Parks and open spaces	Facilities either unavailable, blocked by tents and other structure, or unsafe. Not able to photograph or birdwatching in nature any more because those places are private tent residences. The ground is filled with needles and garbage.	Community events and gathering spaces, Simply would like to take walks in safety. I no longer walk in the parks. Too many assaults and rapes. Many of them destroy wild life and natural environments. I think the focus is best spent on sustained and increasing tree planting and educating urban dwellers about the contribution of yards, gardens and parks. Our trees are being chopped down at Bitter lake and other places where encampments are using them to build and start fires. Developers also are at fault. Keep it simple and protect what we have. I did not participate in any programs or visit Seattle parks	Seattle Parks are no longer safe for families. They are overrun by homeless encampments and are dangerous. We are so disappointed that this seems okay to Seattle City Council.	My 13 year old daughter would like to participate in XC with her school team but Woodland Park is not open to school kids because it is so dangerous and unsafe. Please clean up these encampments and allow families and children to enjoy Seattle's outdoor space again. Climate change has been happening since the beginning of time. Remember the ice age? No people were on the planet to cause the ice to melt. Humans are not the cause of any warming. Oceans are heating up because of record underwater volcanic eruptions in the Pacific oceans ring of fire. What are you going to do, bomb underwater volcanoes to stop the spread? We need to concentrate on clean air and water but we cannot stop global warming if it really exists. Yes oceans may rise in temperature melting ice caps but that has nothing to do with people. I tried to walk around Green Lake, but the drug-addicted criminals living there threatened to murder me, so I stopped going.	There are like, these people living in them, who threaten to murder me if I get too close to them, and the police don't seem to care. It's a significant barrier to my enjoyment.	I would say the removal of the drug-addicted criminals, but I can't actually find where you say you're going to do that. Must be an oversight lol	If we had a program where we had some kind of group of people whose job it was to enforce laws, and they would detain people who broke the laws, and then those people went to some sort of facility where they made license plates for 2 cents an hour, that might be good. Parks and open spaces, Volunteered for programs	who want to volunteer to work in natural areas outside of events to be full forest stewards is a costly bottleneck. Need a way to fit in people who want to do that but don't want to lead events. At present limits on number of forest stewards and access to training for being one is a barrier. At present the department is turning people away from forest steward training and there's no good excuse for that. Parks and open spaces, Just an initial comment: This survey is a "push poll" that is driving the people who are surveyed to certain types of pre-ordained answers. It would be much better (and more statistically valid and useful) to have an open-ended questionnaire.	friends won't walk around Green Lake because of the number of homeless encampments. The number and density of homeless people make our parks unsafe. Also, the failure of simple maintenance makes the parks much less enjoyable. Last weekend we went to O.O. Denny park--owned by Seattle but operated by Kirkland--where families could gather on green watered lawns, and hike on maintained trails.	Indoor aquatics: pools and swim lessons, Walking in peaceful and safe parks again (if they become safe again!)	Environmental education, sustainability, and stewardship, Water the darn trails. Parks and open spaces, I would like to be able to use parks more than I do now, but many parks are overrun with drug addicted criminals who have threatened and screamed at me multiple times. Plus, many needles all over parks makes them really unsafe.	The many drug addicted mentally ill people living in parks and leaving needles all over them make it really hard to enjoy parks most of the time.	Hopefully feeling safer when I use parks. At the moment many parks are not safe for the general public to use.	If there was a program that made parks actually safe for use without being threatened by people living in them, and needles that would be a great start.	Important	Not	Very	Very	Important	Very	Not	Not	Very	Weekday mornings (9 am-noon), Weekend (Sat/Sun) early mornings (7 am-9 am), Weekend (Sat/Sun) mornings (9 am-noon), Weekend (Sat/Sun) afternoons (1 pm-5 pm)	Up to 10 minutes	By bus, streetcar, or light rail, Walking	Emergency response (de-escalation, fire, mental health crisis, etc.)	There are constant fires at the park across the street from me, but they aren't caused by climate change. They are caused by the homeless criminals constantly setting fires in the park which is a real danger for people in the neighborhood.	This is really not important in the grand scheme of things. Number one priority should be making parks safe and usable. When I attempt to visit a park the climate footprint is really not front of mind. My wife and I would walk on the Longfellow Creek trail in West Seattle until homeless campers took over the trail. The homeless would threaten to kill us on a regular basis just for walking through "their territory" until we stopped walking there.	Homeless and addicted individuals threatening violence and murder towards me and my family is a barrier to us enjoying the parks and trails.	Enforcement of current laws regarding illegal drug usage. This will not happen, but it would be great if we could enforce current laws to remove danger and risk associated with drug usage in the parks. Making it a safer place for all to enjoy the parks.	Enforcement of current laws on illegal drug usage and vagrancy to make the city and its parks safer and actually usable.									Very	Weekday afternoons (1 pm-5 pm), Weekend (Sat/Sun) early mornings (7 am-9 am), Weekend (Sat/Sun) mornings (9 am-12 noon), Weekend (Sat/Sun) evenings (5 pm-9 pm)	Up to 45 minutes	Drive my own vehicle	Emergency response (de-escalation, fire, mental health crisis, etc.)	The environmental impacts I see prominently are the amount of garbage, biowaste and animal infestations that are generated by the homeless campers in our parks and trails.	Enforce vagrancy laws within the parks and trails so that the trash, refuse and animal infestations don't negatively impact the environment.	messenger goose	98106	30'39	unknown	English	Christmas Island	Aleutian Island	Madagascar Island	Easter Island	Fallaka Island	Cook Island			44439.87144

"programs" are very far down the list of why we have/need parks. Most people just want a quiet, safe outdoor experience.	The barriers are obvious. Vagrants have taken over the parks and are preventing the public from enjoying what is theirs to enjoy. Please deal with this before spending any more time on these types of fringe issues/questions.	I would be excited to hear that the vagrants will be removed from our parks and the general public can re-experience the pleasure of using the parks as they were intended to be used.	Remove the vagrants from our parks before you "brainstorm" any further. I lived in Seattle for 15 years and moved to NYC two and a half years ago. This past week I came back for the first time since COVID. I was appalled at the condition in Seattle's public spaces and parks. It's an embarrassment and the city should be ashamed of itself.	Homeless lunatics																								
	Needles. Drug addicts. Tents. Feces on the ground. Angry people on drugs making me feel uncomfortable.	How is there not an option to reclaim Seattle's parks and green spaces from the meth-addicted criminals who've taken them over and turned them into open-air drug market favelas?	Not	Not	Very	Very	Not	Not	Not	Not	Very	Weekend (Sat/Sun) mornings (9 am&E"noon), Weekend (Sat/Sun) afternoons (1 pm&E"5 pm)	Up to 20 minutes	By bus, streetcar, or light rail, Walking, By bicycle, scooter, or other non-motorized wheels	Emergency response (de-escalation, fire, mental health crisis, etc.)	I'm sure the meth addicts burning RVs and mattresses in Green Lake will really enjoy that environmental education focused on climate change!	Fewer homeless encampment fires threatening the parks would probably be ideal in terms of reducing the carbon footprint.	Just thinking out loud here - but perhaps go to the park and ask citizens for their feedback. You'll be able to tell who'd like to enjoy the park because it will be the frightened families slowly back away as a meth addict chases them with a hammer.		10011	30&E"39	Male	English	Oddly, I don't see an option for Italian or Irish with a dash of Slavic roots. I'm guessing this was an oversight?	44440.20802

Parks and open spaces, Outdoor sports facilities, Lifeguarded beaches	The scholarship resources are hard to find or too complicated. There aren't programs in my area that I'm interested in. Operating hours do not match my schedule. Facilities are too far from where I live. Mostly oriented towards families. I like kids, but I chose not to have any for environmental reasons, and I'd really appreciate people caring about activities for adults alone *as well as* children/families.	Indoor aquatics: pools and swim lessons, Outdoor aquatics: spray parks, wading pools, beaches. I would have checked community events as well, but that's really generic. Please, please add more opportunities for swimming pools that are actually affordable locally, especially for those of us who are lower-income but managed to get adult swimming lessons, so we really just need the space to exercise!! Parks and open spaces, Outdoor sports facilities, Volunteered for programs, Walks in natural areas of parks was what kept me going during Covid. It was hard to see people so careless of the habitat in many parks: making many social trails, letting dogs roam freely in natural areas, more trash. We need more education for park users.	No barriers	I am pleased that SPR is starting to consider aspects of climate change in future planning. I believe SPR can reduce carbon emissions.	sustainability, and stewardship, Youth programming, Education of the general public about being good stewards of the park areas. This includes avoiding the creation of social trails through natural areas (especially in areas such as the Cheasty bike paths that will have a big impact on plants and animals since many bikers will go off the established trails) This also includes educating dog owners about keeping their off-leash dogs in the OLA, rather than letting them run free all over natural areas as is often the case at Magnuson Park and other parks. I'd also like education about the use of drones in parks. I have encountered drone operators that fly their	Very	Not	Important	Very	Very	Not	Important	Important	Very	Weekday early mornings (7 am'9 am), Weekday mornings (9 am'noon), Weekday afternoons (1 pm'5 pm), Weekday evenings (5 pm'9 pm), Weekend (Sat/Sun) early mornings (7 am'9 am)	Up to 20 minutes	Drive my own vehicle, By bus, streetcar, or light rail, Walking	Cultural awareness, equity, and language access, Sustainability practices	Healthy urban tree canopy that provides shade in outdoor spaces	Alternative energy (e.g., solar), Shifting from gas-powered to electric fleet and equipment, Renovating and building facilities that are more energy efficient, Reducing impervious surfaces (pavement) in our park and facility design, Organic land management practices, Green infrastructure to create a healthier urban environment, Additional tree canopy to reduce urban heat, I am not in favor of a lot of increased lighting in parks--we need to preserve night skies even in the city. Not convinced that more lights enhance safety. I think SPR should put a priority on preserving open space and natural areas. We don't need more hard scapes in our city. Parks and open spaces	barrier to enjoying some of the parks in my neighborhood (Capitol Hill) are homeless people taking over public spaces and crime. This is happening not only in larger parks (like Cal Anderson), but in neighborhood pocket parks that the local community is no longer able to enjoy. Volunteer Park has a steady population of people living in tents and cars, and I have seen people shooting up in the park near the children's play area. I feel less	Programs for people age 50+	Health and fitness, I rely on Seattle's parks for access to the outdoors, but the maintenance in parks has lagged during the pandemic. Also, there are tent encampments that get in the way of enjoying our community resources such as Green Lake. Parks and open spaces, I have spent time in Cal Anderson Park, Freeway Park, Greenlake Park, Volunteer Park, and Seward Park. I didn't visit any beaches last year, but have in the past and consider that a valuable service.	What is available	Community events and gathering spaces, I mostly use parks to jog through, since grass/earthen trails are easier on my knees. Tent encampments and related closures have impaired my ability to use the parks. What I would be most excited about is being able to make full use of community spaces, without the seizure of these public spaces for private use.	I am less concerned about "programming" than I am about simply being able to use the parks. For example, functioning restrooms are nice to have in public parks, yet maintenance of such facilities seems to be a low priority for the city. I'd like the Parks department to make sure park facilities are in good working order before worrying about "childcare" or "technology skills." There seems to be a lot of "mission creep" going on here, and I'd encourage you to focus your strategic plan on providing basic services first, and leaving things like "job readiness" to public schools and community colleges.	Not	Not	Not	Not	Important	Important	Not	Not	Very	Weekday evenings (5 pm–9 pm), Weekend (Sat/Sun) mornings (9 am–noon), Weekend (Sat/Sun) afternoons (1 pm–5 pm)	Up to 20 minutes	Drive my own vehicle, Get dropped off by someone else, By bus, streetcar, or light rail, Walking, By bicycle, scooter, or other non-motorized wheels	Customer service and care	Healthy urban tree canopy that provides shade in outdoor spaces	Alternative energy (e.g., solar), Shifting from gas-powered to electric fleet and equipment, Reducing impervious surfaces (pavement) in our park and facility design, There are opportunity costs with many of these ideas. You'd probably get more bang for the same \$ for reducing carbon footprint by spending the money on transit options instead. Anyway, a public survey like this is not a good way to figure out how to reduce carbon pollution.	A lot of this is fairly ridiculous. I don't want to pay for all this. Just use the money we give you to provide open and well-maintained parks and open spaces. I'm sure there are community groups that can provide feedback on specific issues, like the Freeway Park Assn., etc. You don't need to use our money to pay for radio ads. Use it to pay for our parks for God's sake.	98101	40–49	Male	English		4444.96084

I played pickleball at Miller Community Center outside 3-5 times/week	There are far too few pickleball facilities! It is so crowded at Miller that you spend more time waiting for a court than actually playing. It seems like every time I go there are up to a half dozen new people coming to play. We need more courts.	Having indoor courts to play on again in inclement weather.	More pickleball classes! There are more new people coming to play pickleball every day and they need some instruction! Also access to indoor and outdoor courts that actually have lines and nets for pickleball. Parks and open spaces, Outdoor sports facilities	do not match my schedule. Pre covid I swam every week and many different city pools. One thing that was always a barrier was older men who bullied others in the lap lane (I witnessed on screen a tween to get out and made her cry. I told him that was not respectful and her mom came up to me later and thanked me). The code of conduct in pools does not cover this. I talked to staff at several pools about this and would like to	Indoor aquatics: pools and swim lessons, Outdoor aquatics: spray parks, wading pools, beaches, outdoor pools, Community events and gathering spaces	Health and fitness, Wellness and mental health programming		Important	Important	Not	Not	Important	Important	Not	Important	Important	Weekday evenings (5 pm-9 pm), Weekend (Sat/Sun) mornings (9 am-12 noon), Weekend (Sat/Sun) afternoons (1 pm-5 pm), Weekend (Sat/Sun) evenings (5 pm-9 pm)	Up to 30 minutes	Drive my own vehicle, By bus, streetcar, or light rail, By bicycle, scooter, or other non-motorized wheels	Cultural awareness, equity, and language access, Community engagement, Sustainability practices	Community center cooling or shelter space	Alternative energy (e.g., solar), Shifting from gas-powered to electric fleet and equipment, Renovating and building facilities that are more energy efficient, Reducing impervious surfaces (pavement) in our park and facility design, Shifting from natural gas to electric heating systems, Composting available in parks and facilities, Green infrastructure to create a healthier urban environment	Digital communication: SPR newsletter, social media, website, blog, Online communities: Facebook groups, NextDoor, etc.	98125	408-49	Female	English							White	44451.13818

Parks and open spaces, Outdoor sports facilities	Lack of response from SPR staff, Poorly maintained and unsafe tennis courts. Crack create trip hazards. Courts are filthy, filled with trash and graffiti. Seattle Parks has been absolutely nonresponsive on dozens of emails I have sent. Disgraceful.	We need more tennis courts in West Seattle. We lost the Lowman Beach courts, pickleball is taking over courts, and remaining courts are nearly unplayable due to poor maintenance. Population and taxes have increased while courts have decreased.	More tennis. Tennis is the perfect socially distance sport. We mostly went to discovery Park early mornings on weekdays. Once or twice we walked green like when it will become one way which is very nice. But only once or twice around green lake. We only live a few blocks from Green Lake.	the gym, toddler gym, etc., Programs for people age 50+, I did not know if you would give me a chance to see this anywhere else in the survey. So I am going back and adding this at the beginning of this response. I want to see the homeless at Green Lake completely gone all of them this is gotten to be so crazy they are so brazen now more and more. I am hooked into next-door to find out about what's going on and it's horrific I am so tired of it I do not go to Green Lake at all anymore it is a scary place to be day or night we should have police presence until all those people	Health and fitness	Important	Not	Not	Very	Very	Very	Very	Very	Very	Weekday early mornings (7 am-9 am), Weekday mornings (9 am-12 noon), Weekday afternoons (1 pm-5 pm), Weekend (Sat/Sun) early mornings (7 am-9 am), Weekend (Sat/Sun) mornings (9 am-12 noon), Weekend (Sat/Sun) afternoons (1 pm-5 pm)	Up to 20 minutes	Drive my own vehicle	Customer service and care, Community engagement	Healthy urban tree canopy that provides shade in outdoor spaces	Organic land management practices, Additional tree canopy to reduce urban heat	Digital communication: SPR newsletter, social media, website, blog, Print materials: Flyers and signs in your neighborhood, community centers, and libraries, Media: radio, newspapers, local blogs, Relationships: word of mouth, staff presence in your community, connections with key community leaders and elders, Online communities: Facebook groups, NextDoor, etc.	98103 608670	F	English		44455.6189

Virtual programs and events, Parks and open spaces, Outdoor sports facilities, Socially distanced outdoor programs, Participated in conversations about deep challenges facing Cal Anderson Park, worked with SPR to set a community table to advance community and city priorities for Cal Anderson Park.	Program fees are too high	Community events and gathering spaces, Volunteering, I'd like to see more concessions activate some of our smaller parks like Cal Anderson, as they do at places like Greenlake. They are a great economic opportunity for small entrepreneurs, so let's work together to figure this out.	Arts and culture, Youth programming, Activities and programming that bring the community together in our main public space, which is Cal Anderson Park. This is especially true in places like Cal Anderson Park. I applaud the City's work to come to the table with the community this summer, and we should find a way to scale this type of partnership to other parks that have complex needs and diverse user groups. This type of work doesn't lend itself to digital solutions—it's about trust, relationships and clear, active communication.	98122	408-49	Male	English	White	44463.63255

Outdoor sports facilities			Health and fitness, Pickleball is the fastest growing sport like US. I find it absurd that the SPR does not have dedicated outdoor pickleball courts. How about making the courts in Green Lake adjacent to the boat rental place JUST for pickleball? There are plenty of other places that people can play tennis in the Green Lake area. Bend Oregon has 12 outdoor courts IN A CITY OF AROUND 100,000!! Wish Seattle would get their head out of the sand and address the need for DEDICATED OUTDOOR COURTS. Need more proof? Check out the courts at Green Lake on a nice Friday pm or over the weekend and note the number of pickleball players... The parks are unusable and unsafe due to the homeless encampments you have invited.	safely use our parks, because YOU have allowed them to be overrun with criminals, the mentally ill, drug addicts, and flat-out bums. Shame on you for enabling tent camping, piles of human waste, needle disposal, aggressive panhandlers, and general mayhem on what I pay taxes for. I am liberal, I believe Black Lives Matter AND I want you to call the cops, enforce the law, and clear out parks of these outrageous hazards. Parks and open spaces, I attempted to visit and enjoy Seattle Parks and open spaces but was unable to safely due to innumerable homeless encampments, garbage piles, heroine needles and fumes from running generators in derelict recreational vehicles.	Harassment/Intimidation from illegal encampment "residents."	I am not looking forward to any activities, as there is no apparent plan to remove encampments, drug dealing, prostitution and garbage/drug paraphernalia from the parks that my taxes pay for.	Environmental education, sustainability, and stewardship, I will be fine. Homeless residents and those addicted to drugs and alcohol need more than being left to rot in city parks in order to serve as props for city council members' political campaigns and virtue signaling. Parks and open spaces	Yes! I have experienced crime, drugs, needles, dangerous playgrounds filled with drug needles, violence, lack of safety, shit, violent threatening people in the encampments. I have been assaulted by the people living in the encampments. I feel angry at the city council for giving these criminals free use of the parks that tax paying citizens like me pay for!	I just want the parks clean of encampment, violent drug addicted people, criminals and mentally insane. I don't want to step on needles, violence, feces, I don't want my children or I to be threatened or assaulted, I don't want to be assaulted and scared to go to the park, I don't want my car or house to be broken into. I want to be safe. And I don't want to pay taxes for a city where I cannot use its parks because the city gave free use of our public spaces to criminals, drug addicts and mentally insane people.													Up to 10 minutes	Drive my own vehicle, Walking, By bicycle, scooter, or other non-motorized wheels	Emergency response (de-escalation, fire, mental health crisis, etc.)	cannot use the parks because the crime and violence is rampant. You need to first clean our parks, get rid of criminals, drug addicts, and mentally insane that threaten us and destroy the parks, then ask these questions. These questions don't make any sense until then. Where are you going to implement such programs? In drug dens or amongst the crazy people that yell out of their minds while walking with their pants	You speak of climate change - a global challenge-but you cannot even solve the safety and crime in the Seattle parks! I am a researcher looking at climate justice issues, and I am appalled at the amount of trash and pollution happening in Seattle parks because the encampments! Start with this task, then you gain credibility to ask bigger questions. Until then, you have none.	email	40–49	F	English				American Indian	44476.95225
