Mission Statement
To provide exceptional, accessible, and affordable citywide recreation programs and resources for individuals with disabilities and their families. Specially trained staff develop, conduct programs and, with the Advisory Council, advocate for specialized opportunities in arts, fitness and social activities for people with special needs.

History of Service
Seattle Parks and Recreation’s Specialized Programs has provided recreational activities, sports, life skills, and social programs for more than 45 years. We also create partnerships with many community groups, clubs, and organizations for the purpose of increasing service capacity and improving access for people with developmental or physical disabilities.

The Advisory Council
The Specialized Programs Advisory Council (SPAC) members are dedicated volunteers who enrich our community by supporting people with disabilities.

The SPAC members are strong advocates effective in educating decision-makers and the community-at-large by speaking of program successes, sharing their experiences, and describing the needs of people with disabilities.

The SPAC holds monthly public meetings to advise staff, review programs, develop policies, plan marketing and advocacy strategies, and address financial issues.

To attend a meeting call: 206-684-4950
