

# Sensory Garden <sup>at</sup> Woodland Park Zoo

PARKS AND GREEN SPACES LEVY OPPORTUNITY FUND

## PUBLIC MEETINGS

Seattle Parks and Recreation invites you and your family to participate in two public meetings for a new Sensory Garden at Woodland Park Zoo. At these meetings, Seattle Parks and Recreation along with our partners Fischer Bouma Partnership and Richard Hartlage of Land Morphology will provide project information and gather community input.

At the first meeting the community can participate in a workshop designed to inclusively receive your input for the new project. At the second meeting, Parks will present a preferred design that is developed from your input and will gather additional public comments to be incorporated into the final design.

This community-initiated project develops a garden for the senses by adding enhanced sight, touch, smell and sound elements with the intent to increase accessibility and provide a welcoming atmosphere and experience for all. The Sensory Garden is an expansion of Woodland Park Zoo Rose Garden on .7 acres of existing zoo property.

The new garden will be located adjacent to the Rose Garden at Woodland Park Zoo at 700 N 50th Street.

- **THURSDAY, SEPTEMBER 10, 2015**  
OPPORTUNITY TO PROVIDE PROJECT INPUT
- **WEDNESDAY, OCTOBER 21, 2015**  
OPPORTUNITY TO REVIEW PREFERRED DESIGN  
**7 – 8:30 P.M.**
