15th Ave NE Paving Project

You're invited:
ONLINE CONSTRUCTION DROP-IN SESSION

Seattle
Department of
Transportation

15th Ave NE Paving Project

PROJECT BACKGROUND

The 15th Ave NE Paving Project will pave approximately 1.3 miles to make the road safer and more comfortable to travel on, and to extend the useful life of the pavement. This project also provides opportunities to cost-effectively update street designs to promote safety, and build features required in citywide transportation plans.

Key elements include:

- Sidewalk repair and curb ramp upgrades
- Removal of peak-hour parking restrictions to make parking available 24/7 on 1 side of the street
- New protected bike lanes
- New exclusive left-turn lanes
- Stormwater drainage improvements
- Parking removal
- Safe Routes to School and neighborhood greenway crossing improvements at Roosevelt High School

LEARN MORE

We're hosting an online drop-in session before construction begins this summer. Join us online and:

UTILITY IMPROVEMENTS BY SEATTLE PUBLIC UTILITIES

As a part of the 15th Ave NE project, a new water main will be installed between NE 70th St and NE 75th St. Some residential water service pipes will also be upgraded.

Customers impacted by the outages will be notified directly by Seattle Public Utilities at least 2 days in advance. For more information about what you can expect and how you can prepare for a planned water outage, visit <http://www.seattle.gov/utilities/services/water/preparing-for-outages>.
