5 CLOSURE CHECK LIST

Refer to this list of requirements when setting up and breaking down your closure.

BARRICADE TYPE

- Barricades at non-arterial cross streets are Type 2 (rent from local providers) or a household item that is at least 3 feet tall and 2 feet wide.
- Barricades at arterial cross streets are Type 3 (rent from local providers).

Barricade for Arterial Streets

BARRICADE PLACEMENT

- Barricades are placed at both ends of closure (refer to diagrams on page 2).
- Distance between each barricade does not exceed 5 feet.
- Barricades are linked together with rope, streamers, banners, etc.

SUPERVISOR(S)

- A minimum 20-foot-wide lane is kept clear within the closure at all times.
- At least one adult supervisor is present and visible from each barricade for the duration of the closure.

Supervisors are responsible for promptly moving barricades and clearing the roadway when residents, visitors, delivery vehicles, or emergency vehicles request access within the closure.

SIGNS

- Appropriate signs are placed at both ends of the closure (refer to diagrams on page 2).

Visit the Street Use Permit Counter ([click here](#) for location and hours) or a Customer Service Center ([click here](#) for locations and hours) to borrow "road closed" signs. You will need to present a copy of your signed permit to receive these. For informational signs, you may create your own or [click here](#) to print SDOT versions.
