Installing Junos Pulse on an iPhone, iPad or iPod Touch

Open the App Store and install the appropriate Junos Pulse app.

1. Tap the **App Store** icon  on the iOS **Home** screen.
2. Tap the **Search** icon  and search for *Junos Pulse*.
3. Install and configure Junos Pulse as shown below:

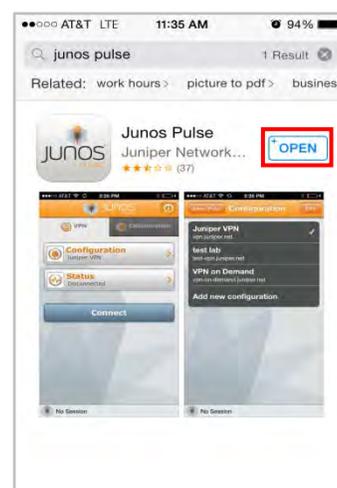

a) Tap **Get**.

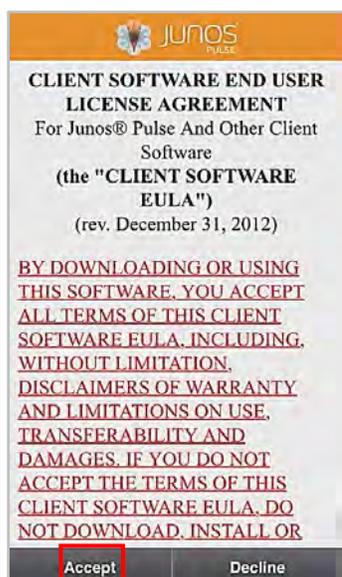

b) Tap **Install**.

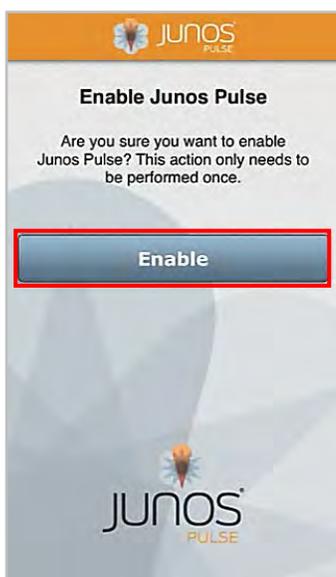

c) Tap **Open**.

d) Tap **Accept**.

e) Tap **Enable**.

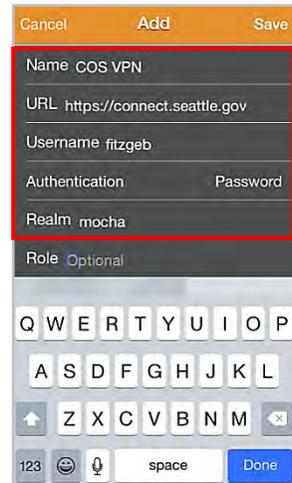

f) Tap **Configuration**.

g) Enter the following information (as shown to the right):

- Type **COS VPN** in the **Name** field.
- Type **https://connect.seattle.gov** in the **URL** field.
- Type your user name in the **Username** field.
- Tap **Authentication** and select **Password**.
- Type **Mocha** in the **Realm** field.
- Tap **Save**.

4. Connect via VPN:

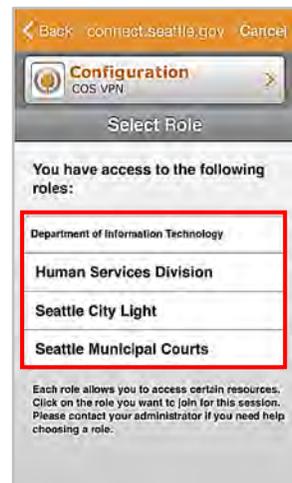

a) Tap **Connect**.

b) Enter your password and tap **Please Sign In**.

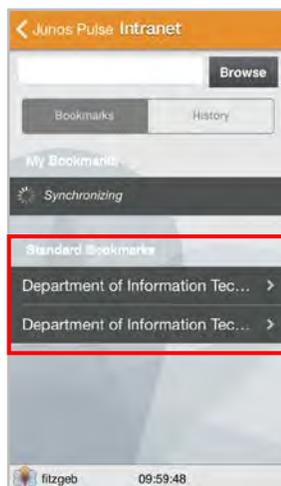

c) Tap the appropriate department in the list.

d) Tap **Intranet**.

e) Tap the appropriate option under **Standard Bookmarks**

Installing Junos Pulse on an Android device

1. Touch the **Apps** icon.
2. Touch the **Play Store** icon and search for *Junos Pulse*.

If you can't find or open the Play Store app:

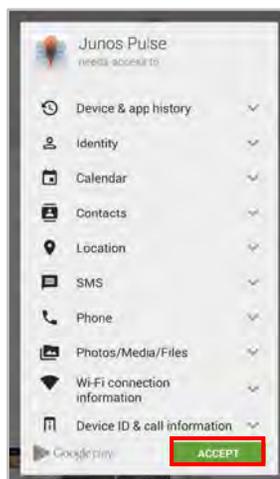

- Confirm you're using a [supported Android device](#).
- You may have hidden the app and need to [re-enable](#) it.
- Turn off your device and turn it on again. Then look for the app.
- If the Google Play Store app still isn't showing up, contact your carrier or manufacturer for help. Unfortunately, if the app isn't on your device, there's no way to download it.

3. Search for *Junos Pulse*.
4. Touch the appropriate app for your device; **Junos Pulse, Junos Pulse for Samsung** or **Junos Pulse for Galaxy Tab 7.0**.
5. Install and configure Junos Pulse as shown below:

a) Touch **Install**.

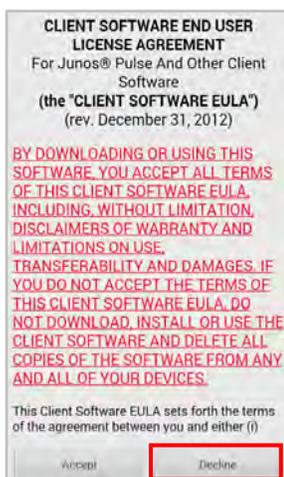

b) Touch **Accept**.

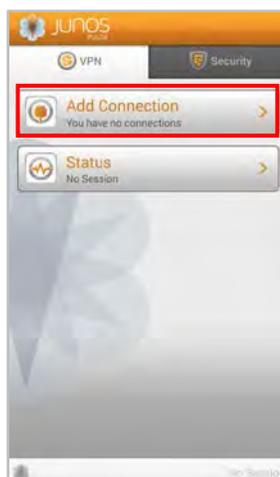

c) Touch **Open**.

d) Touch **Accept**.

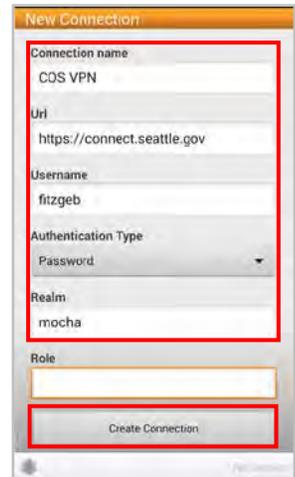

e) Touch **Add Connection**.

Setting Up a City-provided Mobile Device for Exchange Online

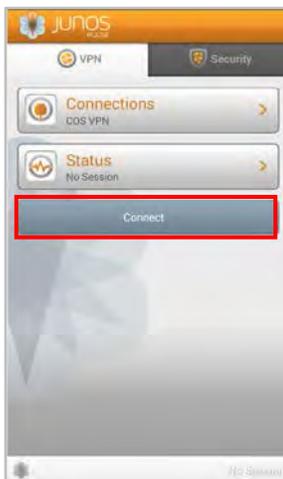

f) Enter the following information (as shown to the right):

- Type **COS VPN** in the **Connection Name** field.
- Type **https://connect.seattle.gov** in the **URL** field.
- Type your user name in the **Username** field.
- Touch the **Authentication Type** drop-down menu and select **Password**.
- Type **Mocha** in the **Realm** field.
- Touch **Create Connection**.

6. To Connect to VPN:

g) Touch **Connect**.

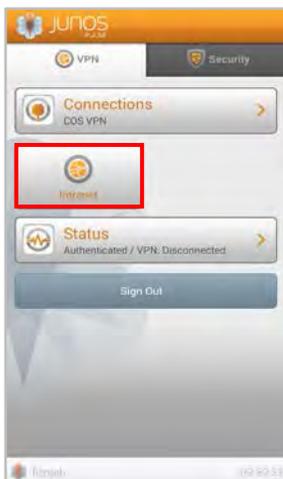

h) Enter password and touch **Please Sign In**.

i) Touch the appropriate department.

j) Touch **Intranet**.

k) Touch **Department of Information Technology INWEB**.
