SUMMER 2016

WADING POOL and SPRAYPARK SCHEDULE

SEATTLE PARKS AND RECREATION

WADING POOL HOTLINE

(Updated daily by 9 a.m.)

(206) 684-7796

SAVE WATER... USE THE WADING POOLS! As an element of the City's water conservation effort, we're encouraging people to use public wading pools rather than fill their home "kiddy pools" or run backyard sprinklers. In accordance with state law, we fill, chlorinate, supervise, and empty each wading pool every day, which requires a substantial amount of water. With a bit of analysis, we learned that filling home wading pools uses more water than a public community wading pool. For example, if 50 families used the East Queen Anne wading pool at 160 Howe St. (rather than filling their home wading pools) the water saved would equal that needed to fill the public wading pool, which would serve a lot more than 50 kids! We will plan to open the wading pools on sunny days when the temperature is forecast to be 70 degrees or above. On most days we will fill them half full, which is a 50% water savings....but on the busiest days they will be filled to the top! ***Hiawatha Advisory Council**-provided funding to add Sat at Delridge, Wed at Hiawatha and Thurs at South Park

2016 Wading Pools are open on sunny days when the temperature is forecast to be 70 degrees or above
