

BUILDING FOR THE FUTURE

BRIGHTON PLAYFIELD RENOVATION NATURAL TURF TO SYNTHETIC TURF AND LIGHTING REPLACEMENT

We need your input! Seattle Parks and Recreation encourages the community to participate in the improvement of Brighton Playfield. Please join Seattle Parks and Recreation, project manager, and D.A. Hogan, consultant, and provide input on the renovation. We will be gathering information on how you use the current field, what sports you would like it to accommodate in the future and how the renovation can provide the best field for the community.

This project will replace the existing lighted natural turf playfield with a new lighted and renovated 200,000 square foot synthetic turf field. We will be looking at new/upgraded accessible pathways, spectator areas, reuse of existing seating/bleachers and connections with other existing park features.

During the planning and design phase of this project we have researched a number of alternative infill products. We have met with the manufactures and will move forward with an innovative infill material for the Brighton Playfield. The lighting upgrade will demolish the existing, outmoded lighting system and replacement with a state-of-the-art system. The goal of the lighting project is to enhance play ability with safe, efficient lighting for field users, and to eliminate as much objectionable glare and light spill into the neighborhood as possible.

Brighton Playfield is located north of Aki Kurose Middle School at 6000 39th Ave S, Seattle, WA 98118

TUESDAY, JULY 26, 2016

6:30 – 8 P.M.

AKI KUROSE MIDDLE SCHOOL

3928 S GRAHAM ST, SEATTLE, WA 98118
