WE ARE REPLACING THE TURF AT LOYAL HEIGHTS PLAYFIELD!

Seattle Parks and Recreation is replacing the existing artificial turf surface at the Loyal Heights Playfield and improving access at the playfield to meet Americans with Disabilities Act standards. The existing turf at the playfield was installed in 2007 and has reached the end of its intended service life.

Please join Seattle Parks and Recreation's staff at an Open House to learn about the improvement project.

The improvements will address recreational demands and improve access to the restrooms and around the field for people of all abilities. The turf replacement includes installing a new advanced synthetic turf system with an alternative infill material.

Seattle Parks and Recreation continues to invest in state of the art synthetic turf systems that provide safe, playable, and durable fields.

PLEASE JOIN US. ALL ARE ENCOURAGED TO PARTICIPATE.
