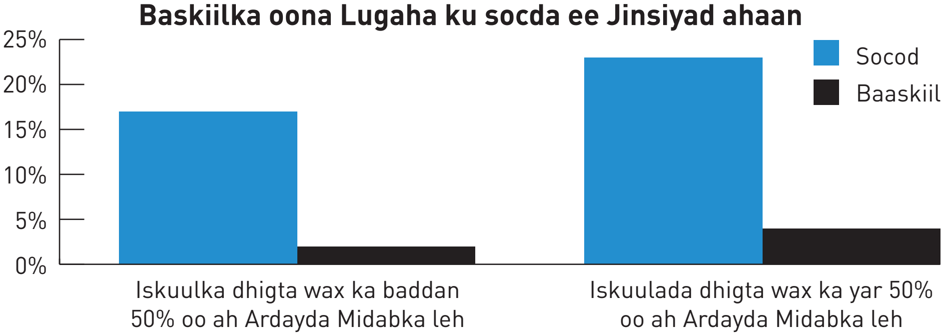
SABAB AY MUHIIM UGU TAHAY WADDOOYINKA AMMAANKA AH EE ISKUULKA FALANQAYNTA SINAANTA JINSIYADA?

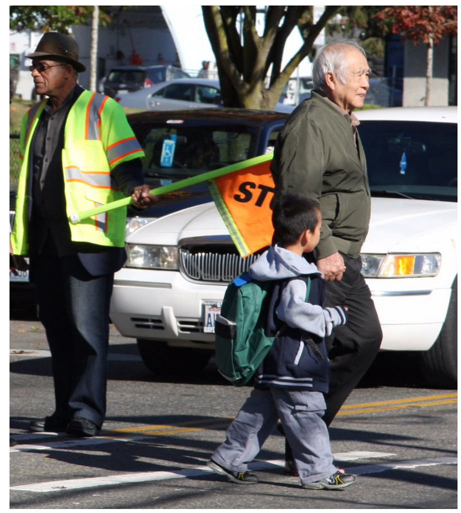
Heerarka baaskiilka la raaco iyo socodka ardayda si xoogan ayay hoos ugu dhaceen halka buurnaanta dhallinyarada ay laba laabantay afartankii sanno ee lasoo dhaafay; midaana waxay si aanan isku mid ahayn u saamaysay bulshooyinka midabka leh.

- Carruurta Laatiinka iyo Madowga ah waxay leeyihiin heerar sareeya oo buurnaan ah waxayna haystaan galida ugu yar ee lagu galo beeraha, garoomada ciyaarta, ama waddooyinka lagu socon karo
- Ku dhowaadkii ¼ oo ah dhallinyarada Madowga ah waxay helayaan wax ka yar saacada lasoo jeediyay ee hawsha jirka maalin laha ah, marka lala bandhigo 13% oo dhallinyarada Caddaanka ah
- Gudaha Seattle, iskuulada dhigta tirada ugu saraysa ee ardayda midabka leh waxay haystaan heerar socod iyo baaskiil wadasho ah marka lala bar-bardhigo iskuulada dhigta wax ka yar 50% oo ardayda midabka leh

Tirada boqolkiiba ee Ardayda Seattle ee 2015 kuwaas oo raaca Baskiilka oona Lugaha ku socda ee Jinsiyad ahaan



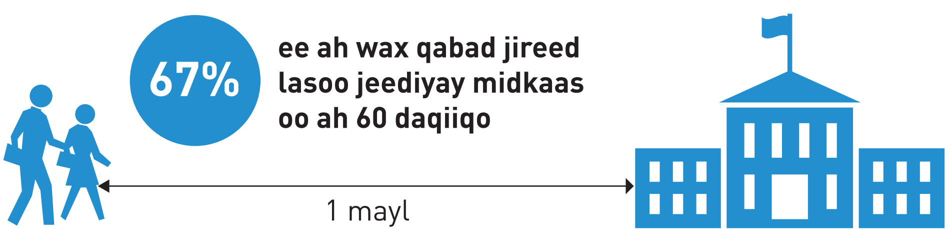
Si looga dhabeeyo hadafkeena, waxaynu u baahanahay in aynu fahano kala duwanaanshaha ku saabsan heerarka socodka iyo baaskiil wadashada midkaas oo ka dhex jira ardayda Seattle, oona loogula shaqeeyo bulshada xalinta mushkiladaasi.



Socodka joogtada ah ee lagu aado iskuulka wuxuu leeyahay dheefo caafimaad joogto ah wuxuuna yarayn karaa khatarta buurnaanta dhallinyarada ku dhacda midaas oo lala xiriiriyo:

- cudurka wadnaha
- sonkorow
- kansar
- xanuun istaag maskaxda ah

Wax qabadka baddan ee jirka ah sidoo kale wuxuu wanaajinayaa caafimaadka jirka iyo maskaxda iyo guul waxbarasho.



Barnaamijka Iskuulka ee Waddooyinka Ammaanka ah ee Seattle wuxuu qaadanayaa tallaabo kusalaysan-sinaan kor loogu qaadayo hawl socod baddan ah oo ka dhacda ardayda dhexdooda sababtoo ah dhammaan ardaydu waxay xaq u leeyihiin in ay helaan caafimaad, farxad, iyo guul waxbarasho, ayada oo aan la eegaynin jinsiyadooda.

WADDOOYINKA AMMAANKA EE LOOGU TALOGALAY BARNAAMIJKA ISKUULKA
