

## Energy Benchmarking Exemption Application Building Size or Occupancy Use

Please use this form if you believe that your building is not covered by the ordinance due to its size (less than 20,000 gross square feet) and/or due to the occupancy use type. For all requests, indicate building type (commercial/ institutional, residential, or manufacturing), include the approximate gross square feet, and which exemption type you are pursuing. Email signed and completed applications with supporting documentation to energybenchmarking@seattle.gov.
