

# PORTAGE BAY PARK PUBLIC MEETING

Seattle Parks and Recreation invites the community to a public meeting for the development of the Bryant marina site (1101-1137 NE Boat Street) on Portage Bay. Seattle Parks purchased this site from the University of Washington in 2014 and now is moving forward to develop a waterfront park. This meeting is an opportunity for the community to learn about the project and review some initial design concepts.

The goal for the project is to provide upland and shoreline/water-related recreational experiences for all ages and abilities. The development will include remediation of site contamination, building demolition and potential partial re-use of building elements and shoreline enhancement.

Seattle Parks and the design team will incorporate community feedback on the design concepts into a final design. We will host another meeting in early 2016 to present the preferred design.

We encourage all families, students, and neighbors to attend and participate in the planning of this new waterfront park.

**THURSDAY, SEPTEMBER 24, 2015**  
**6 – 7:30 P.M.**

**SAKUMA VIEW POINT**  
**1299 NE BOAT ST, SEATTLE WA 98105**
