"[Firm Name's] Response to RFP for
Investment Banking Services"

Request for Proposals for Investment Banking Services for Municipal Light and Power Improvement Revenue Bonds, 2015 (Variable Rate)

The City of Seattle, Washington (the "City") is seeking the proposals of investment banking firms to provide negotiated underwriting services and, depending on the form of the bonds, remarketing services, for bonds to be issued to pay for a portion of the capital program associated with its municipal electric utility ("Seattle City Light"). This City intends the bonds to bear a variable rate of interest and is in the process of determining which variable rate structure to proceed with. The City is considering using a traditional multi-modal structure, publicly offered index rate note structure or direct purchase. It is also open to considering other variable rate debt mechanisms that may be proprietary to one or more firms and may better achieve the City's financing goals. In order to further evaluate all of the variable rate debt options available to the City, simultaneous with the issuance of this Request for Proposals for Investment Banking Services (the "Underwriter RFP"), the City will be issuing a Request for Proposals for Bank Products (e.g. Irrevocable Direct Pay Letter of Credit, Standby Bond Purchase Agreement and/or Direct Purchase) (the "Bank RFP"). The City intends to select one or more firms from among the respondents to both RFPs to form the financing team to assist the City with this debt issuance. *Depending on the type of variable rate financing mechanism selected, the City may determine to select a financing team that does not include any respondents to this Underwriter RFP.*

1. Background on Seattle City Light

Seattle City Light is a wholly-owned enterprise of the City of Seattle. In 1905, the City began providing its customers with electricity generated by the Cedar Falls Plant, which was the first municipally-owned hydroelectric facility in the nation. By 1910, operational responsibility for the City's electric system had been assigned to Seattle City Light. In 1951, Seattle City Light purchased from Puget Sound Power and Light Company certain generation, transmission and distribution facilities serving the City's residents. Seattle City Light has operated without competition in its service area since the 1951 purchase. Today, the utility's resource portfolio includes several hydroelectric plants with a combined expected annual power output of more than 6 million MWh (average water). The utility currently serves approximately 410,000 customers within its 131 square-mile service area which includes the entire City of Seattle as well as neighboring cities to the north and south.

The official statement for the most recent Seattle City Light financing and the 2013 audited financial statements for Seattle City Light are available on the City's website at <http://www.seattle.gov/business-in-seattle/investor-relations>.

2. Financing Plan

In an attempt to reduce debt service costs and to provide better matching of its short-term assets and liabilities, the City is planning to issue \$50 to \$100 million of variable rate debt in 2015 (the "2015 VR Bonds"). It is currently expected that closing on this transaction will take place in May of 2015.

The Seattle City Council approved Ordinance 124633 on November 24, 2014 (see Attachment A) authorizing the sale of up to \$278 million in bonds for the purpose of funding a portion of Seattle City Light's ongoing capital plan. It is anticipated that the 2015 VR Bonds will be issued as part of this authorization. The City intends to amortize the 2015 VR Bonds over a 30-year term utilizing an approximately level debt service structure. It is anticipated that the 2015 VR Bonds will be issued on a parity with the City's previously issued \$1.9 billion of outstanding senior lien Parity Bonds. In

October 2014, the ratings on the City's senior lien Municipal Light and Power revenue bonds were affirmed as follows:

Moody's	Aa2 (stable outlook)
S&P	AA (stable outlook)

Piper Jaffray & Co. is financial advisor to the City and Foster Pepper PLLC serves as Bond Counsel.

3. Scope of Services

The scope of services to be provided by the selected Underwriter(s) will include, but not be limited to, the following:

5.4. Strategic Plan for Variable Rate Debt

Please address the following issues, as well as any other issues you deem relevant/important:

- 5.4.1.** Seattle City Light currently has no variable rate debt. Please comment on your view of the appropriate amount of variable rate debt for Seattle City Light in order to accomplish its goals described above under the Financing Plan, and any rating implications of doing so.
- 5.4.2.** Discuss the relative merits of the different forms of variable rate debt currently available and your firm’s recommendation regarding the most advantageous type of variable rate debt for the City to use for its 2015VR Bonds, including your firm’s view of current and anticipated trading differentials for different forms of variable rate debt.
- 5.4.3.** For a standard multi-modal transaction, discuss whether a Direct Pay Letter of Credit would be necessary or if a Standby Bond Purchase Agreement would be adequate, and any interest rate pricing differential between the two structures. Given your knowledge of the City’s liquidity position, discuss the possibility of the City utilizing self-liquidity for the 2015 VR Bonds.
- 5.4.4.** Describe your firm’s views regarding the current market for liquidity or credit support facilities, i.e. active liquidity or credit support providers, trading differentials and approximate pricing.
- 5.4.5.** The City intends to issue the 2015 VR Bonds under the authorizing Ordinance 124633 passed by City Council on November 24, 2014. Please describe any amendments or revisions that you believe would be necessary in order to utilize any of the types of variable rate debt described above in Section 5.4.2.
- 5.4.6.** Under the provisions of the authorizing bond ordinance, Seattle City Light can determine the size of the Debt Service Reserve Fund (DSRF) Requirement on an issue-by-issue basis. The City anticipates not funding a deposit to the DSRF for the 2015 VR Bonds.

Please discuss whether this approach is not viable for any of the types of variable rate debt described above in Section 5.4.2.

5.4.7. Discuss what the optimal number of firms is to serve as underwriter and remarketing agent for both a \$50 million and a \$100 million issue multi-modal issuance.

5.4.8. Other - Please discuss any structuring features that may be relevant or potentially add value to the financing.

5.5. Fees

For each of the types of variable rate debt described in section 5.4.2 above, provide your proposed underwriting and remarketing fees for this bond issue. Underwriting fees should be broken down by component, including management fee, takedown and all expenses. Assume that the City's Financial Advisor will prepare the official statement and that the City will pay the costs of printing the official statement and rating fees. Provide a breakdown of expenses and within the expense estimate, identify the amount for underwriter's counsel.

5.6. Underwriter's Counsel

Indicate two law firms, including individuals, acceptable to you for underwriter's counsel. The selection of underwriter's counsel is subject to approval by the City, but the City's rejection of underwriter's counsel as proposed will not disqualify the underwriter from consideration so long as acceptable underwriter's counsel is substituted.

5.7. Legal Matters

Attachment A is the authorizing legislation (Bond Ordinance) that the City Council has adopted. Attachment B is the form of the supplemental opinion of bond counsel that the City expects to be delivered in this transaction. The underwriter will receive a reliance letter enabling them to rely on this opinion and the approving opinion of bond counsel (which is expected to be substantially in the form previously delivered and included in each official statement for previous issues). Other than this supplemental opinion and the approving opinion of bond counsel, the underwriter should expect to receive no other opinion from either the City or bond counsel.

A response to this RFP constitutes your agreement to accept the supplemental opinion of bond counsel substantially in the form shown in Attachment B and the form of the approving opinion as delivered on previous Seattle City Light transactions. If a prospective respondent does not want to accept all the terms, conditions, or other matters contained in these documents, but nevertheless wants to submit a proposal, it should clearly (1) indicate which terms, conditions, or other matters it would want to revise, (2) explain the rationale for each requested revision, and (3) for each proposed revision, indicate the additional amount, if any, that the respondent would add to its fees if the City will not accept that proposed revision.

6. Proposed Schedule

The City would like to implement the proposed financing in a timely fashion. A preliminary schedule is as follows:

Request for Proposal Released:	Friday, December 12, 2014
Proposals Due:	Friday, January 9, 2015, 3:00 p.m. Seattle Time

All proposals will be evaluated by staff from the City's Finance Department. The City's Director of Finance, in consultation with the City's Financial Advisor, will make the final selection regarding the composition of the financing team for the 2015 VR Bonds. Should the City decide to include a respondent to the Underwriter RFP on the financing team, the criteria for the evaluation of candidates for the position of underwriter will include the following:

- Experience and Staffing – Banking Team
- Experience and Staffing – Firm
- Marketing Plan

LAW DEPARTMENT

CITY OF SEATTLE
ORDINANCE 124633
COUNCIL BILL 118234

AN ORDINANCE relating to the electric system of The City of Seattle; authorizing the issuance and sale of municipal light and power revenue bonds for the purposes of providing funds for certain additions and betterments to and extensions of the existing municipal light and power plant and system of the City, paying the costs of issuance of those bonds and providing for the reserve fund requirement; providing for the terms, conditions, covenants and manner of sale of those bonds; describing the lien of those bonds; and ratifying and confirming certain prior acts.

WHEREAS, The City of Seattle, Washington (the "City"), owns, operates and maintains an electric system (the "Light System"); and

WHEREAS, the City has need to acquire and construct certain additions and betterments to and extensions of the Light System described in the system or plan adopted by this ordinance (the "Plan of Additions"); and

WHEREAS, the City has outstanding certain revenue bonds (the "Outstanding Parity Bonds") having a charge and lien upon the Gross Revenue of the Light System prior and superior to all other charges whatsoever, except reasonable charges for maintenance and operation of the Light System; and

WHEREAS, pursuant to the respective ordinances and resolutions listed in Exhibit A, the City issued its municipal light and power revenue bonds described in Exhibit A, and provided for the issuance of additional bonds having a lien and charge on the Gross Revenue of the Light System on a parity of lien with those bonds ("Parity Bonds") upon compliance with certain conditions; and

WHEREAS, after due consideration, the City finds that it is necessary and in the best interest of the City and its ratepayers to issue municipal light and power revenue bonds as Parity Bonds to pay part of the cost of the Plan of Additions, pay costs of issuance of those bonds and provide for the reserve fund requirement; NOW, THEREFORE,

BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:

Section 1. Definitions. As used in this ordinance, the following words and phrases shall have the meanings set forth below.

"Accreted Value" means with respect to any Capital Appreciation Bonds (a) as of any Valuation Date, the amount set forth for such date in any Parity Bond Legislation authorizing

1 such Capital Appreciation Bonds and (b) as of any date other than a Valuation Date, the sum of
2 (i) the Accreted Value on the preceding Valuation Date and (ii) the product of (A) a fraction, the
3 numerator of which is the number of days having elapsed from the preceding Valuation Date and
4 the denominator of which is the number of days from such preceding Valuation Date to the next
5 succeeding Valuation Date, calculated based on the assumption that Accreted Value accrues
6 during any semiannual period in equal daily amounts on the basis of a year of twelve 30-day
7 months, times (B) the difference between the Accreted Values for such Valuation Dates.

8 **“Adjusted Net Revenue”** has the meaning assigned to that term in Section 13(g)(iii).

9 **“Alternate Reserve Security”** means Qualified Insurance or a Qualified Letter of Credit,
10 which is used to satisfy all or a portion of the Reserve Fund Requirement for the Parity Bonds.

11 **“Annual Debt Service”** for any calendar year means the sum of the amounts required in
12 such calendar year to pay (a) the interest due in such calendar year on all Parity Bonds
13 outstanding, excluding interest to be paid from the proceeds of the sale of Parity Bonds or other
14 bonds; (b) the principal of all outstanding Serial Bonds due in such calendar year; and (c) the
15 Sinking Fund Requirement, if any, for such calendar year.

16 For purposes of this definition, the principal and interest portions of the Accreted Value
17 of Capital Appreciation Bonds becoming due at maturity or by virtue of a Sinking Fund
18 Requirement shall be included in the calculations of accrued and unpaid and accruing interest or
19 principal in such manner and during such period of time as is specified in any Parity Bond
20 Legislation authorizing such Capital Appreciation Bonds.

21 For purposes of making coverage ratio calculations in connection with a certificate
22 delivered under Section 13(g) regarding the issuance of Future Parity Bonds, Annual Debt
23 Service shall exclude debt service on Parity Bonds that are included in a refunding or defeasance
24 plan approved by the City Council, which provides for the refunding or defeasance of certain
25 Parity Bonds by irrevocably pledging money and/or Government Obligations pending their early
26 redemption.

1 For purposes of calculating and determining compliance with the Reserve Fund
2 Requirement and conditions for the issuance of Future Parity Bonds and/or entering into Parity
3 Payment Agreements:

4 (i) **Generally.** Except as otherwise provided by subparagraph (ii) below with respect
5 to Variable Interest Rate Bonds and by subparagraph (iii) below with respect to
6 Parity Bonds with respect to which a Payment Agreement is in force, interest on
7 any series of Parity Bonds shall be calculated based on the actual amount of
8 accrued, accreted or otherwise accumulated interest that is payable in respect of
that issue taken as a whole, at the rate or rates set forth in the applicable Parity
Bond Legislation.

9 (ii) **Interest on Variable Interest Rate Bonds.** The amount of interest deemed to be
10 payable on any Series of Variable Interest Rate Bonds shall be calculated on the
11 assumption that the interest rate on those bonds would be equal to the rate that is
90% of the average RBI during the four calendar quarters preceding the quarter in
which the calculation is made.

12 (iii) **Interest on Parity Bonds With Respect to Which a Payment Agreement is in**
13 **Force.** Debt service on Parity Bonds with respect to which a Payment Agreement
14 is in force shall be based on the net economic effect on the City expected to be
15 produced by the terms of the Parity Bonds and the terms of the Payment
16 Agreement, including but not limited to the effects produced by the following:
17 (A) Parity Bonds that would, but for a Payment Agreement, be treated as
18 obligations bearing interest at a Variable Interest Rate instead shall be treated as
19 obligations bearing interest at a fixed interest rate, and (B) Parity Bonds that
20 would, but for a Payment Agreement, be treated as obligations bearing interest at
21 a fixed interest rate instead shall be treated as obligations bearing interest at a
22 Variable Interest Rate. Accordingly, the amount of interest deemed to be payable
23 on any Parity Bonds with respect to which a Payment Agreement is in force shall
24 be an amount equal to the amount of interest that would be payable at the rate or
25 rates stated in those Parity Bonds plus Payment Agreement Payments minus
26 Payment Agreement Receipts. For the purposes of calculating as nearly as
27 practicable Payment Agreement Receipts and Payment Agreement Payments
28 under a Payment Agreement that includes a variable rate component determined
by reference to a pricing mechanism or index that is not the same as the pricing
mechanism or index used to determine the variable rate interest component on the
Parity Bonds to which the Payment Agreement is related, it shall be assumed that
the fixed rate used in calculating Payment Agreement Payments will be equal to
105% of the fixed rate specified by the Payment Agreement and that the pricing
mechanism or index specified by the Payment Agreement is the same as the
pricing mechanism or index specified by the Parity Bonds. Notwithstanding the
other provisions of this subparagraph (iii), the City shall not be required to (but

1 may in its discretion) take into account in determining Annual Debt Service the
2 effects of any Payment Agreement that has a term of ten years or less.

3 (iv) **Parity Payment Agreements.** No additional debt service shall be taken into
4 account with respect to a Parity Payment Agreement for any period during which
5 Payment Agreement Payments on that Parity Payment Agreement are taken into
6 account in determining Annual Debt Service on related Parity Bonds under
7 subparagraph (iii) of this definition. However, for any period during which
8 Payment Agreement Payments are not taken into account in calculating Annual
9 Debt Service on any outstanding Parity Bonds because the Parity Payment
10 Agreement is not then related to any outstanding Parity Bonds, payments on that
11 Parity Payment Agreement shall be taken into account by assuming:

12 (A) **City Obligated to Make Payments Based on Fixed Rate.** If the City is
13 obligated to make Payment Agreement Payments based on a fixed rate and
14 the Qualified Counterparty is obligated to make payments based on a
15 variable rate index, that payments by the City will be based on the
16 assumed fixed payor rate, and that payments by the Qualified
17 Counterparty will be based on a rate equal to the average rate determined
18 by the variable rate index specified by the Parity Payment Agreement
19 during the four calendar quarters preceding the quarter in which the
20 calculation is made, and

21 (B) **City Obligated to Make Payments Based on Variable Rate Index.** If
22 the City is obligated to make Payment Agreement Payments based on a
23 variable rate index and the Qualified Counterparty is obligated to make
24 payments based on a fixed rate, that payments by the City will be based on
25 a rate equal to the average rate determined by the variable rate index
26 specified by the Parity Payment Agreement during the four calendar
27 quarters preceding the quarter in which the calculation is made, and that
28 the Qualified Counterparty will make payments based on the fixed rate
specified by the Parity Payment Agreement.

(v) **Tax Credit Subsidy Payments.** For the purpose of calculating the Reserve Fund
Requirement, the City shall deduct from Annual Debt Service the Tax Credit
Subsidy Payments the City is scheduled to claim from the federal government in
respect of the interest on a series of Parity Bonds that are Tax Credit Subsidy
Bonds or other bonds with respect to which the federal government is scheduled
to provide direct payments.

“**Authorized Denomination**” means \$5,000 or any integral multiple thereof within a
maturity of a Series or such other amount to be established in the Bond Resolution.

“**Beneficial Owner**” means, with regard to a Bond, the owner of any beneficial interest
in that Bond.

1 **“Bond Counsel”** means a lawyer or a firm of lawyers, selected by the City, of nationally
2 recognized standing in matters pertaining to bonds issued by states and their political
3 subdivisions.

4 **“Bond Purchase Contract”** means a written offer to purchase a Series of the Bonds,
5 which offer has been accepted by the City in the Bond Resolution, in accordance with this
6 ordinance. In the case of a competitive sale, the official notice of sale and the Purchaser’s bid,
7 together with the award by the City as set forth in the Bond Resolution, shall comprise the
8 purchase contract for purposes of this ordinance.

9 **“Bond Register”** means the books or records maintained by the Bond Registrar for the
10 purpose of registration of each Bond.

11 **“Bond Registrar”** or **“Registrar”** means the Fiscal Agent (unless the Bond Resolution
12 provides for a different Bond Registrar with respect to a particular Series of the Bonds), or any
13 successor bond registrar selected in accordance with the Registration Ordinance.

14 **“Bond Resolution”** means a resolution of the City Council adopted pursuant to this
15 ordinance approving the Bond Sale Terms and taking other actions consistent with this
16 ordinance.

17 **“Bond Sale Terms”** means the terms and conditions for the sale of a Series of the Bonds,
18 including the amount, date or dates, denominations, interest rate or rates (or mechanism for
19 determining interest rate or rates), payment dates, final maturity, redemption and tender rights,
20 price, and other terms or covenants set forth in Section 5.

21 **“Bonds”** means the revenue bonds issued pursuant to this ordinance.

22 **“Capital Appreciation Bonds”** means any Parity Bonds as to which interest is payable

2 is payable in the manner set forth in the Letter of Representations. Interest on each Bond not
3 registered in the name of the Securities Depository is payable by electronic transfer on the
4 interest payment date, or by check or draft of the Bond Registrar mailed on the interest payment
5 date to the Registered Owner at the address appearing on the Bond Register on the Record Date.
6 The City, however, is not required to make electronic transfers except pursuant to a request by a
7 Registered Owner in writing received at least ten days prior to the Record Date and at the sole
8 expense of the Registered Owner. Principal of each Bond not registered in the name of the
9 Securities Depository is payable upon presentation and surrender of the Bond by the Registered
10 Owner to the Bond Registrar. The Bonds are not subject to acceleration under any circumstances.

11 **Section 8. Redemption and Purchase of Bonds.**

12 (a) **Optional Redemption.** All or some of the Bonds may be subject to redemption
13 prior to their stated maturity dates at the option of the City at the times and on the terms
14 approved in accordance with Section 5.

15 (b) **Mandatory Redemption.** If not redeemed or purchased at the City's option prior
16 to maturity, Term Bonds (if any) shall be redeemed, at a price equal to the principal amount
17 thereof to be redeemed plus accrued interest, on the dates and in the years and Sinking Fund
18 Requirements as set forth in the Bond Resolution. If the City redeems or purchases Term Bonds
19 at the City's option prior to maturity, the Term Bonds so redeemed or purchased (irrespective of
20 their redemption or purchase prices) shall be credited at the par amount thereof against the
21 remaining Sinking Fund Requirements, as determined by the Director of Finance. In the absence
22 of a determination by the Director of Finance or other direction in the Bond Resolution, credit
23 shall be allocated on a pro rata basis.

24 (c) **Selection of Bonds for Redemption; Partial Redemption.** If fewer than all of
25 the outstanding Bonds of a Series are to be redeemed at the option of the City, the Director of
26 Finance shall select the Series and maturity or maturities to be redeemed. If fewer than all of the
27 outstanding Bonds of a maturity of a Series are to be redeemed, the Securities Depository shall
28

1 select Bonds registered in the name of the Securities Depository to be redeemed in accordance
2 with the Letter of Representations and the Bond Registrar shall select all other Bonds of the
3 Series to be redeemed randomly in such manner as the Bond Registrar shall determine. All or a
4 portion of the principal amount of any Bond that is to be redeemed may be redeemed in any
5 Authorized Denomination. If less than all of the outstanding principal amount of any Bond is
6 redeemed, upon surrender of that Bond to the Bond Registrar, there shall be issued to the
7 Registered Owner, without charge, a new Bond (or Bonds, at the option of the Registered
8 Owner) of the same Series, maturity and interest rate in any Authorized Denomination in the
9 aggregate principal amount to remain outstanding.

10 (d) **Purchase.** The City reserves the right and option to purchase any or all of the
11 Bonds at any time at any price acceptable to the City plus accrued interest to the date of
12 purchase.

13 **Section 9. Notice of Redemption.** Unless otherwise set forth in the Bond
14 Resolution, the City shall cause notice of any intended redemption of Bonds to be given not less
15 than 20 nor more than 60 days prior to the date fixed for redemption by first-class mail, postage
16 prepaid, to the Registered Owner of any Bond to be redeemed at the address appearing on the
17 Bond Register on the Record Date, and the requirements of this sentence shall be deemed to have
18 been fulfilled when notice has been mailed as so provided, whether or not it is actually received
19 by the Registered Owner of any Bond. Interest on Bonds called for redemption shall cease to
20 accrue on the date fixed for redemption unless the Bond or Bonds called are not redeemed when
21 presented pursuant to the call.

22 In the case of an optional redemption, the notice may state that the City retains the right
23 to rescind the redemption notice and the related optional redemption of Bonds by giving a notice
24 of rescission to the affected Registered Owners at any time prior to the scheduled optional
25 redemption date. Any notice of optional redemption that is rescinded by the Director of Finance
26 shall be of no effect, and the Bonds for which the notice of optional redemption has been
27 rescinded shall remain outstanding.

1 **Section 10. Failure to Pay Bonds.** If any Bond is not paid when properly presented
2 at its maturity or redemption date, the City shall be obligated to pay, solely from the Parity Bond
3 Fund and the other sources pledged in this ordinance, interest on that Bond at the same rate
4 provided in that Bond from and after its maturity or redemption date until that Bond, principal,
5 premium, if any, and interest, is paid in full or until sufficient money for its payment in full is on
6 deposit in the Parity Bond Fund and that Bond has been called for payment by giving notice of
7 that call to the Registered Owner of that Bond.

8 **Section 11. Form and Execution of Bonds.** The Bonds shall be typed, printed or
9 reproduced in a form consistent with the provisions of this ordinance, the Bond Resolution and
10 State law; shall be signed by the Mayor and Director of Finance, either or both of whose
11 signatures may be manual or in facsimile; and the seal of the City or a facsimile reproduction
12 thereof shall be impressed or printed thereon.

13 Only Bonds bearing a certificate of authentication in substantially the following form
14 (with the designation, year and Series of the Bonds adjusted consistent with this ordinance),
15 manually signed by the Bond Registrar, shall be valid or obligatory for any purpose or entitled to
16 the benefits of this ordinance: "This Bond is one of the fully registered The City of Seattle,
17 Washington, [Municipal Light and Power Improvement Revenue Bonds], [Year], [Series],
18 described in [this ordinance]." The authorized signing of a certificate of authentication shall be
19 conclusive evidence that the Bond so authenticated has been duly executed, authenticated and
20 delivered and is entitled to the benefits of this ordinance.

21 If any officer whose manual or facsimile signature appears on a Bond ceases to be an
22 officer of the City authorized to sign bonds before the Bond bearing his or her manual or
23 facsimile signature is authenticated or delivered by the Bond Registrar or issued by the City, that
24 Bond nevertheless may be authenticated, delivered and issued and, when authenticated, issued
25 and delivered, shall be as binding on the City as though that person had continued to be an
26 officer of the City authorized to sign bonds. Any Bond also may be signed on behalf of the City
27 by any person who, on the actual date of signing of the Bond, is an officer of the City authorized
28

1 to sign bonds, although he or she did not hold the required office on the date of issuance of the
2 Bonds.

3 **Section 12. Security for the Bonds; Parity with other Bonds.** The Bonds shall be
4 special limited obligations of the City payable from and secured solely by the Gross Revenues
5 and by money in the Parity Bond Fund and the Reserve Fund. The Gross Revenues are pledged
6 to make the payments into the Parity Bond Fund and the Reserve Fund required by Section 13(a)
7 and Section 13(b), which pledge shall constitute a charge upon such Gross Revenues prior and
8 superior to all other charges whatsoever, save and except reasonable charges for maintenance
9 and operation of the Light System.

10 The Bonds shall be on a parity with the Outstanding Parity Bonds and all Future Parity
11 Bonds, without regard to date of issuance or authorization and without preference or priority of
12 right or lien with respect to participation of special funds in amounts from Gross Revenues for
13 payment thereof. Nothing contained herein shall prevent the City from issuing revenue bonds or
14 other obligations which are a charge or lien upon the Gross Revenues subordinate to the
15 payments required to be made from Gross Revenues into the Parity Bond Fund and the accounts
16 therein.

17 The Bonds shall not constitute general obligations of the City, the State or any political
18 subdivision of the State or a charge upon any general fund or upon any money or other property
19 of the City, the State or any political subdivision of the State not specifically pledged by this
20 ordinance.

21 **Section 13. Bond Covenants.**

22 (a) **Parity Bond Fund.** The Parity Bond Fund has been previously created for the
23 sole purpose of paying the principal of and interest on the Parity Bonds as the same shall become
24 due. The Bonds shall be payable (including principal, Sinking Fund Requirements, redemption
25 premium (if any), and interest) out of the Parity Bond Fund. So long as any Parity Bonds or
26 Parity Payment Agreements are outstanding, the Director of Finance shall set aside and pay into
27 the Parity Bond Fund on or prior to the respective dates on which such payments shall become
28

1 due and payable certain fixed amounts out of the Gross Revenues sufficient to make such
2 payments as the same shall become due. Money in the Parity Bond Fund shall, to the fullest
3 extent practicable and reasonable, be invested and reinvested at the direction of the Director of
4 Finance solely in, and obligations deposited in such accounts shall consist of, Permitted
5 Investments. Earnings on money and investments in the Parity Bond Fund shall be deposited in
6 and used for the purposes of that fund.

7 (b) **Reserve Fund.** The Reserve Fund has been previously created for the purpose of
8 securing the payment of the principal of and interest on all Parity Bonds and all amounts due
9 under any Parity Payment Agreements. Money held in the Reserve Fund shall, to the fullest
10 extent practicable and reasonable, be invested and reinvested at the direction of the Director of
11 Finance solely in, and obligations deposited in such accounts shall consist of, Permitted
12 Investments. Earnings on money and investments in the Reserve Fund shall be deposited in that
13 fund and credited against amounts required to be deposited therein until the Reserve Fund is
14 fully funded, and thereafter such earnings shall be deposited in the Parity Bond Fund.

15 (i) **Reserve Fund Requirement.** Each Bond Resolution shall establish the Reserve
16 Fund Requirement, if any, for all Bonds issued thereunder and the method for
17 providing for such Reserve Requirement.

18 (A) In the Parity Bond Legislation authorizing the issuance of any Future
19 Parity Bonds, the City shall provide for deposit into the Reserve Fund out
20 of the Gross Revenues (or out of any other legally available funds,
21 including proceeds of Parity Bonds) at one time on the Issue Date or in
22 periodic payments so that by five years from the date of such Future Parity
23 Bonds there will have been paid into the Reserve Fund an amount which,
24 together with the money already on deposit therein, will be at least equal
25 to the Reserve Fund Requirement for all Parity Bonds outstanding at the
26 end of that five-year period.

27 (B) Notwithstanding the foregoing, any Parity Bond Legislation may provide
28 for the City to obtain one or more Alternate Reserve Securities for specific
amounts required to be paid into the Reserve Fund. The amount available
to be drawn upon under each such Alternate Reserve Security shall be
credited against the amounts required to be maintained in the Reserve
Fund by paragraph (A) of this subsection.

1 (C) An Alternate Reserve Security may not be cancelable on less than five
2 years' notice. In the event of receipt of any notice of cancellation, the City
3 shall substitute an Alternate Reserve Security in the amount required
4 pursuant to paragraph (A) of this subsection, or in the alternative shall
5 create a special account in the Light Fund and deposit therein, on or before
6 the 25th day of each of the 60 succeeding calendar months, 1/60th of the
7 amount sufficient, together with other money and investments on deposit
8 in the Reserve Fund, to equal the Reserve Fund Requirement on the date
9 any such cancellation shall become effective. Such amounts shall be
10 transferred from money in the Light Fund (after making provision for
11 payment of operating and maintenance expenses and for the required
12 payments into the Parity Bond Fund). Amounts on deposit in such special
13 account shall not be available to pay debt service on Parity Bonds or for
14 any other purpose of the City, and shall be transferred to the Reserve Fund
15 on the effective date of any cancellation of the Alternate Reserve Security
16 to make up the deficiency caused thereby. Amounts in that special account
17 or in the Reserve Fund may be transferred back to the Light Fund and used
18 for any purpose if and when a substitute Alternate Reserve Security is
19 obtained.

20 (D) If the amount in the Reserve Fund is less than the Reserve Fund
21 Requirement (taking into account the five year period referred to in
22 paragraph (A) of this subsection), the City shall transfer to the Reserve
23 Fund money in an amount sufficient to restore the Reserve Fund to the
24 Reserve Fund Requirement within 12 months after the date of such
25 deficiency. The City shall transfer such amounts first from money in the
26 Light Fund (after making provision for payment of operating and
27 maintenance expenses and for the required payments into the Parity Bond
28 Fund) and only thereafter from money in any construction fund or account
established with respect to any issue of Parity Bonds, first taking money
from the unrestricted portion thereof, then taking money from the
restricted portion thereof. If the amount in the Reserve Fund is greater
than the Reserve Fund Requirement, then and only then may the City
withdraw such excess from the Reserve Fund and deposit such excess in
the Light Fund.

22 (ii) **Use of Reserve Fund for Refunding Bonds.** If any Parity Bonds are refunded,
23 the money set aside in the Reserve Fund to secure the payment of such Parity
24 Bonds may be used to retire such Parity Bonds or may be transferred to any
25 reserve fund or account which may be created to secure the payment of any bonds
26 issued to refund such Parity Bonds, as long as the money left remaining in the
27 Reserve Fund is at least equal, together with all Alternate Reserve Securities, to
28 the Reserve Fund Requirement.

(iii) **Use of Reserve Fund for Payment of Debt Service.** If the money in the Parity
Bond Fund is insufficient to meet maturing installments of either interest on or

1 principal of and interest on the Parity Bonds (including amounts payable under
2 any Parity Payment Agreements), such deficiency shall be made up from the
3 Reserve Fund by the withdrawal of money or proceeds of Alternate Reserve
4 Securities, as the case may be. Any deficiency created in the Reserve Fund by
5 reason of any such withdrawal or claim against an Alternate Reserve Security
6 shall then be made up out of the Net Revenues or out of any other legally
7 available funds of the City.

8 **(iv) Withdrawals From Reserve Fund.** Money in the Reserve Fund may be
9 withdrawn by the City for any lawful purpose as long as the aggregate of any
10 money and Alternate Reserve Securities left remaining on deposit in the Reserve
11 Fund is at least equal to the Reserve Fund Requirement for the Parity Bonds then
12 outstanding. The City reserves the right to substitute one or more Alternate
13 Reserve Securities for money previously deposited in the Reserve Fund and to
14 withdraw such excess to the extent described in the preceding sentence. Any
15 withdrawals from subaccounts within the Reserve Fund shall be made on a pro
16 rata basis, except when the terms of an Alternate Reserve Security require that all
17 cash and investments in the Reserve Fund to be withdrawn before any draw or
18 claim is made on the Alternate Reserve Security, or unless the City receives an
19 opinion of Bond Counsel to the effect that such pro rata withdrawal is not
20 required to maintain the federal tax benefits (if any) of any then outstanding
21 Parity Bonds issued as Tax-Exempt Bonds or Tax Credit Subsidy Bonds.

22 **(c) Sale or Disposition of the Light System.**

23 **(i)** The City may dispose of all or substantially all of the Light System if the City
24 simultaneously causes all of the Parity Bonds to be, or deemed to be, no longer
25 outstanding.

26 **(ii)** Except as provided below, the City will not dispose of any part of the Light
27 System in excess of 5% of the value of the net utility plant of the Light System in
28 service unless prior to such disposition:

(A) there has been filed with the Director of Finance a certificate of the
Professional Utility Consultant stating that such disposition will not impair
the ability of the City to comply with the rate covenant set forth in Section
13(d); or

(B) provision is made for the payment, redemption or other retirement of a
principal amount of Parity Bonds equal to the greater of the following
amounts: (1) an amount which will be in the same proportion to the net
principal amount of Parity Bonds then outstanding (defined as the total
principal amount of Parity Bonds then outstanding less the amount of cash
and investments in the Parity Bond Fund) that the Gross Revenues for the
12 preceding months attributable to the part of the Light System sold or

1 disposed of bears to the total Gross Revenues for such period; or (2) an
2 amount which will be in the same proportion to the net principal amount
3 of Parity Bonds then outstanding that the book value of the part of the
4 Light System sold or disposed of bears to the book value of the entire
5 Light System immediately prior to such sale or disposition.

6 (iii) The City may dispose of any portion of the Light System that has become
7 unserviceable, inadequate, obsolete, worn out or unfit to be used or no longer
8 necessary, material to or useful in the operation of the Light System.

9 (iv) If the ownership of all or part of the Light System is transferred from the City
10 through the operation of law, the City shall reconstruct or replace the transferred
11 portion using any proceeds of the transfer unless the City Council determines that
12 such reconstruction or replacement is not in the best interests of the City and the
13 Owners of the Parity Bonds, in which case any proceeds shall be used to retire
14 Parity Bonds prior to maturity.

15 (d) **Rates and Charges.** The City will establish from time to time and maintain such
16 rates for electric energy as will maintain the Light System in sound financial condition and
17 provide sufficient revenues to permit the payment of sums into the Parity Bond Fund, as herein
18 provided, to be applied to the payment of the principal of and interest on the Parity Bonds until
19 the Parity Bonds shall have been paid in full, and in addition, will pay all costs of operation and
20 maintenance, and all bonds, warrants and indebtedness for which any revenues of the Light
21 System shall have been pledged.

22 (e) **Maintenance and Operation of the Light System.** The City will operate the
23 properties of the Light System in an efficient manner and at a reasonable cost; and will maintain,
24 preserve and keep, or cause to be maintained, preserved and kept, the properties of the Light
25 System and every part and parcel thereof in good repair, working order and condition; and from
26 time to time will make or cause to be made all necessary and proper repairs, renewals and
27 replacements thereto so that at all times the business carried on in connection therewith will be
28 properly and advantageously conducted.

(f) **Books and Financial Statements.** The City will keep and maintain proper books
of account for the Light System in accordance with generally accepted accounting principles
applicable to governmental utilities; will generally adhere to the uniform system of accounts

1 prescribed by the State Auditor's Office and the Federal Energy Regulatory Commission (if
2 any); and will prepare, on or before 120 days after each calendar year, annual financial
3 statements showing reasonable detail, including a balance sheet, an income statement and a
4 statement of cash flows or other such statement. Copies of such financial statements shall be
5 placed on file in the office of the Director of Finance and shall be open to inspection at any
6 reasonable time by any owner of any Parity Bonds. A copy of such financial statements shall be
7 sent to any owner of Parity Bonds, upon request in writing setting forth the name and address to
8 which such financial statements may be sent.

9 (g) **Issuance of Future Parity Bonds.** Except as provided in Section 13(h) for the
10 issuance of Refunding Parity Bonds, Future Parity Bonds may be issued (and Parity Payment
11 Agreements may be entered into), from time to time in one or more series for any lawful purpose
12 of the City's Light Department, only if at the time of delivery of each series of Future Parity
13 Bonds to the initial purchasers thereof (or on the effective date of the Parity Payment
14 Agreement):

15 (i) There is no deficiency in the Parity Bond Fund or in any of the accounts therein
16 and provision has been made to meet the Reserve Fund Requirement for all Parity
17 Bonds then outstanding plus such proposed series of Parity Bonds; and

18 (ii) There shall have been filed with the City either:

19 (A) a certificate of the Director of Finance stating that Net Revenue in any 12
20 consecutive months out of the most recent 24 months preceding the
21 delivery of the proposed series of Parity Bonds (the "Base Period") was
22 not less than 125% of maximum Annual Debt Service in any future
23 calendar year on all Parity Bonds then outstanding and the proposed series
24 of Parity Bonds (except that if any adjustment in the rates, fees and
25 charges for the services of the Light System will be effective at any time
26 prior to or within six months after the delivery of the proposed Parity
27 Bonds, the Director of Finance shall reflect in his or her certificate the Net
28 Revenue he or she calculates would have been collected in the Base Period
if such new rates, fees and charges had been in effect for the entire Base
Period), or

(B) a certificate of the Professional Utility Consultant setting forth: (1) the
amount of the Adjusted Net Revenue computed as provided in paragraph

1 (iii) below; (2) the amount of maximum Annual Debt Service in any
2 calendar year thereafter on account of all Parity Bonds to be outstanding in
3 such calendar year, including the Parity Bonds proposed to be issued, and
4 stating that the amount shown in paragraph (B)(1) above is not less than
5 125% of the amount shown in this paragraph (B)(2).

6 (iii) For the purposes of the certificate required by paragraph (ii) above, Adjusted Net
7 Revenue shall be computed by the Professional Utility Consultant by adjusting
8 the Net Revenue for the Base Period by any or all of the following conditions and
9 requirements as may be appropriate to the circumstances:

10 (A) If the Parity Bonds are being issued for the purpose of acquiring operating
11 electric utility properties having an earnings record, the Professional
12 Utility Consultant shall estimate the effect on the Net Revenue for the
13 Base Period of the acquisition of such electric utility properties and the
14 integration thereof into the Light System, and shall adjust the Net Revenue
15 for the Base Period to give effect to such estimate. Any such estimate shall
16 be based upon the operating experience and records of the City and upon
17 any available financial statements and records relating to the earnings of
18 such electric utility properties to be acquired.

19 (B) If any changes have been adopted by the City Council and are in effect on
20 the date of sale of the Parity Bonds or are to go into effect not later than 12
21 months after such date, in any rates and charges imposed by the City on
22 sales of power and energy and other services furnished by the Light
23 System, which were not in effect during the entire Base Period, the
24 Professional Utility Consultant may, if such changes resulted in increases
25 in such rates and charges, and shall, if such changes resulted in reductions
26 in such rates and charges, adjust the Net Revenue for the Base Period to
27 reflect any change in such Net Revenue which would have occurred if the
28 changed rates and charges had been in effect during the entire Base
Period.

(C) If the purpose for which the Parity Bonds are being issued is to acquire or
construct generation or transmission facilities required to furnish or make
available to the Light System additional power and energy, or
transmission facilities required to enable the City to sell additional power
and energy, the Professional Utility Consultant may adjust the Net
Revenue for the Base Period by (1) deducting the amount of the estimated
increase in operating and maintenance expenses resulting from the
acquisition or construction of such facilities in their first year of full
operation, (2) adding any additional revenues to be derived from the sale
or transmission of such additional power and energy pursuant to executed
power sales contracts, and (3) adding an amount equal to the estimated
cost of the power and energy which would have been replaced or
displaced by such facilities had such additional power and energy in

1 excess of the power and energy to be sold pursuant to clause (2) above
2 been used in the Light System during the Base Period.

3 (D) If there were any customers added to the Light System during the Base
4 Period or thereafter and prior to the date of the Professional Utility
5 Consultant's certificate, the Net Revenue may be adjusted on the basis that
6 such added customers were customers of the Light System during the
7 entire Base Period.

8 (E) If extensions of or additions to the Light System (not described in
9 subparagraph (C) above) are in the process of construction on the date of
10 the Professional Utility Consultant's certificate, or if the proceeds of the
11 Parity Bonds being issued are to be used to acquire or construct extensions
12 of or additions to the Light System (not described in subparagraph (C)
13 above), the Net Revenue for the Base Period may be adjusted by adding
14 any additional revenues not included in the preceding paragraphs that will
15 be derived from such additions and extensions and deducting the estimated
16 increase in operating and maintenance expenses resulting from such
17 additions and extensions.

18 (F) The Net Revenue for the Base Period may be adjusted by excluding from
19 the determination of expenses of operation, maintenance and repair of the
20 Light System any extraordinary, nonrecurring expenses of the Light
21 System or any judgments or amounts to be paid in settlement of claims
22 against the Light System.

23 (iv) In rendering any certificate under this Section 13(g), the Professional Utility
24 Consultant may rely upon, and such certificate shall have attached thereto, (A)
25 financial statements of the Light System, certified by the Director of Finance,
26 showing income and expenses for the period upon which the same are based and a
27 balance sheet as of the end of such period, (B) similar certified statements by the
28 Division of Municipal Corporations of the Office of the State Auditor of the State
(or any successor thereto), or (C) similar certified statements by a Certified Public
Accountant for as much of such period as any examination by them has been
made and completed. If two or more of such statements are inconsistent with each
other, the Professional Utility Consultant shall rely on the statement described
under clause (A) in this Section 13(g)(iv).

(h) Issuance of Refunding Parity Bonds.

(i) Without complying with the provisions of Section 13(g), the City may at any time
and from time to time issue one or more series of Refunding Parity Bonds, but
only if there shall have been filed with the City a certificate of the Director of
Finance stating that Annual Debt Service immediately after the issuance of such
Refunding Parity Bonds (calculated by including debt service on the Refunding
Parity Bonds but excluding debt service on the bonds to be refunded with the
proceeds thereof) does not exceed the Annual Debt Service immediately prior to

1 the issuance of the Refunding Parity Bonds (calculated by including debt service
2 on the bonds to be refunded but excluding debt service on the Refunding Parity
3 Bonds) by more than \$5,000 in any calendar year that any then-outstanding Parity
4 Bonds are anticipated to be outstanding.

5 (ii) Parity Bonds of any one or more series or one or more maturities within a series
6 may be refunded by a single series of Refunding Parity Bonds, which Refundable
7 Bonds shall be specified in the Parity Bond Legislation providing for the issuance
8 of the Refunding Parity Bonds, and the principal amount of such Refunding Parity
9 Bonds may include amounts necessary to pay the principal of the Parity Bonds to
10 be refunded, interest thereon to the date of payment or redemption thereof, any
11 premium payable thereon upon such payment or redemption and the costs of
12 issuance of such Refunding Parity Bonds. The proceeds of the Refunding Parity
13 Bonds shall be held and applied in such manner as is provided in the Parity Bond
14 Legislation providing for the issuance of such Refunding Parity Bonds, so that
15 upon the delivery of such Refunding Parity Bonds the Parity Bonds to be
16 refunded thereby shall be deemed to be no longer outstanding in accordance with
17 the provisions of the Parity Bond Legislation providing for the issuance of those
18 bonds.

19 (iii) Refunding Parity Bonds may also be issued upon compliance with the provisions
20 of Section 13(g).

21 (iv) Nothing contained in this ordinance shall prohibit or prevent, or be deemed or
22 construed to prohibit or prevent, the City from issuing Refunding Parity Bonds to
23 fund or refund maturing Parity Bonds of the City for the payment of which money
24 is not otherwise available.

25 **Section 14. Provisions Relating to Certain Federal Tax Consequences of the**
26 **Bonds.**

27 (a) **Tax-Exempt Bonds.** The City covenants that it will take all actions consistent with
28 the terms of any Series issued as Tax-Exempt Bonds, this ordinance and the Bond Resolution,
reasonably within its power and necessary to prevent interest on that Series from being included
in gross income for federal income tax purposes, and the City will neither take any action nor
make or permit any use of proceeds of such Series or other funds of the City treated as proceeds
of the Series at any time during the term of the Series which will cause interest on the Series to
be included in gross income for federal income tax purposes. The City also covenants that it will,
to the extent the arbitrage rebate requirement of Section 148 of the Code is applicable to any
Series issued as Tax-Exempt Bonds, take all actions necessary to comply (or to be treated as

1 having complied) with that requirement in connection with that Series, including the calculation
2 and payment of any penalties that the City has elected to pay as an alternative to calculating
3 rebatable arbitrage, and the payment of any other penalties if required under Section 148 of the
4 Code to prevent interest on such Series from being included in gross income for federal income
5 tax purposes.

6 **(b) Tax-Credit Subsidy Bonds or other Taxable Bonds.** The Director of Finance may,
7 without further action by the City Council, make provision in the Bonds or other written
8 document for such additional covenants of the City as may be necessary or appropriate in order
9 for the City to receive from the United States Treasury the applicable Tax Credit Subsidy
10 Payments in respect of any Series of the Bonds issued as Tax Credit Subsidy Bonds or otherwise
11 become and remain eligible for tax benefits under the Code.

12 **Section 15. Refunding or Defeasance of Bonds.** The Bonds are hereby designated
13 “Refundable Bonds” for purposes of Ordinance 121941, as amended by Ordinance 122838, and
14 amended and restated by Ordinance 124335, (as it may be amended from time to time). The City
15 may issue refunding bonds pursuant to the laws of the State or use money available from any
16 other lawful source to pay when due the principal of and premium, if any, and interest on any
17 Bond, or any portion thereof, included in a refunding or defeasance plan, and to redeem and
18 retire, release, refund or defease those Bonds (the “Defeased Bonds”) and to pay the costs of
19 such refunding or defeasance. If money and/or Government Obligations maturing at a time or
20 times and in an amount sufficient, together with known earned income from the investments
21 thereof, to redeem and retire, release, refund or defease the Defeased Bonds in accordance with
22 their terms, are set aside in a special trust fund or escrow account irrevocably pledged to such
23 redemption, retirement or defeasance (the “Trust Account”), then all right and interest of the
24 Owners of the Defeased Bonds in the covenants of this ordinance and in the Gross Revenue and
25 the funds and accounts pledged to the payment of such Defeased Bonds, other than the right to
26 receive the funds so set aside and pledged, thereafter shall cease and become void. Such Owners
27 thereafter shall have the right to receive payment of the principal of and interest or redemption
28

1 price on the Defeased Bonds from the Trust Account. Unless otherwise specified in the Bond
2 Resolution, notice of refunding or defeasance shall be given, and selection of Bonds for any
3 partial refunding or defeasance shall be conducted, in the manner set forth in this ordinance for
4 the redemption of Bonds. After establishing and fully funding of such a Trust Account, the
5 Defeased Bonds shall be deemed no longer outstanding and the City may apply any money in
6 any other fund or account established for the payment or redemption of the Defeased Bonds to
7 any lawful purposes, subject only to the rights of the Owners of any other Parity Bonds.

8 **Section 16. Amendments.**

9 **(a) Amendments Without Bond Owners' Consent.** The City Council from time to
10 time and at any time may pass supplemental resolutions or ordinances, which shall become a part
11 of this ordinance, for any one or more of the following purposes:

- 12 (i) To add other covenants and agreements that do not adversely affect the interests
13 of the owners of any Parity Bonds then outstanding, or to surrender any right or
14 power reserved to or conferred upon the City.
15 (ii) To cure any ambiguities or to cure, correct or supplement any defective provision
16 contained in this ordinance in regard to matters or questions arising under this
17 ordinance as the City Council may deem necessary or desirable and not
18 inconsistent with this ordinance and which do not materially adversely affect the
19 interests of owners of any Parity Bonds then outstanding.
20 (iii) To make such changes as are necessary to permit the Bonds to be held in
21 registered certificate form or in fully immobilized form by a Securities
22 Depository.

23 Any such supplemental resolution or ordinance may be passed without the consent of the
24 registered owners of the Parity Bonds at the time outstanding, notwithstanding any of the
25 provisions of subsection (b) of this section, but only upon receipt by the City of an opinion of
26 Bond Counsel to the effect that the amendment is permitted by the terms of this ordinance. The
27 City shall deliver a copy of any such supplemental resolution or ordinance to each Rating
28 Agency prior to its passage by the City.

(b) Amendments With Bond Owners' Consent. The City Council may, with the
consent of the registered owners representing not less than 60% in aggregate principal amount of

1 the Parity Bonds then outstanding, pass supplemental resolutions or ordinances to add to, change,
2 or eliminate any provision of this ordinance or of any supplemental resolution or ordinance,
3 except no such supplemental resolution or ordinance may:

- 4 (i) Extend the fixed maturity of any Parity Bond, reduce the rate of interest on any
5 Parity Bond, extend the times of payment of interest from their respective due
6 dates, reduce the principal amount of any Parity Bond, or reduce any redemption
7 premium, without consent from the registered owners of or on behalf of all Parity
8 Bonds so affected; or
9 (ii) Reduce the percentage of ownership required to approve any such supplemental
10 resolution or ordinance without the consent from the registered owners of or on
11 behalf of all of the Parity Bonds then outstanding.

12 For purposes of determining whether consents representing requisite percentage of
13 principal amount of Parity Bonds have been obtained, the Accreted Value of Capital
14 Appreciation Bonds shall be deemed to be the principal amount. It shall not be necessary to
15 obtain approval of the particular form of any proposed supplemental resolution or ordinance, but
16 it shall be sufficient if the consent shall approve the substance thereof.

17 (c) **Effect of Amendment.** Upon the passage of any supplemental resolution or
18 ordinance pursuant to the provisions of this section, this ordinance shall be deemed to be
19 modified and amended in accordance therewith, and the respective rights, duties and obligations
20 of the City under this ordinance shall thereafter be determined, exercised and enforced, subject in
21 all respects to such modification and amendments, and all the terms and conditions of any such
22 supplemental resolution or ordinance shall be deemed to be a part of the terms and conditions of
23 this ordinance for any and all purposes.

24 (d) **Notation on Bonds.** Parity Bonds executed and delivered after the execution of
25 any supplemental resolution or ordinance passed pursuant to the provisions of this section may
26 have a notation as to any matter provided for in such supplemental resolution or ordinance, and if
27 such supplemental resolution or ordinance shall so provide, new bonds modified to conform, in
28 the opinion of the City Council, to any modification of this ordinance contained in any such
supplemental resolution or ordinance may be prepared by the City and delivered without cost to

1 the owners of any affected Parity Bonds then outstanding, upon surrender for cancellation of
2 such bonds in equal aggregate principal amounts.

3 **Section 17. Rate Stabilization Account.** The City may at any time deposit in the
4 Rate Stabilization Account, Gross Revenue and any other money received by the Light System
5 and available to be used therefor. Thereafter, the City may withdraw any or all of the money
6 from the Rate Stabilization Account for inclusion in the Net Revenue for any applicable year of
7 the City. Such deposits or withdrawals may be made up to and including the date 90 days after
8 the end of the applicable year for which the deposit or withdrawal will be included as Net
9 Revenue.

10 **Section 18. Official Statement; Continuing Disclosure.**

11 **(a) Preliminary Official Statement.** The Director of Finance and other appropriate
12 City officials are directed to cause the preparation of and review the form of a preliminary
13 official statement in connection with each sale of one or more Series of the Bonds to the public.
14 For the sole purpose of the Purchaser's compliance with paragraph (b)(1) of Rule 15c2-12, the
15 Director of Finance is authorized to deem that preliminary official statement final as of its date,
16 except for the omission of information permitted to be omitted by Rule 15c2-12. The City
17 approves the distribution to potential purchasers of the Bonds of a preliminary official statement
18 that has been deemed final in accordance with this substitution.

19 **(b) Final Official Statement.** The City approves the preparation of a final official
20 statement for each sale of one or more Series of the Bonds to be sold to the public in the form of
21 the preliminary official statement with such modifications and amendments as the Director of
22 Finance deems necessary or desirable, and further authorizes the Director of Finance to execute
23 and deliver such final official statement to the Purchaser. The City authorizes and approves the
24 distribution by the Purchaser of that final official statement to purchasers and potential
25 purchasers of the Bonds.

26 **(c) Undertaking to Provide Continuing Disclosure.** To meet the requirements of
27 paragraph (b)(5) of Rule 15c2-12, as applicable to a participating underwriter for a Series of the
28

1 Bonds, the Director of Finance is authorized to execute a written Undertaking in substantially the
2 form attached as Exhibit B.

3 **Section 19. General Authorization.**

4 In addition to the specific authorizations in this ordinance, the Mayor and the Director of
5 Finance and each of the other appropriate officers of the City are each authorized and directed to
6 do everything as in his or her judgment may be necessary, appropriate, or desirable in order to
7 carry out the terms and provisions of, and complete the transactions contemplated by, this
8 ordinance. In particular and without limiting the foregoing:

9 (a) the Director of Finance may, in his or her discretion and without further action by the
10 City Council: (i) issue requests for proposals for underwriting or financing facilities and execute
11 engagement letters with underwriters, bond insurers or other financial institutions based on
12 responses to such requests; (ii) change the Bond Registrar or Securities Depository for the
13 Bonds; and (iii) take such actions on behalf of the City as are necessary or appropriate for the
14 City to designate, qualify or maintain the tax-exempt treatment with respect to any Series issued
15 as Tax-Exempt Bonds, to receive from the United States Treasury the applicable federal credit
16 payments in respect of any Series issued as Tax-Credit Subsidy Bonds and to otherwise receive
17 any other federal tax benefits relating to the Bonds that are available to the City; and

18 (b) each of the Mayor and the Director of Finance is separately authorized to execute and
19 deliver (i) any and all contracts or other documents as are consistent with this ordinance and for
20 which the City's approval is necessary or to which the City is a party (including but not limited
21 to agreements with escrow agents, refunding trustees, liquidity or credit support providers, bond
22 insurers, remarketing agents, underwriters, lenders, fiscal agents, counterparties to Payment
23 Agreements, custodians, and the Bond Registrar); and (ii) such other contracts or documents
24 incidental to the issuance and sale of a Series of the Bonds; the establishment of the initial
25 interest rate or rates on a Bond; or the tender, purchase, remarketing, or redemption of a Bond, as
26 may in his or her judgment be necessary or appropriate.

1 **Section 20. Severability.** The provisions of this ordinance are declared to be separate
2 and severable. If a court of competent jurisdiction, all appeals having been exhausted or all
3 appeal periods having run, finds any provision of this ordinance to be invalid or unenforceable as
4 to any person or circumstance, such offending provision shall, if feasible, be deemed to be
5 modified to be within the limits of enforceability or validity. However, if the offending provision
6 cannot be so modified, it shall be null and void with respect to the particular person or
7 circumstance, and all other provisions of this ordinance in all other respects, and the offending
8 provision with respect to all other persons and all other circumstances, shall remain valid and
9 enforceable.

10 **Section 21. Ratification of Prior Acts.** Any action taken after passage of this
11 ordinance but prior to its effective date that is consistent with the authority of this ordinance, is
12 ratified, approved and confirmed.

13 **Section 22. Headings.** Section headings in this ordinance are used for convenience
14 only and shall not constitute a substantive portion of this ordinance.

Legislation Title:

AN ORDINANCE relating to the electric system of The City of Seattle; authorizing the issuance and sale of municipal light and power revenue bonds for the purposes of providing funds for certain additions and betterments to and extensions of the existing municipal light and power plant and system of the City, paying the costs of issuance of those bonds and providing for the reserve fund requirement; providing for the terms, conditions, covenants and manner of sale of those bonds; describing the lien of those bonds; and ratifying and confirming certain prior acts.

Summary and background of the Legislation:

This legislation provides the legal authorization to issue up to \$278 million of bonds for Seattle City Light's System to fund a portion of capital expenditures outlined in the Proposed 2015-2020 Capital Improvement Program (CIP).

Although the Budget, CIP, and adopted rates make specific assumptions about the use of debt financing for a certain share of the CIP, separate authorization for the issuance of bonds is technically required.

A Seattle City Light bond sale for approximately \$100 million of variable rate debt is anticipated to occur in June 2015. This variable rate debt is expected to provide cost savings while hedging against the variable interest earned on City Light's cash balances. A separate fixed rate issue of approximately \$178 million is expected to follow within two months of the variable rate issue. The bond proceeds, combined with internally generated funds, will support the Seattle City Light's capital program for about 9 months.

The bond sizing is based on the proposed budget and rates, planned cash flow, and cash contribution targets. The bond proceeds will also be used to make a deposit to the construction fund to meet a required debt service reserve requirement, and to pay issuance costs.

Both proposed issues are for a maximum maturity of 30 years. For the variable rate issue, monthly interest payments will commence one month after issue; the amount of interest paid will vary with market interest rates. City Light is assuming a conservative 2.5% interest for the near term and annual debt service in 2016 is estimated to be about \$4.8 million. The fixed rate debt issue is expected to have a flat annual debt service payment of around \$11.6 million, starting in

2016. SCL's proposed 4.2% rate increase for 2015 incorporates the debt service costs resulting from this bond issue.

Major projects supported by the bond issue include generator rebuilds, existing network upgrades, relocating electrical service to accommodate transportation projects, advanced metering infrastructure, and construction of the new Denny substation. For further information about SCL's capital projects, please see the Proposed 2015-2020 CIP.

Please check any of the following that apply:

This legislation creates, funds, or anticipates a new CIP Project.

This legislation does not have any financial implications.

This legislation has financial implications.

Other Implications:

a) **Does the legislation have indirect financial implications, or long-term implications?**

Seattle City Light will be obligated to pay debt service on these bonds through their term.

b) **What is the financial cost of not implementing the legislation?**

Financing the utility's CIP completely from cash would require massive cuts in capital and/or operating programs or massive rate increases. Since the capital improvements financed with this debt have a long useful life and interest rates are currently low, it is more practical to spread the costs of these improvements over current and future beneficiaries by issuing bonds.

c) **Does this legislation affect any departments besides the originating department?**

This legislation affects FAS, which will coordinate the issuance of bonds.

What are the possible alternatives to the legislation that could achieve the same or similar objectives?

There are no viable alternatives aside from financing the SCL System's CIP completely from cash. As noted above, this would require massive cuts in capital and/or operating programs or massive rate increases or some combination of both.

d) **Is a public hearing required for this legislation?**

No

- e) **Is publication of notice with *The Daily Journal of Commerce* and/or *The Seattle Times* required for this legislation?**

No

- f) **Does this legislation affect a piece of property?**

No

- g) **Other Issues:**

None

Dear Council President Burgess:

I am pleased to transmit the attached proposed Council Bill, which will authorize the issuance of up to \$278 million of Municipal Light and Power Revenue Bonds as assumed in the 2015 Proposed Budget and Proposed 2015-2020 Capital Improvement Program (CIP). Together with cash from operations, grants, and third party contributions, the bond proceeds related to this Bill will support the City's capital program and pay costs associated with the bond issuance.

Projects funded by SCL's revenue bonds include generator rebuilds to maintain output and reliability, security improvements, existing network upgrades, and relocating electrical service to accommodate transportation projects. Additionally, proceeds from these bonds will be used to support the utility's conservation program.

Thank you for your consideration of this legislation. Should you have questions, please contact Michael Van Dyck in the Department of Finance and Administrative Services (FAS) at 684-8347.

Sincerely,

Edward B. Murray

FORM OF SUPPLEMENTAL OPINION OF BOND COUNSEL

[Closing Date]

The City of Seattle, Washington

Re: The City of Seattle, Washington
Municipal Light and Power Improvement Revenue Bonds, 2015 (Variable Rate)

At the request of The City of Seattle, Washington (the “City”), we have served as bond counsel to the City in connection with the issuance of the above-referenced bonds (the “Bonds”). The Bonds are issued pursuant to the laws of the State of Washington and Ordinance 124633 and Resolution _____ of the City (collectively, the “Bond Legislation”). The Bonds are being issued to (i) finance certain capital improvements to the Light System, (ii) fund a portion of the reserve requirement, and (iii) pay the costs of issuance of the Bonds, all as set forth in the Bond Legislation. All capitalized terms used and not defined herein have the respective meanings given in the Bond Legislation.

We have examined such law and certified proceedings relating to the issuance of the Bonds, and other documents as we have deemed necessary to render this opinion.

It is our opinion that:

1. The City is a duly organized and existing first class city under the laws of the State of Washington, and has full legal right, power and authority to acquire, construct, operate, maintain, improve and finance the City’s Light System.

2. The City has full legal right, power and authority to (a) pass the Bond Legislation, (b) issue, sell and deliver the Bonds, (c) execute and deliver the Bond Purchase Agreement, the Credit Facility and the Remarketing Agreement (collectively, the “City Documents”), (d) execute and deliver the Official Statement dated _____, relating to the Bonds (the “Official Statement”), and (e) perform its obligations under and carry out the transactions to be carried out by the City pursuant to the Bond Legislation, the Bonds and the City Documents.

3. By official action of the City, the City has duly authorized and approved (a) the passage of the Bond Legislation, (b) the performance by the City of its obligations contained in the Bonds, the Bond Legislation and the City Documents, and (c) the execution and delivery of the Bonds, the City Documents and the Official Statement in connection with the sale of the Bonds. The Bond Legislation and each of the City Documents is in full force and effect, and

each of the Bond Legislation and the City Documents is valid and binding upon the City and is enforceable against the City in accordance with its terms, except only to the extent that enforcement may be limited by bankruptcy, insolvency or other laws affecting creditors' rights and principles of equity if equitable remedies are sought.

4. No recording of the Bond Legislation or any financing statement or other instrument with respect thereto is necessary to create, protect or preserve the rights created thereunder or is required for the validity and enforceability thereof.

5. To the best of our knowledge, the adoption by the City of the Bond Legislation, the execution and delivery by the City of the Bonds and the City Documents, and the compliance by the City with its obligations under the Bond Legislation, the Bonds and the City Documents, will not as of this date conflict with any existing law or constitute a material breach of or default under any previously enacted bond authorizing legislation of the City.

6. The Bonds are not subject to the registration requirements of the Securities Act of 1933, as amended, and the Bond Legislation is exempt from qualification pursuant to the Trust Indenture Act of 1939, as amended.

7. The statements contained in the Official Statement (i) under the captions "DESCRIPTION OF THE BONDS," "USE OF PROCEEDS," "SECURITY FOR THE BONDS," "INITIATIVE AND REFERENDUM," "LEGAL AND TAX INFORMATION – 'Tax Exemption,' 'Certain Other Federal Tax Consequences,' and 'Continuing Disclosure Undertaking'" and (ii) in Appendix B, "Form of Bond Counsel Opinion," and in those portions of Appendix E, "Book-Entry Transfer System" provided by the City are true and accurate and, insofar as such statements purport to summarize certain provisions of the Bonds, the Bond Legislation, the City Documents, state law, federal securities law and federal tax law, correctly summarize such provisions.

8.
