

## **Parks and Recreation, Contract & Business Resources Concession Policy**

It is the policy of the Department and Parks and Recreation's Contract and Business Resources Division to provide, as appropriate and feasible, concession amenities and activities at our parks and facilities so that our park users' overall recreation experience is enhanced and enjoyable. To that end, concession opportunities shall be conducted in an open and inclusive process that is consistent with the department's existing policies for concessions and request for proposals (Reference Operating Policies and Procedures Number 060-P3.9.1 and Number 060 P.3.9.1.1). Copies of these procedures can be furnished upon request.
