

## **PUBLIC MEETING**

# **DENNY PARK PAVING, DRAINAGE AND IRRIGATION PROJECT**

- **PAVEMENT REPLACEMENT & ENHANCEMENT**
- **DRAINAGE & SANITARY SEWER REPLACEMENT**
- **IRRIGATION REPLACEMENT & UPGRADE**

Seattle Parks and Recreation invites the community to a public meeting to learn about proposed improvements to Denny Park. Parks staff and the design consultant, WR Consulting Inc., will present draft plans and a summary of the upcoming project. Following the presentation there will be opportunity for input and questions.

This project includes replacement of the park's pathways and paved areas. In addition, storm drainage, sanitary sewer and irrigation systems will be replaced and upgraded. Potential modifications to the central plaza area may be included and would improve pedestrian circulation, enhance ADA accessibility and provide a more functional community gathering space. Other proposed improvements may include a new central raingarden feature, new benches and planting bed modifications.

Construction is anticipated to begin by mid-2016 with completion by early 2017. This project is funded with the 2008 Parks and Green Spaces Levy fund and Seattle Park District.

# **TUESDAY FEBRUARY 2, 2016**

## **7:00 – 8:30 P.M.**
