| NORTH         | North Transfer Station<br>1350 N 34th St, Seattle, WA 98103.<br>The North station was closed for a rebuild from Jan 2014 - Nov 2016                                                                                                                                                                                                                                                    |
| OLD SOUTH     | South Recycle and Disposal Station<br>8100 2nd Ave S, Seattle, WA 98108<br>This station was active until April 2013 when the new South Transfer Station opened across the street.<br>In January 2013, this station re-opened to Contract Collection vehicles (Cleanscapes and Waste Management) for Organics only. This was an interim operation until the North Station is re-opened. |
| SOUTH         | South Transfer Station<br>130 South Kenyon St, Seattle, WA 98108<br>This station opened in April 2013.                                                                                                                                                                                                                                                                                 |

#### CAR WEIGHTS

Historically, City Transfer Stations have not recorded car weights, so the City Station reports used car weights based on Waste Composition Studies:

| Material              | Effective Dates | Calculated Weight (pounds) |
|-----------------------|-----------------|----------------------------|
| Garbage               | 2008 - Jan 2014 | 480.8                      |
|                       | 2001 - 2008     | 378.8                      |
|                       | 1999 - 2000     | 333                        |
|                       | 1995 - 1998     | 433                        |
|                       | 1994 - 1995     | 290                        |
| Organics (Yard Waste) | 1994 - Jan 2014 | 258                        |
| Wood Waste            | 1994 - Jan 2014 | 200                        |

As of February 1, 2014, the City Station reports use car weights as recorded by the City transfer station billing system.
