

**WE NEED TO HEAR FROM YOU!**

# **WEST SEATTLE JUNCTION LANDBANKED SITE PARK PROJECT**

We need your input! Seattle Parks and Recreation is designing a new park at the West Seattle Junction Landbanked site, 4723-4731 40th SW, 98116.

Please join Seattle Parks and Recreation's planner, project manager and consultant team, GGLO Design, to review design concepts and discuss ideas for the development of your new park.

Seattle Parks and Recreation purchased this site at 4731 40th Ave SW to provide additional open space for the West Seattle community. We are working with the community to learn what you would like most for this park.

We will have two Open House style meetings on the same day and encourage community members of all ages to attend. Light refreshment will be served.

Seattle Park District provides funding for the planning, design and construction of this park project.
