

Golden Gardens Drainage and Stairway Renovation **PUBLIC MEETING**

Seattle Parks and Recreation invites the community to a public meeting to learn about the improvements at Golden Gardens Park. At the meeting Parks staff and the design consultant, Osborn Consulting, Inc., will provide background information and the construction timeline for the project. This project provides drainage improvements and replaces the damaged stairway steps in the park from the lower park area to the dog-off-leash-area. The purpose of the project is to renovate the existing storm drainage system and replace the damaged steps with a new stairway.

This project will improve the drainage system and related impacts such as hillside erosion. The work will be done in accordance with environmental and regulatory requirements.

We anticipate construction to begin by the end of 2015 and be completed in early 2016.

WEDNESDAY, OCTOBER 7, 2015
7 – 8:30 P.M.

GOLDEN GARDENS BATHHOUSE
8498 SEAVIEW PL NW , SEATTLE, WA 98117
