neighborhood Plan update process. In order to be implemented, each strategy has specific action steps that the City, neighborhood residents, business, and other actors are responsible for completing. To assure progress toward implementation, each action step has an estimated timeline for completion.

The following two tables summarize the community's prioritization of goals and strategies from the 2009 Neighborhood Plan Update Process in North Beacon Hill. The City's neighborhood planning team gathered this feedback in two ways. First, a Town Hall meeting in May 2010, community members participated in a "dot exercise", in which they placed an allotted number

of dots beside their own priorities. Second, community members participated in a similar exercise via an online survey.

Dots	Goal #	description
332	Goal 4	Neighborhood with parks and open spaces that serve its diverse community
325	Goal 5	An active and safe, diverse neighborhood, day and night
296	Goal 6	A gathering place for the cultural communities of the neighborhood
284	Goal 10	A safe and pleasant neighborhood to walk, bike, and ride
275	Goal 3	A strong neighborhood commercial District

Table A: Top Selected Goals for North Beacon Hill

Table B: Top Selected Strategies for North Beacon Hill

Dots	Strategy #	Description
99	5 additional	Supporting a safe and healthy community
86	6.4	Bring a Farmers Market to Town Center
83	10.1	Implement specific SETS projects
82	2.1	Support affordable housing close to light rail station
80	8.2	Change zoning and land use to support the development vision at El Centro
79	6.5	Support arts and cultural organizations, projects and events
78	5.3	Explore making North Beacon Hill an Alcohol Impact Area
75	5.2	Increase bike patrols
73	10.2	Complete a design for Beacon Ave S to S Spokane St
72	5.1	Maintain Jefferson Park as a safe place to be, possibly through Park Rangers

This informal summary simply highlights those goals and strategies that garnered the most dots, and provides a brief synthesis of the top-dotted items. The results are a general indicator of community priorities -- they are not intended to preclude or limit other goals and strategies identified in the neighborhood plans. A complete list of the goals and strategies that were listed during this exercise is included in the Action Plan; and the Neighborhood Plan Update Town Hall and Web Survey Results which are available at http://www.seattle.gov/dpd/Planning/Neighborhood_Planning/Overview/

For the North Beacon Hill neighborhood, the key themes that emerged from the dot exercise were:

• Top-dotted goals focus on good public places, including a multicultural center.

Nora Liu/nl DPD - Neighborhood Plan Updates and Action Plans N Beacon hill - ATT 2 September 27, 2010 Version #2

- Top strategies are largely **safety** related (#5additional, #5.3, #5.2, #5.1)
- Other top strategies cover a range of issues (farmers market, transportation improvements, affordable housing, rezoning & redevelopment, arts & cultural affairs)

Implementation Strategy

A Neighborhood Action Team will be formed around each goal that is a demonstrated priority, so that community members can take ownership of the priorities that matter most. Community members will self-select Action Teams, so that people who are passionate and committed to implementing a goal will carry out the work required to for implementation. The City department that best relates to the stated goal will convene the Action Team. The different Action Teams will function differently depending on the type and timing of the work to be done. The Neighborhood District Coordinator will provide contact information for City staff of the different Action Teams and also serve to connect community members who are interested in participating in Action Teams.

The City will host community-wide meetings to inform residents on the progress of the previous year's Action Steps and to determine the next Action Steps. Action Plans will continuously be revised accordingly.

Version #2	North Beacon Action Plan						
	WHAT	WHE	N		WHO		HOW
Vision Goals Policies Strategies	Action Steps	(Catalyst, High, Medium) Timeframe	1-3 yrs; 3-6 yrs; 6-10 yrs	Community Partners	City Dept	Agency	Phase (On-going, Plan, Underway, Done)

North Beacon Hill is a community with a long and unique history, characterized by its ethnic and cultural diversity. The committee will work to develop a plan for a well defined urban village anchored by a new library and commercial/retail core accessed by efficient, pedestrian friendly, public transportation. Furthermore, the urban village plan will reinforce existing single family neighborhoods by encouraging and focusing additional growth within the boundaries of the urban village while maintaining affordable housing alternatives throughout North Beacon Hill.

Policy 1.A. Allow housing types, such as cottage housing, in single family zones to improve affordability Allow alternative housing types, such as cottage housing, in single family zones to support affordable choices while preserving the single fam Policy 1.B. Encourage a mix of unit prices and sizes Encourage a mix of unit prices and sizes through active use of incentives, direct City funding, and surplus property programs. (NBH-P3 amend Policy 1.C. Encourage affordable, family-sized homes Encourage affordable, family-sized homes through incentives, direct City funding, and surplus property programs. In particular, strive to prese apartments. Policy 1.D. Encourage a balance of affordable rental and homeownership housing Encourage a balance of affordable rental and homeownership housing Encourage a balance of affordable rental and homeownership housing through incentives, direct City funding, and surplus property program Strategy 1.1: Maintain and create new affordable housing Use City funding to leverage other funding to preserve existing and create new subsidized housing.	ded)	acter. Strategy 1.1: Maintain and create new affordable housing						
Use City funding to leverage other funding to preserve existing and create new subsidized housing.	15.					
Developer/owner applies for funds. Programs/funds already exist ie Housing Levy, Weatherization, Rehab	н	1-10	dev / owner	ОН		
Strategy 1.2: Achieve Comp Plan affordable housing targets						
Apply Comprehensive Plan affordable housing targets to the Beacon Hill Urban Village and periodically evaluate progress.						
Staff to analyze current condition, identify gap, and target programs such as housing levy to fill gap	н	1-10		он		
Strategy 1.3: Create affordable rental and home ownership housing						
Set affordable rental and home ownership housing objectives and use incentives, direct City funding, and surplus property programs to fill gaps.						
Developer/owner applies for funds. Housing Levy and incentive programs in place	н	1-10	dev / owner	ОН		
Strategy 1.4: Use weatherization and rehab programs to support low-income home owners Provide support to low-income homeowners with weatherization and property rehabilitation assistance and property tax exemption.						
Owners apply for funds and/or exemptions. Programs/funds already exist ie Housing Levy, Weatherization, Rehab	н	1-10	owners	он		
2. A neighborhood with a vibrant mix of housing close to the light rail station						
ant mix of housing close to the light rail station.						
Policy 2.A. Encourage new housing near light rail station Encourage the development of housing close to the light rail station.						
Policy 2.B. Encourage affordable housing, including affordable family housing, near light rail station so residents ca	ın stay i	in the c	commur	nity		
Capture the opportunity created by light rail to support affordable housing development close to the light rail station by including homes ap are able to stay in the community, even as the housing market changes over time.	propriate	e for diff	erent fam	nily sizes,	so that re	eside
Strategy 2.1: Support affordable housing close to light rail station						
Leverage public funding to support affordable housing close to light rail station.			dev /			
Developer/owner applies for funds. Housing Levy and incentive programs in place Work with federal, state, and local government agencies to identify surplus properties near the Beacon light rail station that	н	1-10	owner	ОН		
are appropriate for affordable housing.	н	1-10	comm grps,	он	Sound Transit	
Work with residents and land owners to envision and develop a mix of housing prices and types on underutilized properties adjacent and above the light rail station.	н	1-10	dev, owners	он	Sound Transit	
Strategy 2.2: Use housing incentives to support and prioritize workforce housing Prioritize the provision of affordable workforce housing if incentive zoning is used in the Station Area Overlay District.						
Housing incentive rates were established by ordinance on a city-wide basis in order to provide equity and consistency; city may consider allowing local deviation as part of station area overlay	н	1-3	comm grps	s DPD, OH		
3. A strong neighborhood commercial district ban village with a strong overall business district image and identity that is home to a variety of commercial services, including a grocery sto G9 amended)	ore and a	mix of s	mall, loca	ıl and eth	nic busin	esses
Policy 3.A. Support the existing mix of small businesses and encourage new small businesses	(a.)=					
Support a continuing mix of small businesses and encourage new small businesses by providing technical assistance and access to financing. Policy 3.B. Retain local access to food, including a grocery store in the commercial core	.(NBH-P5	amende	ed)			
Retain local access to food, including a grocery store in the commercial core						
Policy 3.C. Promote services for neighborhood light rail commuters close to the station Promote services that can serve neighborhood residents who commute by light rail, such as childcare, close to station.						
Strategy 3.1: Support a strong local business association						
Strengthen the North Beacon Hill Business Association in order for the business owners to work together and with the community to create a neighborhood business district that serves the community. The business association can also provide a venue for its members to raise concerns to the City as well as pursue grants and technical assistance. Potential partners might include Counselors to America's Small Business (SCORE)/Small Business Development Center, Community Capital Development, and Beacon Business/Property Owner Organization.						
OED provides general support for business organizational development. OED staff has met with the Beacon Merchant Association with regards to organizational development and decisions to be made.	н	1-3	local Bus Assoc	OED		
Neigh Bus Dist Funds are competitive and awarded annually to support business district improvement	н	3-6	local Bus Assoc	OED		
SCORE/Small business dev center/CCD are community partners	м	3-6	local Bus Assoc	OED		
Strategy 3.2: Create financing models to support affordable commercial space						
Explore strategies to support long-term affordable commercial space including new and existing models of financing mixed-use development projects that provide affordable commercial space as well as affordable housing in City-funded mixed-use buildings.						
Explore funding mechanisms to create long-term affordable commercial space	н	1-3		OED, DPD, OH		
Explore regulatory / structural mechanisms (possibly incentives) to create long-term affordable commercial space	н	1-3		OED, OH, DPD		
Strategy 3.3: Support space for small businesses along Beacon Ave						
Maintain the remainder of parcels and storefronts north and south of the immediate station area along Beacon Ave. S. for new and						
small businesses. Explore options in urban design framework discussion	1	1-3		S DPD, OED

Nora Liu/nl DPD - Neighborhood Plan Updates and Action Plans N Beacon hill - ATT 2 September 27, 2010 Version #2

ergnbornood Plan Opdates and Action Plans N Beacon nill - ATT 2 er 27, 2010 WHAT	WH	IEN		WHO		HOV
42 Gaiss Strate gies Incorporate in urban design framework	 Priority (Catalyst, High, Medium) 	Timeframe 1-3 yrs; 3-6 yrs; 6-10 yrs	community Partners	Cith Dept	Agency	Phase (On-going, Plan,
Strategy 7.2: Evaluate building height increases / include setbacks				OH, OED		
Evaluate a height increase within the Town Center for some but not all properties that have a current height limit of 40 feet,						
allowing up to 65 feet with required street and upper level setbacks.	н	1-3	comm grac	DPD		
Explore height/density increases recommended by Council	н	1-3	comm grps	DPD		
Strategy 7.3: Create good transitions from new zones to existing neighborhood context		1.5	coming p3	brb		
Where land use changes are considered, give particular attention to zone transitions.						
Incorporate in urban design framework	н	1-3	comm grps	DPD		
Strategy 7.4: Consider including Westward Apts in Station Area Overlay District						
Evaluate whether the Westward Apartments on Beacon Ave. S. should be included within the Station Area Overlay District boundary and rezoned to reflect the existing use and an appropriate transition to single-family areas to the north.						
Incorporate in urban design framework	н	1-3	owner	DPD		
Strategy 7.5: Assess water / fire flow capacity of increased density						
Evaluate water service / fire flow capacity requirements of higher density development under some zoning options, and develop measures to ensure flow needs are met. Evaluate potential need for area-specific sewer pipe infrastructure enhancements.						
Information will be included in the urban design framework discussion	н	1-3		SPU, DPD		
Strategy 7.6: Develop and implement integrated broadband services in Urban Village						
Develop and implement strategies to construct integrated broadband services throughout the North Beacon Hill Urban Village.						
Goal 8. El Centro is a major part of the Town Center						
A redevelopment of El Centro de la Raza that builds on the site's history and serves as a defining civic element of the Town Center						
Policy 8.A. Preserve El Centro as a cultural and service center						
Preserve the role of El Centro as a cultural and service center, with social services such as childcare and food bank.						
Policy 8.B. Support mixed-use development on the El Centro site						
Support mixed-use development on the El Centro site through appropriate zoning or regulatory changes.						11
Strategy 8.1: El Centro, the community and the City work together to guide future development						
future development. Elements could include the following: identification of the desired types of development along South Lander Street so as to augment the open space and create a larger civic area that is readily identifiable as an inviting community gathering space; incorporation of a publicly accessible viewpoint over the neighborhood – such as a view tower – as part of the redevelopment of El Centro; inclusion of affordable housing in the redevelopment of El Centro; consideration of a "market arcade" along S. Lander St.; and preservation of the historic character of El Centro's former school building.						
DPD to work with El Centro as they plan their project	н	1-6	El Centro	DPD		
SDOT to be part of partnership to provide guidance and hear suggestions about S Lander St. "market arcade"	н	1-6	El Centro	SDOT		
SPD will assist with CPTED review	н	1-6	El Centro	SPD		
Strategy 8.2: Change zoning and land use to support the development vision at El Centro						
Change the land use and zoning to support the envisioned mixed use development on the El Centro site.						
Incorporate in urban design framework	н	1-3	comm	DPD		
Strategy 8.3: Include El Centro's site in the Station Area Overlay District						
Include the El Centro site within the Station Area Overlay District boundary Incorporate in urban design framework	н	1-3	El Centro	DPD		
Goal 9. A dense Town Center with good transitions to the adjacent neighborhood		1.5	centro			
A Town Center urban form that transitions from denser development at the Town Center core to less dense and single-family residential neighborn and character of the North Beacon Hill neighborhood.	hoods in	a manne.	r that is r	esponsive	to the d	contex
Policy 9.A. Guide the urban form and character of the Town Center to respond to the N Beacon Hill vision						
Guide future development and potential rezones so they contribute to an urban form and character at the Town Center that is responsive to	the Nort	n Beacor	i Hill visio	n).		
Strategy 9.1: Create an Urban Design Framework for the North Beacon Hill station area Develop neighborhood design guidelines and an urban design framework plan for the North Beacon Hill station area. Framework						
elements could include building height options; incentive features such as affordable housing; open space; and pedestrian connections.						
Work to complete an urban design framework (using street types as a guiding factor). Funding will be necessary for detailed operational analysis for proposed re-route of traffic on Beacon Ave S from S McClellan St to 15th Ave S)	н	1-3	comm grps	DPD, SDOT, PARKS		
SPU to support as resources are available	н	1-3		SPU		
Strategy 9.2: Incorporate goals of the update in the Neighborhood Design Guidelines						
Amend the Beacon Hill Neighborhood Design Guidelines to incorporate the goals of the urban design framework plan.						
Goal 10. A safe and pleasant neighborhood to walk, bike, and ride.		deated		aliat :		
An urban village that is a pleasant place to walk, with good access to alternative transportation; where lively, friendly and safe streetscapes encours are seen as public access for walkers, bicycles, and buses as well as cars. (NBH-G3 amended)	urage pe	uestrians	and bicy	clists and	wnere r	oadwa
Policy 10.A. Enhance pedestrian safety along key streets in the Urban Village						
Enhance pedestrian safety along key streets within the Urban Village and discourage projects that would hinder pedestrian access. (NBH-P9	and NBF	I-Р10 ат	ended)			

Policy 10.B. Use the Pedestrian Master Plan to identify and prioritize pedestrian improvements

Use the Pedestrian Master Plan, which recognizes the importance of Beacon Ave. S., as a tool for identifying and prioritizing pedestrian improvements. (NBH-p19 amended)

Policy 10.C. Use the Bicycle Master Plan to identify and prioritize bicycle connections

Use the Bicycle Master Plan, which recognizes the importance of Beacon Ave. S., to identify, prioritize and improve bicycle connections to Downtown, Jefferson Park and Rainier Valley. (NBH-p19 amended)

ement specific Southeast Transportation Study (SETS) Projects: #4 - Add a missing sidewalk link along Beacon Ave. S. at S. ilellan St. to provide a continuous sidewalk through the landscaped island; and #6 - Improve safety at the intersection of Beacon					Í
S. and S. Stevens St.					
In stall in-pavement flashers for crosswalk at Beacon Ave S and S Forest St (\$60,000)	н	1-3		SDOT	
Install 15th ave s bike facilities (between S College and Columbian Way)	м	1-3		SDOT	
Install Columbian Way S bike facilities (Beacon to Oregon)	м	1-3		SDOT	
Install S Alaskan Way/Columbian Way S bike facilities (MLK to Beacon)	м	1-3		SDOT	
Install Lander Festival Street		1-3		SDOT	
Install Chief Sealth Trail extension (Beacon Ave S to S Angeline St)	н	1-3		SDOT	
Improve paving on 15th Ave (Beacon to McClellan)	н	1-3		SDOT	
Implement rechannelization and paving of Columbian Way S		1-3		SDOT	
Obtain funding to complete SETS projects on Beacon Hill. Look to leverage funding through Neighborhood Street Fund program/Sidewalk program.	м	1-3	comm grps	SDOT	
#4: missing sidewalk link along Beacon Ave S at S McClellan St island to be installed	м	1-3		SDOT	

Nora Liu/nl DPD - Neighborhood Plan Updates and Action Plans N Beacon hill - ATT 2 September 27, 2010

nber 27, 201 1 #2	0 WHAT	WH	IEN		WHO		HOV
Vision Goals Policies	Action Steps	Priority (Catalyst, High, Medium)	Timeframe 1-3 yrs; 3-6 yrs; 6-10 yrs	Community Partners	City Dept	Agency	Phase
	Complete a conceptual design for Beacon Ave. S. from the town center to S. Spokane St.; working within the existing right-of-way. Consider extending the median north along Beacon Ave. S., planting street trees, providing opportunities for sidewalk cafés, and other features such as bike lanes, street furniture and pedestrian lighting, within the existing right-of-way. See street section diagram page 14 (Note: An operational analysis of any proposed street design changes is necessary to assess impacts upon levels of congestion, especially at intersections, and parking impacts. Both existing and future conditions will need to be studied. Currently there is no funding for analysis, engineering or construction.).						
	Conceptual design complete and ready for community discussion and input through Urban Design Framework. Need funding for operational analysis	н	1-3	comm grps	SDOT, DPD		
	SPD can provide safety design recommendations	м	1-3	comm grps	SPD		
	Strategy 10.3: Provide sidewalk benches a key locations						
	Provide benches at regular intervals along streets in the station areas, at bus stops and along major walking routes (e.g. Beacon Ave. S.). Consider implementing an adopt-a-bench program.						
	Conceptual design is included in 10.2	н	1-3	comm grps	DPD, SDOT		
	Community may apply for matching fund grants for specific projects	н	1-6	comm grps	community		
	SPD will participate in design	н	1-3	comm grps	SPD		
	Strategy 10.4: Explore re-routing through traffic off Beacon Ave S			U. U.			
	Explore the option of a traffic reroute that would redirect through-traffic off Beacon Ave. S. in the commercial center. Consider rerouting through-traffic from Beacon Ave. S. to 15th Ave. S. at S. McClellan St. and back to Beacon Ave. S. at the 15th Ave. S. intersection. By reducing traffic on Beacon Ave., the Beacon Ave. streetscape would be made more appealing for pedestrians and bicyclists and still be able to adequately accommodate transit. A "traffic-calmed" Beacon Ave. S. would most likely promote further streetscape improvements. (Note: The re-routing strategy would require a more detailed modeling and operational analysis to understand the traffic volumes that would be diverted, effects upon congestion especially at intersections, geometric requirements, and the possible need to acquire additional right-of-way. Both existing and future conditions would need to be studied before any decision were made about this alternative. Currently, there is no funding for such an analysis, engineering, design, or construction.)						
	Explore in urban design framework discussion	м	1-3	comm grps	DPD, SDOT		
	Will need to pursue funding for detailed operational analysis and land aquisition for additional Right-Of-Way. Note: Project cannot move forward until funding is secured to determine feasibility.	н	3-6		SDOT		
	SPD will participate in design	м	1-3	comm grps	SPD		
	Strategy 10.5: Transform existing alleys into a pedestrian network						
	Consider transforming existing alleys into a pedestrian network that would link key civic destinations with the surrounding residential area.						
	DPD and SDOT use the urban design framework process to identify potential of existing alleys.	м	1-3	comm grps	DPD, SDOT		
	Strategy 10.6: Seek opportunities to underground utility wires						
	Pursue opportunities to underground utility wires in the neighborhood.	н					
	New Strategy: Seek opportunities for family-friendly pedestrian and bicycle circulation						
	Seek opportunities to create family-friendly circulation for pedestrians and bicycles within the Beacon Hill neighborhood	н	1-10	comm grps	SDOT		

NBH-G4: An urban village with transit service that serves the needs of the existing population and also provides for improvements to serve the neighborhood' s projected population growth.

NBH-G6: A residential urban village in which neighborhood traffic functions efficiently and safely and in which traffic calming devices that improve pedestrian safety are placed at strategic locations.

NBH-G7: Recognize the link Beacon Avenue Boulevard provides through the entire neighborhood planning area.

NBH-G8: An urban village that provides open space amenities and utilizes design guidelines for future development that benefits the neighborhood and contributes to a livable environment.

NBH-P2: To enable any implementation of rezoning to be considered under Policy P1, that portion of Beacon Avenue South located within the boundaries of the North Beacon Hill Residential Urban Village is designated a principal commercial street.

NBH-P4: Seek to maintain the character of low density multifamily areas in the northern portion of the urban village while providing opportunities for additional mixed-use residential development in the retail core in the southern portion of the urban village.

NBH-P7: Recognize the importance of the library as a focal point for a community with an ethnically diverse population, a significant number of whom are young, and its role as a symbol of pride and identity.

NBH-P11 amended: Provide for improved and safe pedestrian access to the North Beacon Hill Library through the design of surrounding streets and walkways

NBH-P12: Recognize the current high levels of transit ridership on North Beacon Hill and support improvements to transit systems to encourage continued transit ridership and less reliance on the automobile.

NBH-P13: Strive to improve transit connections within Beacon Hill and to and from other neighborhoods to create a seamless transportation network for the neighborhood.

NBH-P15: Recognize the existing residential character of many streets within the urban village and support mechanisms to protect these streets from increased traffic.

NBH-P16: Strive to implement neighborhood traffic calming control devices and strategies that protect local residential streets from through traffic, shortcutting, high volumes, and high speed traffic as growth occurs within the urban village.

NBH-P17: Recognize the unique topography and location of North Beacon Hill and its connections to major arterials, freeway access points, and new sportsstadium destinations and seek ways to mitigate the resulting traffic impacts on residential street systems.

NBH-P18: Recognize the unique conditions along Beacon Avenue as it cuts diagonally across the regular north/south and east/west street grid and creates irregular intersections and difficulties for pedestrian crossings.
