DESIGN REVIEW AND PLAY EQUIPMENT ► INPUT OPPORTUNITY

Seattle Parks and Recreation is renovating two play areas in Ballard, Webster Park play area and Gilman Playground play area. Thank you to everyone who attended the meeting at the Ballard Farmers Market in November. We gathered great feedback on play area themes and elements. Please join us at the second and final meeting for these renovations. This meeting is an opportunity for the community to review designs and provide final input on preferred play equipment.

These projects will replace play equipment and provide access improvements. The scope of these projects provides improvements to bring the play area into compliance with current play area safety standards and meets the requirement of the Americans with Disabilities Act (ADA).
