Seattle Youth Commission

To be filled out by student

The **Seattle Youth Commission** is a group of youth who advise the City Council and promote youth voice. This year we hope to increase student voice at Nathan Hale and across Seattle Public Schools. After talking with students and teachers, we have decided that student feedback forms would be an ideal way to do this. We would love your help in generating ideas for the questions on student feedback forms.

The mentorship that returns the most completed surveys will receive a **pizza party**, and the five individuals who come up with the most questions, all of which are thoughtful and complete, will receive a **$20 prize.**

Thank you for your participation.

Please write questions you think should be on the feedback forms that the Seattle Youth Commission is creating. They can be Yes/No, or rating questions. The purpose of the feedback forms is to give feedback to teachers.

Example question ideas:

- My teacher pushes me to do my best work [rating question, all the time, some of the time, seldom, never]
- Everybody knows what they should be doing and learning in class [Yes/No]
- I enjoy being in this class, [rating question one to ten, ten being you always enjoy it and one being you never enjoy it]

Write your question ideas below and on the back of this paper
