	Question/Comment	Answer
1.	With the May 15th deadline for written questions being May 15th - will answers to verbal or written questions as the result of the open houses May 23 and May 30 be published?	<p>Since we request that the open house questions be submitted via email, there will be nothing to publish. May 15th is the deadline to submit all questions via email. The last two open houses will simply be opportunities for proposers to further develop their own proposals. As typical with the other open houses, we will not be answering any questions.</p> <p>Thanks for asking for clarification.</p>
